## Sunday Morning Positive Perks

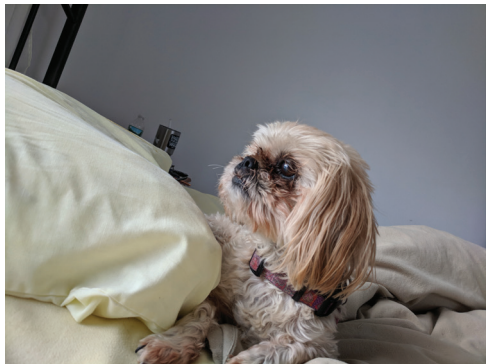

from your Sassy Small Town Missus

### A TRIBUTE TO THE ORIGINAL MISS SASSY...

In my household I was not the only one who was Sassy. I self proclaimed myself Sassy by calling myself a Sassy Small Town Missus. What you need to know is that by my side these last 17.5 years was a Sassy-Pants that could out Sass me 10 times over. She was my girl. My little Weezie. I have spoken of her in the past, but this post pays special tribute to a little four legged sweetheart who came to us at six weeks old. A little Shih Tzu, she learned early on she had to have grit to survive in our household of other four leggeds. So tiny at six weeks old she would get stepped on and tripped over too easily. Although she was tiny, she had courage and grit large enough to conquer the house and become the boss. Even boss of us 2 leggeds. She had this way of winning people over with her charm and cuteness. When she walked her little butt wiggled, alot. When she was unhappy with you she could really mouth off too. There was no doubt she was the Queen of our castle. In her prime she loved to race across the back yard to try to catch squirrels. She could hear a can of corn beef hash being opened with the first crack of the can opener. Everyone who knew her loved her. As all my nieces and nephews were growing up, so was our girl. In the cold weather she loved to wear her little sweaters, it just added to the Sass. She never backed down from a fight and always stood her ground. Each afternoon she snuggled with Brian and took a nice long nap. She loved to take rides and feel the wind on her face. She did not however like bath time. She would really Sass about that. Being Sassy for my girl was not about being naughty, although she could be. It was about having that perfect mixture of charm and Sass. The kind that draws you into people's hearts with your enduring ways but also lets them know that you are in control. I loved it when she would flop over onto her side and her ears would flop over and I would just kiss her up. She knew she was being cute, it was all part of her plan to stay in control. Even as she aged and her senses were dulling, her mind stayed sharp. As a senior she showed us how to be tough as she took challenges head on, on her terms, without weakness. The joy that is gifted to us from our little creatures is a Positive Perk that is a Priceless Treasure. Little paw prints leave a lasting impression on our Hearts. And when their tiny little bodies are tired and the light their joy has brought us is extinguished, we must find a way to honor them and keep their memories alive. On May 14, 2021 at 8:37am we kissed our girl one last time as we helped her find her way to heaven. I will try to keep her joy alive in my heart by following in her little paw prints and always be Sassy, strong and keep on keep'in on. Be at peace my little peanut, I will always love you- Mama. How have you honored Paw Prints left on your heart?

The Orleans County Sheriff's Office in partnership with law enforcement throughout the State, and the Governor's Traffic Safety Committee, will participate in the Click It or Ticket Campaign, which runs from May 24 – June 6, 2021.

The Click it or Ticket Campaign (CIOT) is a statewide enforcement campaign designed to save lives and reduce the severity of injuries by increasing safety restraint use. Perhaps you sent a lovely card,  
Or sat quietly in a chair.  
Perhaps you sent a funeral spray,  
If so, we saw it there.  
Perhaps you spoke the kindest words,  
As any friend could say.  
Perhaps you were not there at all,  
Just thought of us that day.  
Whatever you did to console our hearts,  
We thank you so much whatever the part.

## Signs of a HEART ATTACK

Some heart attacks are sudden and intense, but most heart attacks start slowly, with mild pain. Often people affected aren't sure what's wrong and wait too long before getting help. Symptoms include:

**CHEST DISCOMFORT.** Most heart attacks involve discomfort in the center of the chest that lasts more than a few minutes, or that goes away and comes back. It can feel like uncomfortable pressure, squeezing, fullness or pain.

**DISCOMFORT IN OTHER AREAS OF THE UPPER BODY.** Symptoms can include pain or discomfort in one or both arms, the back, neck, jaw or stomach.

**SHORTNESS OF BREATH** with or without chest discomfort.

**OTHER SIGNS** may include breaking out in a cold sweat, nausea or lightheadedness

Women are somewhat more likely than men to experience other common symptoms, particularly **SHORTNESS OF BREATH, NAUSEA/VOMITING, AND BACK/JAW PAIN.**

If you or someone with you has one or more of these signs, don't delay!

**Call 9-1-1 immediately!**

Source: The American Heart Association & the National Heart, Lung & Blood Institute

## SIGNS OF A STROKE

Sometimes symptoms of a stroke are difficult to identify. The stroke victim may suffer severe brain damage when people nearby fail to recognize the symptoms of a stroke. Now doctors say a bystander can recognize a stroke by asking a few simple questions:

- 1 Ask the person to **SMILE**.
- 2 Ask the person to **TALK AND SPEAK A SIMPLE SENTENCE**. i.e. It is sunny out today.
- 3 Ask the person to **RAISE BOTH ARMS**.
- 4 Ask the person to **STICK OUT HIS TONGUE**. If the tongue goes to one side or the other, that is a sign of a stroke.

### OTHER STROKE WARNING SIGNS

- Sudden **numbness or weakness** of the face, arm or leg, especially on one side of the body
- Sudden **confusion**, trouble speaking or understanding
- Sudden **trouble seeing** in one or both eyes
- Sudden **trouble walking, dizziness**, loss of balance or coordination
- Sudden, **severe headache** with no known cause

If you or someone with you has one or more of these signs, don't delay!

**CALL 9-1-1 IMMEDIATELY!**

## Do you have HEEL pain or ARCH pain?

**HEEL SPUR SYNDROME/PLANTAR FASCITIS** is a common problem among people who are active. It starts as a dull intermittent pain in the heel which may progress to a sharp persistent pain. Classically, it is worse in the morning with the first few steps, after sitting, after standing, or after walking.

- Plantar fasciitis often begins with irritation and tearing of the fibrous band of tissue on the bottom of the foot, which may eventually result in the formation of a heel spur.

- Contributing factors: flat pronated feet, high arched feet, poor shoe support, increased age, sudden weight increase, increased activity level, family tendency.

- Approximately 2-3 times your body weight of force is exerted on each foot with walking. Flexible, non-custom molded arch support found at those advertised shoe stores cannot support these forces and usually do not provide long-lasting relief, do not come with a lifetime warranty, and are typically more expensive than custom-molded ones made by our office.

- 95 percent of our patients symptoms are resolved with conservative treatment, avoiding surgical intervention.

- We also offer surgical procedures with the best post-op success rates using Endoscopic Plantar Fasciotomy techniques and **EPF** resulting in minimal incisions and scarring, immediate ambulation and often back in a shoe in one week.

**If you can't remember when your feet didn't hurt, now is the time to give us a call!**

## Dear Residents of Barre,

### Numerous improprieties were committed at the Barre Town Board Meeting of Feb. 10, 2021.

Firstly, Alexander Nacca requested that the Town Board obtain the safety regulations and requirements for the 700-foot-tall wind turbines that Apex proposes to build from the manufacturer at the virtual Public Hearing on Dec. 4, 2020. The town did not answer his request. **Should the safety not be the core element of the Town's Wind Laws?**

Secondly, prior to the meeting a letter was submitted to the Town Board of Barre; by the attorney representing Citizen for a Better Barre which detailed the many irregularities and illegalities of Apex/Heritage Wind Industrial Wind Turbine Project and the Town Board. None of the issues raised by the letter were ever discussed or responded to. A similar letter was also sent to the Orleans County Planning Board and was not discussed at their meeting. Yet the County stated they were in agreement with the town's wind law draft. Later, the chair of the planning board said the letter was never even read.

We the people are not properly being represented; we just keep paying for little or no representation. **HOW SAD**, that elected officials (who salaries we pay) ignore our input - they just do whatever they want. In both cases the Town Board chose to simply ignore critical input from the people they are supposed to represent. Questions and concerns were being raised by the community regarding the conduct of the Town Board, the Turbine Project and Turbine Company Apex/Heritage Wind - the Town Board chose not to acknowledge. These are elected officials, not autocrats. They do not have the right to simply ignore what they do not want to confront, particularly from the public that pays their salaries.

### You, The Resident of Barre Remember This When You Vote Next Time!

Third, the conduct of the majority of the board toward one of their own members was plainly despicable. Board member Kerri Richardson has a newborn (she breast-feeds), plus she wanted a clear head to discuss the environmental protections of the wind law. After the meeting had dragged on for three hours, she requested an adjournment of the business. No other member of the board would second the motion for an adjournment. In the past, other board members were given adjournments, one board member stated she had to work the next day and another stated he had a long drive home. These meetings were adjourned for them (check the videos). Mr. Pogue, our supervisor who does not live in our town, voiced he wanted to continue and no one seconded the request of Mrs. Richardson!

### We vote so all board members have a say in the performance of our town government.

Mr. Pogue read the names of all the persons who wanted the wind turbines; there were the names of the lease holders and their families. Mr. Pogue did not mention the surveys of local opinion that show over 80% of Barre's population do not want the wind turbines. Mrs. Richardson continuously give time to research all aspects of her position (not just wind turbine issues) and takes and answers all calls from the town residents. She looks out for us all, yet she is continuously being put down by obnoxious and rude lease holders who are only worried about the money they will receive and their immediate family's welfare. There are a handful of lease holders - those who own the largest parcels in town - but 485 persons returned a canvassing indicating they do not want 700-foot-tall wind turbines. Some members of the Town Board do not want to take the time to perform their job; they just want the title, prestige and their check. **One stated he does not care if the issue is handled right, he is tired of the whole thing and he just wants to be done with it; this person is running for re-election.** They all owe Mrs. Richardson an apology! We need clarity of issues being brought to the town residents, we pay the bills and we vote in officials to represent us with outside communities and local government; Barre policies should be governed by what the majority of the Barre residents desire!

*Many people at the public meeting could not get their questions answered.*

**The board must be held to answer for their conduct and the legitimate process of town government must be restored. Think of you and your family's health, the value of your home, and our beautiful country environment WHEN YOU VOTE NEXT TIME!!!**

**Please make a donation to fight the wind turbine project through legal proceedings.**

## Ratatouille

*Serves 8*

- 1 pound eggplant
- 1 pound zucchini
- 1 teaspoon salt
- 6 to 7 tablespoons olive oil, more if necessary
- 1/2 pound (about 1 1/2 cups thinly sliced yellow onions
- 1 pound firm red tomatoes, or 1 1/2 cups pulp
- 2 sliced green bell peppers (about 1 cup)
- 2 cloves mashed garlic
- Salt and pepper to taste

Peel the eggplant and cut into lengthwise slices 3/8-inch thick, about 3 inches long, and 1 inch wide.

Scrub the zucchini, slice off the two ends, and cut the zucchini into slices about the same size as the eggplant slices.

Place the vegetables in a bowl and toss with salt. Let stand for 30 minutes. Drain. Dry each slice in a towel.

One layer at a time, saute the eggplant, and then the zucchini, in hot olive oil for about a minute on each side to brown very lightly. Remove to a side dish.

In the same skillet, cook the onions and peppers slowly in olive oil for about 10 minutes, or until tender but not browned. Stir in the garlic and season to taste.

Slice the tomato pulp into 3/8-inch strips. Lay them over the onions and peppers. Season with salt and pepper.

Cover the skillet and cook over low heat for 5 minutes, or until tomatoes have begun to render their juice.

Uncover, baste the tomatoes with the juices, raise heat and boil off several minutes, until juice has almost entirely evaporated.

Place one-third of the tomato mixture in the bottom of the casserole and sprinkle over it 1 tablespoon of parsley.

Arrange half of the eggplant and zucchini on top, then half the remaining tomatoes and parsley.

Put in the rest of the eggplant and zucchini, and finish with the remaining tomatoes and parsley.

Cover the casserole and simmer over low heat for 10 minutes.

Uncover, tip casserole and baste with the rendered juices. Correct seasoning, if necessary.

Raise heat slightly and cook uncovered for about 15 minutes more, basting several times, until juices have evaporated leaving a spoonful or two of flavored olive oil. Be careful of your heat; do not let the vegetables scorch in the bottom of the casserole.

Set aside uncovered. Reheat slowly at serving time or serve cold. ■
