Serving Clare, Gladwin, Gratiot, Isabella, Montcalm, & Southern Roscommon Counties

Morning Star Publishing Company powered by digitalfirst

HEARING IS MORE ESSENTIAL NOW THAN EVER

That's why we want to give you a chance to test our latest technology, The Miracle-Ear® Genius for FREE!*

Here's the catch: You must have difficulty hearing and understanding in background noise, and your hearing must fall in the range of the hearing aid. People that are selected will evaluate Miracle-Ear's latest advanced digital hearing solution – the Miracle-Ear Genius. You will be able to walk into our office and walk out knowing how much help there is for you.**

Candidates will be asked to evaluate our instruments for 30 days (risk free*). At the end of the 30 days, if you are satisfied with the improvement in your hearing and wish to keep the instruments, you may do so at tremendous savings. But this is only for a limited time! You must schedule your appointment by **May 28, 2021. Don't wait!**

MIRACLE-EAR HEARING AID CENTER IS NOW OFFERING HEARING AIDS AT NO COST TO FEDERAL WORKERS AND RETIREES

That's Right! No Co-Pay! No Exam Fee! No Adjustment Fee!

BCBS federal insurance pays the total cost of 2 Miracle-Ear MINI Solution 1 Hearing Aids. Most federal government employees and retirees are eligible. See store for details & accurate coverage.

WE ARE HERE FOR YOU

Come in today and let us help you start your hearing journey.

There's money buried in your backyard. And you don't need a shovel to find it.

Learn how home equity can help you fund a better retirement.

It's a well-known fact that for many older Americans, the home is their single biggest asset, often accounting for more than 45% of their total net worth. *And with interest rates still near all-time lows while home values remain high, this combination creates the perfect dynamic for getting the most out of your built-up equity.*

But, many aren't taking advantage of this unprecedented period. According to new statistics from the mortgage industry, senior homeowners in the U.S. are now sitting on more than 8.05 trillion dollars* of unused home equity.

Not only are people living longer than ever before, but there is also greater uncertainty in the economy. With home prices back up again, ignoring this "hidden wealth" may prove to be short sighted when looking for the best long-term outcome.

All things considered, it's not surprising that more than a million homeowners have already used a government-insured Home Equity Conversion Mortgage (HECM) loan to

For example, a lot of people mistakenly believe the home must be paid off in full in order to qualify for a HECM loan, which is not the case. In fact, one key advantage of a HECM is that the proceeds will first be used to pay off any existing liens on the property, which frees up cash flow, a huge blessing for seniors living on a fixed income. Unfortunately, many senior homeowners who might be better off with a HECM loan don't even bother to get more information because of rumors they've heard.

In fact, a recent survey by American Advisors Group (AAG), the nation's number one HECM lender, found that over 98% of their clients are satisfied with their loans. While these special loans are not for everyone, they can be a real lifesaver for senior homeowners - especially in times like these.

The cash from a HECM loan can be used for almost any purpose. Other common uses include making home improvements, paying off medical bills or helping other family members. Some people simply need the extra cash for

turn their home equity into extra cash for retirement.

It's a fact: no monthly mortgage payments are required with a government-insured HECM loan; however the borrowers are still responsible for paying for the maintenance of their home, property taxes, homeowner's insurance and, if required, their HOA fees.

Today, HECM loans are simply an effective way for homeowners 62 and older to get the extra cash they need to enjoy retirement.

Although today's HECM loans have been improved to provide even greater financial protection for homeowners, there are still many misconceptions.

everyday expenses while others are now using it as a safety net for financial emergencies.

If you're a homeowner age 62 or older, you owe it to yourself to learn more so that you can make the best decision - for your financial future.

We're here and ready to help. Homeowners who are interested in learning more can request a FREE Reverse Mortgage Information Kit and DVD by calling toll-free at

Our new Reverse Mortgage information guides & DVD are now available featuring award-winning actor and paid AAG spokesman, Tom Selleck.

U.S.A.'s #1 Reverse Mortgage Company

As Featured on: ABC, CBS, CNN & Fox News

*<https://finance.yahoo.com/news/senior-housing-wealth-exceeds-record-154300624.html>

Reverse mortgage loan terms include occupying the home as your primary residence, maintaining the home, paying property taxes and homeowners insurance. Although these costs may be substantial, AAG does not establish an escrow account for these payments. However, a set-aside account can be set up for taxes and insurance, and in some cases may be required. Not all interest on a reverse mortgage is tax-deductible and to the extent that it is, such deduction is not available until the loan is partially or fully repaid.

AAG charges an origination fee, mortgage insurance premium (where required by HUD), closing costs and servicing fees, rolled into the balance of the loan. AAG charges interest on the balance, which grows over time. When the last borrower or eligible non-borrowing spouse dies, sells the home, permanently moves out, or fails to comply with the loan terms, the loan becomes due and payable (and the property may become subject to foreclosure). When this happens, some or all of the equity in the property no longer belongs to the borrowers, who may need to sell the home or otherwise repay the loan balance. V2020.12.22

COMPLEX SPINE SURGERY MADE SIMPLE

- Quicker Recovery
- Minimally Invasive
- 24 Hour Hospital Stay
- Innovative Technology

Timothy E. Spencer, D.O.

- Board Certified Neurosurgeon
- Doctor of Osteopathic Medicine, Kirksville College of Osteopathic Medicine, MO
- Fellowship in Neurovascular/Skull Base Surgery Neurosurgical Foundation, IL
- Chief of Neurosurgery, Brooke Army Medical Center, TX
- Neurological Surgery Residency, Ohio University

Why Dr. Spencer?

- Specializes and Focused on Minimally Invasive Spine Surgery
- Patients return to normal activities faster
- 99% of MIS patients only stay in the hospital for 24 hours or less
- Patients can be seen quickly
- Accepts most insurance plans
- Only surgeon in the area performing mostly MIS surgeries
- Comprehensive approach to treating spinal pathology
- Large town treatment with a hometown feel

Services Offered:

General Neurosurgical Care: Complex Spinal Surgery, Malformations, Tumors, Dislocations, Fractures, Degenerative Conditions, etc.

A comprehensive approach to surgical treatment - from minimally to maximally invasive.

Regenerative Medicine

The guiding philosophy is to always reserve invasive procedures as a last resort, but when they become necessary, to apply the procedure that is most suited for that patient's specific problem in order to enhance outcome.
