GRILLED PROSCIUTTO-WRAPPED PEACHES W/ BURRATA & BASIL

INGREDIENTS

- 2 ripe, sweet (but not soft) freestone peaches
- 3 thin slices prosciutto, or more as needed, torn into ribbons
- 8 small bamboo skewers, soaked in water 20 minutes
- 6 ounces burrata cheese
- 1 tablespoon extra virgin olive oil, for drizzling
- Coarse sea salt to taste
- Freshly ground black pepper, to taste
- 1 tablespoon finely sliced fresh basil leaves

DIRECTIONS

- 1 Preheat an outdoor grill for medium-high heat and lightly oil the grate.
- 2 Cut peaches in quarters and remove peach stones.
- 3 Wrap prosciutto around each peach section; secure with small bamboo skewers.
- 4 Grill peaches, turning often, until prosciutto gets a little crisp around the edges and the peaches begin to caramelize, 6 min.
- 5 To serve, spoon burrata onto serving plates. Remove peaches from skewers; place several of the grilled peaches around the cheese. Drizzle with olive oil. Top with a sprinkle of sea salt and pepper; garnish with basil.

SENIOR DISCOUNTS!

I am often asked which stores or venues contain senior citizen discounts on prices. Dunkin Donuts, Modell's Sporting Goods, Walgreens and museums such as the American Museum of Natural History and Museum of Modern Art are some to name a few that offer discounts to senior citizens. However, there are many more and you all must do is ask. The only difference between the stores and/or venues of your choice is that some require you to be either over 55 or 60 years of age. I certainly am aware that many seniors are on fixed incomes and can take advantage of some of these promotions. Therefore, I am making my office available to you so that we can help check if a store you patronize offers a senior citizen discount. As you all know, my office is opened from 9 A.M. to 5 P.M. Monday through Friday. Please feel free to stop by or call me or my staff at (718) 892-1161.

NYC DOT STREET WORK PERMITS

Readers, as your District Manager, I would be remiss if I did not use this column to make you aware of ways on how to retrieve publicly available information. My office fields many inquiries weekly about road work occurring in our neighborhoods. As you know, any road work requires New York City Department of Transportation permits. All permits are publicly available on "NYCStreets Permit Management System" nycstreets.net/public/permit/search. On this website, you can search by address, intersection and/or community district. I understand that navigating this website can be difficult on the first attempt. However, my office staff is available to help you at your earliest convenience so that you can use this valuable resource. To be sure, some permits are not actively available on this website as there are instances where, for example, Con Edison is performing emergency work.

HEAP COOLING ASSISTANCE APPLICATION

The New York State Home Energy Assistance Program Benefit (HEAP) cooling benefit application is open! As you know, HEAP assists low-income people with cooling costs. Eligibility and benefits are based on income, household size, primary heating source and whether a household member is under six years of age or over 60. You may be eligible even if you own your home or pay for cooling as part of your rent. To be sure, there are income guidelines. For example, a household size of four may not exceed a gross monthly income of \$5,019. A household size of one may not exceed a monthly gross income of \$2,610. If you think you are eligible, please schedule a time for you to pick-up an application.

Get a head start on your high school journey at Preston High School's Summer Project Prep course!

For four weeks, high achieving middle school students will enrich their academics and discover career interests. 7th and 8th graders will explore educational opportunities through games, practical experiences, collaboration, project-based learning, and independent work—all while preparing for the TACHS (Test for Admission into Catholic High Schools) exam.

Project Prep fee includes TACHS prep book, supplies, and three TACHS practice exams. For more information, or to register, visit www.prestonhs.org.

STEM: Immersion in science, technology, engineering and mathematics, demonstrating that careers and opportunities in STEM are rewarding and viable.

History: Examine various time periods in World and U.S. History through various forms of media, creative writing and illustration, and solve mysteries from the past!

English: Review skills needed for the TACHS exam, and fine-tune writing skills and public speaking abilities.

Language and Culture: Learn the beginnings of a new language, and gain exposure to new cultures through food, music, dance, and games.

Art: Explore your creative side through photography, wire art, plaster masks, and more!
