Angel Days

"Write it on your heart that every day is the best day of the year." - Ralph Waldo Emerson Each and everyone of us has angels watching over us as part of God's plan for our lives. A person once said to me, "I think my angel has quit." I reassured them by saying, "Not possible. They don't work for you." Rev. Jayne Howard Feldman, Angel Book author, Angel reader, creator of Be An Angel Day, celebrated on Aug. 22 every year for over the past 20 years says, "Be a Blessing to Someone. Do a small act of service." This is her motto for Be An Angel Day. On the first weekend in Aug., Sat., Aug. 1 and Sun., Aug. 2, at the Leesport Farmers Market Banquet Hall (it is air conditioned), Leesport, PA, we will celebrate the 7th Annual Angel Days Spiritual Holistic Faire from 10 am to 5 pm both days. Public is welcome! Admission is \$6.00 (\$5.00 if you donate cat and/or dog food). Angel Days has many vendors who have dedicated their lives to helping others to get involved, enjoy life, be more peaceful, and release stress to be the best and brightest star we can be. Our keynote speaker Mark R. Reinhart, owner of Three Pure Rivers Studio for the Arts, in

Drums, PA, teaches that Qigong, Chinese Medicine is to help us process our emotions to be open our personal lines of communication with the Angels and Higher Vibrational Energies. Mark works with addiction and addictive disorder via his program. Three Rivers/12 Steps: Qigong for Recovery which combines Chinese medical movement and spiritual principles of the 12 Step Program. He is keynote speaking Sat. and Sun. from 1 pm to 2 pm. He will have a booth to provide Chinese Astrology Assessment readings for a fee. All lectures are on current holistic topics all weekend and they are free. Mark Reinhart's lecture compliments local returning Chinese Medicine Acupuncturist, Veronica Cavella Pedersen, L.Ac. who will be providing acupuncture treatments with sound healing of Native American flute and digeredo music by Dave Antonio. The lecture by Veronica Cavella Pedersen on "Autism treatment using Chinese medicine" is on Sat. and Sun. 2 pm - 3 pm. As part of the lecture series Willow Earth local Native American Seer will present a Mediumship Demonstration on Sat. & Sun. 12 noon - 1 pm.

There will be approximately 50 wonderful angel vendors such as angel artists, musicians, readers, flower essences, medicinal arts, pain relief products, Native American art, crystals, jewelry, astrology, emotion code healing, aura photography, custom blended herbal supplements, nutritional consultant, foot reflexology, massage and beautiful clothes and nutritious food provided by UNITY Center for Spiritual Growth and Positive Living as well as angel gifts, books, cards and Vedic Palm Readings. One special "do a large act of service" to brighten the veterans lives at the Coatesville Veterans' Hospital at the holidays is a booth led by Connie Szilli and family with angel crafts for purchase. They are collecting new and used clothing for women and men veterans as well. "To love beauty is to see the light." - Victor Hugo. Join us for Angel Days Spiritual Holistic Faire. Shine Your Beautiful Light. I•M•A•G•I•N•E. Be peaceful. Let's enjoy our Best Angel Days yet! Vendor booths still available. Ask the Acupuncturist: 18-Memory Loss

Veronica Cavella Pedersen, L.Ac.

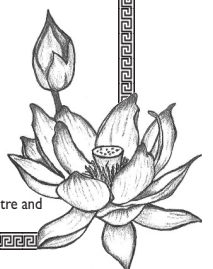

Q: I seem to be getting more and more forgetful as I get older. Sometimes I walk into another room and then forget what I went in there for. Otherwise I am in pretty good health, but my biggest fear is Alzheimer's Disease. Can Acupuncture help with my memory?
A.: Many of my Senior patients share your concern about memory loss. What I tell them is that there is a vast difference between simple forgetfulness and Alzheimer's, the most common form of dementia. This is backed up by a recent Mayo Clinic study led by Dr. Clifford Jack who explains, "... our findings suggest that memory actually declines in almost everybody, and well before there is any amyloid deposition in the brain, (currently believed to be the hallmark of Alzheimer's Disease)". He goes on to say, "The memory decline that people often experience as they get

older is usually not an indicator of underlying Alzheimer's pathology," he said. "So it in no way means you're inevitably going to become demented." A certain gene has been discovered which predisposes some to Alzheimer's, but not all who carry this gene are affected. What "turns on" the gene is not totally within the person's control, but the lifestyle choices we make can reduce our risk of cognitive decline. This is also true for vascular dementia

sometimes resulting from high blood pressure, which can be managed, and ministrokes which may cut off blood supply to the brain killing brain cells. Your Acupuncturist will discuss what may be the causes of your memory loss ranging from head injury, chronic disease, medications, to simple stress, and will develop a personalized treatment plan for you. For instance, it is well known that stress can be involved in forgetfulness and Acupuncture is

WHEN TO ELECT SOCIAL SECURITY MAY BE THE SINGLE MOST IMPORTANT DECISION OF YOUR RETIREMENT

The difference between the best and worst possible outcome is often over \$100,000. Most people think you can do a simple break-even analysis using one of many free break-even calculators available to determine whether to elect Social Security early or wait.

However, virtually all of the simple break-even calculators in use today ignore the spousal and survivor benefits available to married couples. There has never been a tool that could offer a thorough analysis to show married couples when to elect their Social Security benefit and whether to use creative election strategies to maximize their income stream - until now.

Using software analysis, we examine hundreds of possible combinations, including 81 possible age combinations across nine possible election strategies, and find the one option that offers the highest expected lifetime benefit.

very effective in bringing about relaxation. In addition, your Acupuncturist can suggest other stress reducing measures such as qigong breathing, meditation, walking outdoors, or other exercise, and help you chose some activities that appeal to you and that you will stick with. New research reports that those who practice Tai Chi, which Acupuncturists learn as part of our training, have a 40% lower risk of Alzheimer's, a very significant benefit. Researchers at Harvard Medical School found that mindfulness meditation resulted in increased gray matter density in the hippocampus, an area of the brain associated with increased memory and learning capacity. Aerobic activity too has been shown to increase brain volume while at the same time improving general health.

It has been found that people who are prone to depression have higher rates of Alzheimer's disease, and this is another area where Acupuncture can help. Often poor sleep accompanies depression and anxiety, so insomnia would also be addressed in your treatment. Your Acupuncturist will provide treatments targeted at the specific causes of your memory problem using time-tested needling protocols and perhaps Chinese herbal formulas. She will advise you on how to maintain a brain-healthy lifestyle including an appropriate weight. Carrying excess weight during middle age raises the risk of dementia down the road—by as much as double for people who are overweight, and quadruple for those who are obese. It is never too late, or too soon, to include Acupuncture in your plan for good health in body and mind. Don't forget! HOLY BIBLE--- THE WORD OF TRUTH

Down through the ages of time there have been people who tried to destroy this precious Book. All the efforts of mankind will never accomplish this goal. Why? Because they are dealing with an Almighty God who will not allow this to happen. They are able to change its contents, burn it, mock it, say there is no God, and try anything else to destroy it, but their efforts will be fruitless. Its written Word still contains the authority that it always has. It condemns any person who trifles with its contents. "For the word of God is quick, and powerful, and sharper than any two-edged sword--and is a discerner of the thoughts and intents of the heart" (Hebrews 4:12). People who are not willing to repent, confess and forsake their sin, do not appreciate that the truth is a discerner of the thoughts and intents of the heart. They do not experience the peace of mind that those do who have their sins forgiven by the cleansing power of the blood of Jesus Christ. Blessed is the person who allows the Word of Truth to control their life.

READER'S Recipe

THREE CHEESE GARLIC SCALLOPED POTATOES
 1-1/2 lbs. Yukon Gold potatoes, thinly sliced
 2 tbs. butter, divided
 1 pint heavy cream
 2 cloves garlic, thinly sliced
 salt & pepper to taste
 2 C. shredded cheddar cheese
 4 slices provolone cheese
 1/2 C. grated parmesan or romano cheese
 Preheat the oven to 325 degrees F. Grease a 1-1/2 qt. or larger casserole dish with butter or nonstick spray. Layer half of the potato slices in the bottom of the casserole dish. Dot with half of the butter cut or pinched into small pieces. Arrange half of the garlic slices over the potatoes, then pour half of the heavy cream over. Sprinkle one cup of cheddar cheese over the layer, & season with salt & pepper. Repeat layering of potatoes, garlic, cream & cheddar cheese, then top with the slices of provolone cheese. Season again with salt & pepper. Bake for 1/2 hour in the preheated oven, then sprinkle the parmesan or romano cheese over the top. This will create a semi-hard cheese crust. Continue baking uncovered for another 30 minutes, or until potatoes are tender when tested with a fork.

Where is Your WEBSITE?

We have officially entered the Golden Age of the Internet, where having a website for your business is an absolute essential. So where's your website? The Windsor Press offers affordable website design and hosting of your new website. An effective website is the cornerstone of any small business's marketing strategy, offering fundamental information 24 hours a day. There are multiple reasons why you need a website today:

WEBSITES NEVER SLEEP

Websites never take a break, even after business hours are over, customers still have the opportunity to browse your business's website. A website will allow your business to be open 24 hours a day, every day of the year - that's the equivalent to having an employee work around the clock, even weekends and holidays!

INCREASES THE EFFECTIVENESS OF YOUR ADVERTISING

Print advertisements are definitely effective components in the advertising mix, but it's the website that strengthens your company's message. Once you have a website up and running, we recommend your print advertising include your website address.

"GOOGLE IT"

How many times have you heard "I'll Google it?" More than ever before, people are turning away from traditional means of finding information and looking online. Your business should be at customer's fingertips when they look on any online search engine.

INSTANT CREDIBILITY

Have you ever had difficulty making that sale? Or convincing someone that you are the real deal? Having a website is comparable to having an online business card, containing basic information on you and your offerings, along with a way to reach you.

CONTACT KATIE AT THE WINDSOR PRESS TODAY FOR YOUR NEW WEBSITE

Don't be so quick to dismiss your product as one that can't be sold online. Nowadays, there's very little that can't be sold over the internet. No matter the size of your business, it is crucial to have an online presence for customers to quickly and easily find out more about your business and the products or services you have to offer.
