**VIRGINIA CAREER WORKS**

**ARIES** (March 21 to April 19) A once-harmonious relationship appears to be hitting some sour notes. Spend some time together to see why things have gone off-key. What you learn might surprise you.

**TAURUS** (April 20 to May 20) You feel a need to make some changes. Good -- you can do it on a small scale (some new clothes, for example), or go big and redecorate your home and/or office.

**GEMINI** (May 21 to June 20) Control your tendency toward early boredom. A situation in your life might be taking a long time to develop, but patience pays off. Stay with it.

**CANCER** (June 21 to July 22) You might feel that you're on an emotional roller coaster this week. Don't fret; just ride it out and let things settle down. A Pisces shows understanding.

**LEO** (July 23 to August 22) Do something different for once -- compromise. A stubborn stand on an important issue proves counterproductive. You need to be open to new ideas.

**VIRGO** (August 23 to September 22) A friend offers advice that you perceive as an act of betrayal. But before you turn against the messenger, pay attention to the message.

**LIBRA** (September 23 to October 22) A year of riding an emotional pogo stick finally settles down. Use this calmer period to restore frayed relationships and to pursue new opportunities.

**SCORPIO** (October 23 to November 21) Your words can sting, so be careful how you respond to a friend's actions. A calm approach could produce some surprising facts.

**SAGITTARIUS** (November 22 to December 21) Be careful about whose secrets you're being asked to keep. They could impose an unfair burden on a straight arrow like you.

**CAPRICORN** (December 22 to January 19) While you prefer taking the tried-and-true course in life, be adventurous this week and accept a challenge that can open new vistas.

**AQUARIUS** (January 20 to February 18) Your strong sense of justice helps you deal with a job- or school-related situation. Stay with your principles. A Sagittarius emerges as a supporter.

**PISCES** (February 19 to March 20) You need to build a stronger on-the-job support system to convince doubting colleagues that your innovative proposals are workable.

**BORN THIS WEEK:** You might not say much, but you're capable of extraordinary achievements. You are a loyal friend and a devoted family person.

**Piedmont Pets**  
 May 20, 2021 By Paulette Dean

Last Saturday, someone picked up a stray cat that was trying to have kittens. We will spare you the graphic details, but she was having problems. She was taken to a veterinary clinic and emergency surgery was recommended. We agreed to pay the bill and we're happy to report that mother and kittens are doing well at the shelter. We have many kittens; it is the time of year for shelters to be overrun by them.

Thanks to this stray gray tabby mama cat, we have great news. As we discussed the busy kitten season we are having, we decided to increase our spay/neuter assistance amounts.

Beginning Wednesday, May 19th and continuing through June 30th, the amount of the spay/neuter rebates will increase to \$100 for City of Danville residents and \$75 for Pittsylvania County residents.

As always, if you own an outside cat and will continue to provide all the legally-required care of the cat on your property, please call and speak with our director at 799-5306 and we can make arrangements to pay the entire amount of the surgery itself. You must call before the surgery!

For all other animals, you must pick up the certificate at least the day before the animal is taken to the clinic for the surgery. There are additional guidelines:

1. The animal must belong to a resident of Danville/Pittsylvania County and must reside with the owner in Danville/Pittsylvania County.
2. The rebate cannot be used to sterilize any stray animal.
3. The certificate may not be used for any animal adopted from another shelter or rescue group or for an animal that is going to be released to another shelter or rescue group.
4. If the cat is feral, there must be an owner who is prepared to provide food,

water, veterinary treatment, and shelter for the cat for its lifetime. The cat may not be released on to any public property, but must live on the property of the person trapping and releasing the cat.

5. The certificate must be obtained at least the day before the animal is taken to the veterinary clinic for the surgery. The certificate cannot be combined with any other DAHS program, including DAHS grant money paid to veterinary clinics.

6. The certificate must be used and redeemed no more than four months after the date on the certificate.

7. No more than five certificates may be obtained by the same household during a 12 month period.

To redeem the certificate, after the certificate, mail the veterinary bill, this certificate, and a self-addressed stamped envelope to Danville Area Humane Society, P.O. Box 3352, Danville, VA 24543. If the self-addressed, stamped envelope is not included, \$.50 will be deducted. If the surgery costs less than the advertised rebate amount, the rebate amount will be the cost of the surgery, not including the cost of shots, flea treatment, etc.

**Vintage Lunchbox**

Vintage collectibles, especially those related to sports, sell quickly at auction, perhaps because not all are expensive. Sometimes they are not noticed by the dedicated sports collectors and sell at bargain prices. This metal lunchbox was made in 1976. It is decorated with the helmets of the National Football Conference on one side, and American Conference helmets on the other side.

**Kovels**  
*It took only \$35 to win this lunchbox, a football sports collectible, at a Main Auction Galleries sale in Cincinnati.*

Lunchbox collecting began in 1950, with the first example picturing the cowboy movie star Hopalong Cassidy. The metal boxes and matching thermos bottles remained popular until 1960, when soft plastic boxes were the style. (And it is a myth that metal boxes were replaced because students were hitting each other in the head and causing injuries.) This football collectible included a matching thermos and was an auction bargain at \$35. The King-Seely Thermos Company made many metal lunchboxes, including the one with the football helmets. The most expensive metal lunchbox ever sold pictured "Toppie the Elephant," a Kroger grocery store figure that promoted plaid Top Value stamps. A 1957 Toppie lunchbox with thermos sold for \$2,784.

dollars. Your comments on Hummels say they are bought for very low prices today, most under \$50. Did the show make up the story? Or is there a type of Hummel that sells for over \$1,000?

**A:** The "Better Call Saul" show Hummels, a group called International Figures. The characters talked about the Bulgarian figure, but the real one depicted a Bavarian figure. In 1976, eight were in a sale by Robert Miller, the author of the first Hummel price book and an expert in all things Hummel. He realized they were different from any he owned, so he made for a dealer in Hungary before World War II. Later research claims that 24 or 26 different designs were made in the 1940s. The figures are marked with the M.I. Hummel signature used from 1935 to 1955 and mold numbers that run consecutively from 806 to 813 and others with numbers up to 968. Each figurine is depicted in its country's national dress. The thieves in the TV show wanted to steal an ordinary Hummel figurine and redecorate it to look like the famous one that has sold for thousands of dollars. The first sales were at \$20,000, but by 2013, the price for the International figure was as low as \$5,000.

## UNION STREET POCKET PARK OPENS WITH CEREMONY

Mayor Alonzo Jones joined other members of City Council and local officials recently in a ribbon cutting ceremony to mark the opening of the Union Street Pocket Park in the heart of the River District.

Located at 121-123 South Union St. next to The Bee boutique hotel, the urban park provides an open space for people to gather.

“As you can see, it is a short walk from the governmental offices, the courthouse, many businesses and places of residence,” Jones said. “For those who work or live nearby, and for those who come to shop, this park offers a place to step outside, take a break from their work, enjoy lunch, or simply to relax and enjoy the outdoors.”

Jones said the park also will serve everyone in the city.

“Much like the nearby Main Street Plaza and JTI Fountain, in this space, you will be able to gather with family and friends, take photos by this fountain, admire the architectural features that have been preserved, and learn about the rich history of this property. It can serve as a small event space or a place for company meetings.”

The park can be reserved for events by contacting the Parks and Recreation Department, which will manage the park. The park is open from dawn until dusk.

In May 2019, the Industrial Development Authority (IDA) purchased the property, which was the former Knights of Pythias Building. It was part of the original plans for The Bee hotel, but the Pythias building was deemed unsafe and demolished because of a culvert issue under the property. Last month, the IDA donated the property to the City of Danville as construction on the park neared completion.

The building was built in the late 19th century for the New and Miller Carriage Co., which sold carriages and harnesses on the first floor. The basement was a stable where horses were tied to be watered and fed while their owners attended tobacco auctions or conducted other business downtown.

Trenda Leavitt, a landscape architect who founded Beechgrove Design in Moneta, designed the space to honor the former building's history and provide amenities for contemporary life.

“Union Street Park is a stunning space replete with historic and modern character,” Leavitt said. “A stable, where horses once rested, has been reimagined into a space for people to rest; reflect on the past; enjoy trees, water, sunshine and shade; socialize; work; have a meal; and celebrate life's milestones.”

The hand-laid stone wall on the west side fronting South Union Street and brick walls are part of the original walls of the New & Miller building. They were stabilized and left in their original state to show floor divisions, beam locations, staircases, and paint layers. These walls provide backdrops for photography.

An alley in the rear of the park can be reconfigured into outdoor rooms and are ideal for working, parties, meetings, lunches and dinners, dancing, and a backstage for theater or musical events.

Timber beams and steel posts are among the original materials salvaged from the original structure and have been incorporated into the park. A brick and granite mounting block has been constructed on the south wall and provides an ideal location for prom, wedding, graduation, and family photography as well as informal seating. Mounting blocks were used to mount horses.

Contemporary design elements include wheelchair lift accessibility; furniture and spaces for mobile work, outdoor dining and meetings; site furniture constructed from recycled materials and made in the USA; a tree grove; and a modern minimalist steel water sculpture designed by artist Randy Bolander of Centerport, N.Y.

## COVID-19 Vaccination Clinic Friday at Averett

On Friday, May 21, a COVID-19 vaccination clinic will be held in Pritchett Auditorium, 150 Mountain View Ave, from 9 a.m. to noon. In April, 50 individuals received their first of two Moderna vaccines and are expected to return for the second (click here for the story). Those looking to receive their first vaccine are also eligible to receive it at this time. No appointment is needed, and the community is welcome to participate in this clinic. If you have any questions or for interviews, please email Cassie Williams Jones at [cwjones@averett.edu](mailto:cwjones@averett.edu) or myself by Thursday, May 20, at 4 p.m.

- Who released “Gypsies, Tramps & Thieves”?
- Which group had a hit with “Ain’t No Woman (Like the One I’ve Got)”?
- Who wrote and released “Superfly”?
- Two versions of “Shambala” were released just one week apart in 1973. Who did them?
- Name the song that contains this lyric: “Love is what it does and ours is doing nothing, But all the time we spent, It must be good for something.”

### Answers

- Cher, in 1971. The original title was “Gypsies, Tramps and White Trash” until cooler heads prevailed.
- The Four Tops, in 1973. It had been previously released in 1972 by Hamilton, Joe Frank & Reynolds, best known for “Don’t Pull Your Love.”
- Curtis Mayfield, on his soundtrack album for the film of the same name. Despite the movie tie-in, the song only reached No. 8 on the Billboard chart.
- B.W. (“Buckwheat”) Stevenson and Three Dog Night. Shambala is many things: a mythical Himalayan kingdom, a roller coaster, a Tanzanian language and a music festival.
- “Wait for Me,” by Hall and Oates, 1979. Daryl Hall says he wrote the song to try to hold on to someone at the end of a relationship. It worked.

## HOLLYWOOD

by Tony Rizzo

HOLLYWOOD — Julian Fellowes, creator/writer/executive producer of "Downton Abbey" (series and film), has a Christmas present for us ... "Downton Abbey 2," which opens Dec. 22. In addition to the original cast returning, Fellowes has added **Hugh Dancy** ("Hannibal," "Late Night," "The Good Fight" and "Homeland"), with his real-life wife, **Claire Danes** ("Homeland"). Also, **Laura Haddock** ("Guardians of the Galaxy 1&2" and "Transformers: The Last Knight"), as well as **Dominic West** (Showtime's "The Affair," HBO's "The Wire," "Les Miserables" and the "Tomb Raider" remake, with Oscar-winner **Alicia Vikander**). West has already filmed his portrayal of **Prince Charles** in seasons 3&4 of "The Crown," which won't drop until 2022-23. The first "Downton" movie grossed \$230 million.

Kermit the Frog's father (and original voice) is getting the full biopic treatment from Disney. The **Jim Henson** Company has joined forces with Disney to tell the story of the creator of "The Muppets," "Fraggle Rock," many of the characters of "Sesame Street," as well as the films "The Labyrinth" and "The Dark Crystal," and of course, that superstar herself, Miss Piggy! Henson developed his Muppets while in high school, founded The Jim Henson Company in 1958 and developed many of the "Sesame Street" characters in 1969, which led to "The Muppet Show" in 1976.

The film will follow him as he tries to convince unimaginative network executives that adults, as well as children, would flock to see Muppets come to life. Henson left us in 1990 at 53 due to bacterial pneumonia, leaving behind a huge legacy and five children. After the success of the Mr. Rogers biopic, "A Beautiful Day in the Neighborhood," starring **Tom Hanks** as **Fred Rogers**, the door opened for this one. Now the search is on for a star to play Henson.

Showtime  
**Dominic West**

Here's one suggestion: How about **Jeff Dunham**? Dunham began doing ventriloquism in 1970 at age 8, made his TV debut in 1976 in a Datsun car ad while still in high school. By 1983, he was making \$70,000 a year with his "dummies" and opened for superstars **Bob Hope** and **George Burns**. He finally broke through with a 1990 appearance on "The Tonight Show" with **Johnny Carson**. In 2003, his first Comedy Central special scored well, but execs wouldn't pony up for another special. So in 2005, Dunham paid to tape his own special, "Arguing With Myself," then sold it to Comedy Central, pulling in 2 million viewers and selling 2 million DVDs.

Today, Dunham is the highest paid stand-up comedian and is so popular that he plays amphitheaters and stadiums, because theaters are too small. His net worth is estimated at \$140 million, but he'll have to work harder to catch **Jerry Seinfeld**, whose net worth is \$950 million. Still, \$140 million for playing with dolls is something to laugh at!

## VETERANS POST

by Freddy Groves

VA Vaccine Clinic Gets a Thumbs-Up

---

I wasn't the only one walking down the street toward the Department of Veterans Affairs pop-up vaccine clinic. In fact, there were about six guys who were doing the same thing I was: scoping out the situation before actually getting in the drive-up line for the vaccine.

I'll say it right off the top here: The VA did this right. They did a good job on the logistics and execution. Here in town, they'd selected a location with lots of space outside. There was an army of volunteers of all kinds, laying out a traffic cone grid in the parking lot, directing cars along the rows, nurses with tablets taking information, VA medical staff giving shots through car windows. There was even an observation area where cars would park afterward (with medical staff there) in case a veteran had a bad reaction.

"Looks pretty good," said one guy as we hovered on the sidewalk and watched. A few others chimed in, agreeing. One muttered something about an expected SNAFU, but there was none of that to be seen. We stopped a couple of cars with veterans leaving after getting their shots and queried them about how it had gone. SITREP: It was great.

Now that everyone age 16 and up is eligible for the vaccine, and now that SAVE (Strengthening and Amplifying Vaccination Efforts) has opened up a long list of veteran-related people who are eligible, if you want to get the vaccine, make an appointment now. If you wait too long, the demand for vaccines will eventually slack off, and these nearby pop-up clinics will be gone.

Keep an eye on the news for VA pop-up clinics in your area. Judging by how this drive-thru clinic was run, I have confidence that the VA is doing just as well in other areas where they're giving vaccines: medical centers, community clinics, outreach centers, mobile units -- and even rural parking lots.

# Strange BUT TRUE

By Lucie Winborne

\* The rarest shape for a human nose is the bulbous type, exemplified by former U.S. President Bill Clinton.

\* Smuggling a cat out of ancient Egypt was punishable by death.

\* A variety of corn grown in Peru has kernels so large that they're eaten individually.

\* After impressionist painter Claude Monet developed cataracts, he agreed to have surgery on his right eye only. It is believed that afterwards he could see and paint a wide spectrum of colors usually not seen by the human eye.

\* Dinosaurs often swallowed large rocks, which stayed in their stomachs and helped them grind up food.

\* One in 23 million people have an allergy to water.

\* In 1631, royal printers Robert Barker and Martin Lucas published a Bible containing the typo "Thou Shalt Commit Adultery." As if that weren't embarrassing enough, another misprint, in Deuteronomy, substituted the word "greatness" with "great-asse." Barker and Lucas were fined 300 pounds and lost their printing license. Less than a dozen copies of what came to be known as the "Wicked," "Sinful" and "Adulterous" Bible are known to exist today and are highly prized by collectors.

\* On average, a person's eyes make 15 to 30 gallons of tears a year.

\* A rainbow's arc is relative to the position of the person observing it, so it is impossible for two people to actually see the exact same one.

\* The air around a lightning bolt is five times hotter than the surface of the sun.

\* While rare, there have been enough reported cases of strokes triggered by spa massage treatments that the medical community has nicknamed the phenomenon "beauty parlor stroke syndrome."

\* Altocalciphilia is a fetish for high heels.

## Lemon and Blueberry Bread

### Ingredients

- 2 cups all-purpose flour
- 1 cup sugar
- 2 teaspoons baking powder
- 1/2 teaspoon salt
- 2 eggs
- 1/2 cup milk
- 1/2 cup butter - melted
- 1/2 cup sour cream
- 2 teaspoons lemon zest
- 1 teaspoon vanilla extract
- 1 1/2 cups fresh blueberries

### Instructions

Begin by preheating the oven to 350 degrees F. Then spray the inside of a 9x5-inch loaf pan with baking spray. Set aside.

In a large bowl, whisk together the flour, sugar, baking powder, and salt. In a medium bowl, whisk together the eggs, milk, melted butter, sour cream, lemon zest, and vanilla extract.

Add the wet ingredients to the dry ingredients and mix until just combined. The batter may be slightly lumpy. Gently fold in the blueberries.

Pour the batter into the prepared loaf pan, spreading it in an even layer.

Bake for 65-70 minutes or until a toothpick inserted near the center comes out clean. (If needed, cover the bread with foil to prevent overbrowning.) Allow the bread to cool completely before slicing.

### Notes

I like to serve this Lemon and Blueberry Bread with a little salted butter. However, if you want to highlight the lemon flavor and make the bread even more decadent, you can whip up a glaze of confectioners' sugar and lemon juice to drizzle on the top. Simply add fresh lemon juice (You don't need much.) to a cup of confectioners' sugar until you achieve the desired drizzling consistency.
