Personal Check

I requested identification from a department-store customer who had just written a personal check for her purchase.

After fumbling through her purse, she presented me with what she said was the only thing that bore both her name and address.

It was a notice of insufficient funds from her bank.

ARIES (March 21 to April 19) Although you would prefer to move forward at a steady pace, it might be a good idea to stop and reassess your plans. You could find a good reason to make a change at this time.

TAURUS (April 20 to May 20) Just when you thought you had everything planned to the smallest detail, you get some news that could unsettle things. But a timely explanation helps put it all back on track.

GEMINI (May 21 to June 20) Home and work continue to compete for your attention. But you handle it well by giving each its proper due. Someone you trust offers valuable advice. Listen to it.

CANCER (June 21 to July 22) Unsettling news creates a difficult but not impossible situation. Continue to follow your planned routine, but keep your mind open to a possible change down the line.

LEO (July 23 to August 22) Lick your wounded pride if you like, but it's a better idea to find out why your suggestions were rejected. What you learn could help you deal with an upcoming situation.

VIRGO (August 23 to September 22) Feeling a bit listless? No wonder. You might be pushing too hard to finish everything on your to-do list. Cutting it down could help get your energy levels up.

LIBRA (September 23 to October 22) Taking time out of your busy schedule might be the best way to handle that sensitive private matter. It will help reassure everyone involved about your priorities.

SCORPIO (October 23 to November 21) Insist on full disclosure by all parties before agreeing to be part of a "great deal." What you learn should help you decide whether to go with it or not.

SAGITTARIUS (November 22 to December 21) Your decision to protect the secret that was entrusted to you might irk some people. But it also wins you the admiration of those who value trust and loyalty.

CAPRICORN (December 22 to January 19) Creative activities take on a practical approach as you realize you might be able to market your work. Ask for advice from someone experienced in this area.

AQUARIUS (January 20 to February 18) If you're suddenly a bit unsure about your decision, ask trusted colleagues and/or friends or family members for suggestions that could help resolve your doubts.

PISCES (February 19 to March 20) A workplace situation could get stormy. But stay on course until there's a solution that meets with everyone's approval, and things finally can calm down.

BORN THIS WEEK: You keep an open mind on most matters, making you the confidante of choice for people who need your honest counsel.

Piedmont Pets
May 27, 2021 By Paulette Dean

In February 2014, a picture of a British military dog, Colonel, was released to the media. Sadly though, it was because he had been captured by the Taliban. It is still unknown if he was ever rescued. It was reported that the military had many volunteers who wanted to rescue him, but the military leadership said that was unlikely. I do not even like to look at the picture the Taliban released because he seemed so scared.

I also never read any sad stories about what has happened to the U.S. military dogs, especially earlier than 2000.

That was when legislation was overwhelmingly passed into law and signed by President Clinton that military dogs too old to work would be allowed to be adopted instead of being euthanized (or even, horrifyingly, considered "surplus" and left in enemy territory).

The Defense Department, up until then, caged and euthanized the dogs that became too old or sick to work, according to Rep. Roscoe Bartlett, R-Md., who introduced the bill. Retired dogs could be released to civilian law enforcement agencies, but not to members of the public to avoid claims of government liability if the dog were to injure someone.

Now, the commander of the dog's last unit decides whether the dog is suitable for adoption, after considering recommendations of the unit's veterinarian. Anybody who adopts a working military dog will be required to agree not to hold the government responsible for damage, injury, or other losses after transfer of ownership.

The use of dogs by a military force is not a new idea. The Greeks and Romans actually began equipping large dogs with spike collars and sending them forward to attach the enemy. During the Middle Ages, war dogs were outfitted with armor and were used to defend caravans. Russian used ambulance dogs during the

Russo-Japanese War and the Italians employed dogs as sentries. Dogs were used in large numbers during World War I, mostly by the Germans, French, and Belgians, and mostly for ambulance and messenger service.

Before Pearl Harbor was attacked, the sled dog was the only working dog in the Army. However, the attack upon Pearl Harbor and the sudden entry of the United States into war stimulated interest in the use of dogs for sentry duty. By 1944, 10,425 dogs had been trained at war dog centers. Nearly 9,300 of these dogs were used for sentry duty.

The wonderful characteristics dogs have - devotion to man, acute senses and speed - proved to be of great value for the military.

Countless American lives were saved by the service of these dogs during World War II, and dogs were also used to protect American troops during the Korean Conflict, Viet Nam War, and Operation Desert Storm. They are trained to recognize booby traps, mines, and weapons caches. They have warned troops about ambushes, and they have dragged wounded soldiers to safety. Tragically, many of the dogs were killed during the wars. Many of the dogs were declared "surplus armaments" and were euthanized. We are grateful for their service.

Strange BUT TRUE

By Lucie Winborne

* Sir Isaac Newton invented the cat flap. Newton was experimenting in a pitch-black room when Spithead, one of his cats, kept opening the door and wrecking his experiment. The flap kept both human and feline happy.

* "Brave New World" author Aldous Huxley became almost completely blind as a teenager. He regained much of his sight later in life, crediting an unorthodox treatment known as "The Bates Method," which recommends never using eyeglasses and exposing one's eyes regularly to sunlight.

* The ancient Greeks believed that redheads would turn into vampires after they died.

* Walt Disney's "The Three Little Pigs," released in 1933, was seen as symbolic of the Great Depression, with the wolf representing the Depression and the three little pigs representing average citizens who eventually succeeded by working together.

* In Japan, Domino's started testing pizza delivery via reindeer in 2016.

* James Barry, the Inspector General of the British Army in 1858 during a period when women were not respected in the medical field, had a highly successful career in surgery for more than 50 years. During an autopsy after Barry's death, he was discovered to be a woman in disguise. To avoid embarrassment, the war department and medical association arranged for the doctor to be interred as a man.

* The average office chair with wheels travels about 8 miles per year.

* Chicago Cubs outfielder Rick Monday became a national hero when he rescued an American flag from two men trying to set it on fire at Dodger Stadium during a game on April 25, 1976. The 25,167 fans gave him a standing ovation and started singing "God Bless America."

Thought for the Day: "First find a path, and a little light to see by. Then push up your sleeves and start helping." -- Anne Lamott

* With the start of barbeque season, here are two tips straight from my local butcher about grilling meat: First, let meats come to room temperature before cooking. It allows the meat to cook more evenly, and you won't end up with a cold center and a burnt outside. Secondly, when your meat comes off the grill, give it time to rest before serving. This allows the juiced to redistribute throughout the cut of meat, and you'll end up with juicy goodness in every bite. -- JoAnn

* "Bring a distinctive towel to a pool party so that you will know where your towel is. You can make an extra-large towel by sewing two smaller towels together, too." -- U.A. in New York

* "For a really fun take on kebabs, use fruit instead of meat. The kids especially love fruit on a stick. If you have some neat cookie cutters, use them to cut watermelon into different shapes." -- M.M. in Michigan

* The best outdoor tablecloths, especially on a windy day, are fitted single sheets. Simply fit the sheet over a standard picnic table, and it's in place and ready. The elastic at the corners keeps it from flying away. You can look at thrift and discount stores for fun patterns or just plain colors!

* To keep ants from invading your patio, draw a thick line of chalk (sidewalk chalk works great!) as a boundary. Ants don't like to cross a chalk line and will leave your patio party alone.

* "Frozen grapes are the best summer snack for the kids, plus they are the perfect wine ice cube ever." -- J.R. in Oregon

HOLLYWOOD

by Tony Rizzo

HOLLYWOOD — Leonardo DiCaprio is already working on the remake of the Danish film "Another Round," this year's Academy Awards Best International film. The Danish original starred **Mads Mikkelsen**, who we've seen in "King Arthur" (2004), with **Clive Owen**; "Casino Royale" (2006), with **Daniel Craig**; "Doctor Strange" (2016), with **Benedict Cumberbatch**, among others. Mikkelsen also is in the untitled third "Fantastic Beasts" film.

Fans of the Disney film "Enchanted" (a \$340 million grosser in 2007) can celebrate a sequel that's on its way with the original cast. **Amy Adams**, **James Marsden** and **Patrick Dempsey** are returning, along with "Frozen's" **Idina Menzel**, **Maya Rudolf**, **Yvette Nicole Brown** and **Snow White's Seven Dwarfs**. Word is that Dempsey, who recently returned to "Grey's Anatomy," will be singing in this sequel.

Barring unexpected setbacks from the pandemic, studios are planning to unleash the biggest and best films they have to attract moviegoers. "A Quiet Place, Part 2," one of the first casualties of COVID 19, is set to open May 28, along with **Emma Stone's** "Cruella," co-starring **Emma Thompson**. June 25 will bring "F9" ("Fast & Furious 9"); July 9 brings **Josh Lucas** and **Will Patton** in "The Forever Purge," for the "Purge" franchise fans. Sports fans will be dazzled by **LeBron James**, playing himself, in "Space Jam: A New Legacy," opening July 16. "The Green Knight," with Oscar-nominee **Dav Patel** as Sir Gawain (King Arthur's nephew), **Alicia Vikander**, **Sean Harris** and **Joel Edgerton**, promises ghosts, giants, thieves and swash-buckling come July 30. Also that day, **Dwayne Johnson** and **Emily Blunt** travel on a small riverboat through a supernatural jungle in "Jungle Cruise."

"The Suicide Squad" swings back into action Aug. 6, with **Margot Robbie**, **Viola Davis**, **Taika Waititi**, **Sylvester Stallone**, **Idris Elba**

Marvel/Walt Disney

Mads Mikkelsen in "Doctor Strange"

and **Pete Davidson**. The remake of the science-fiction epic "Dune," starring **Timothee Chalamet**, **Zendaya**, **Rebecca Ferguson**, **Jason Momoa**, **Dave Bautista**, **Oscar Isaac**, **Javier Bardem**, **Josh Brolin**, **Charlotte Rampling** and **Stellan Skarsgard**, is unleashed Oct. 1 into theaters and on HBO Max.

James Bond spies again Oct. 8 in "No Time to Die," and yet another sequel, "Halloween Kills," with **Jamie Lee Curtis**, arrives Oct. 15 to stalk Halloween. The new "Ghostbusters: Afterlife," with **Bill Murray**, **Dan Aykroyd**, **Ernie Hudson**, **Sigourney Weaver** and **Annie Potts**, returns Nov. 11.

Tom Cruise's "Top Gun Maverick" finally lands Nov. 19, and the long-awaited (filmed more than a year ago) remake of "West Side Story" hits the streets Dec. 10.

Still awaiting an opening date is "The Tragedy of Macbeth," with **Denzel Washington** in the title role, along with this year's best actress Oscar winner, **Frances McDormand**, as Lady Macbeth and **Brendan Gleeson** as King Duncan. How can Lady Macbeth resist rubbing her hands together demanding ... "Out damn pandemic, out?"

Those students include: Hannah Dow (GWHS), Nicolas West (GWHS), Lucy Cross (Galileo), Caroline Woods (Galileo), Emily Eballo (Galileo), Christa Zakhary (Galileo), George Jackson (GWHS), and Claudia Belk (GWHS).

The top eight Graduate of Distinction students who attended an elementary school in Danville Public Schools for all six years (K-5) will receive \$700 each. Those students include: Ny'Asia Stephens (GWHS), Antwanette Fuller (GWHS), Dylan Kendrick (GWHS), Thaniyah Saunders (GWHS), Makiya Poke (GWHS), Ainsley Allen (Galileo), Carol Dixon (GWHS), and Ethan Casteel (GWHS).

2
Kacie Whitley, a Galileo graduate, will receive a \$1,000 Institute for Advanced Learning and Research (IALR) STEM scholarship offered through the IALR Foundation. The scholarship is intended to support a graduating senior who expresses a desire to continue his or her education, specifically, in the areas of science, technology, engineering, and math.

American National Bank, through a random drawing, awarded two Graduate of Distinction students with a \$1,000 scholarship each, totaling a \$2,000 contribution. The Galileo winner is Kacie Whitley and the GWHS winner is Ny'Asia Stephens.

"This past year has been challenging for our students," stated Superintendent Angela Hairston. "Today we recognize and celebrate students who have persevered, students who have overcome the difficulties associated with COVID-19 classroom restrictions, and students who faced these obstacles head-on in spite of inconveniences. Congratulations to our 2020-2021 Graduates of Distinction on a job well done."

Thank you to our gracious corporate sponsors and partners in education: Danville Public Schools Education Foundation, H.B. Moorefield Charitable Trust, Institute for Advanced Learning and Research, Community Foundation of the Dan River Region, American National Bank & Trust Company, Essel Propack, EBI, The Wednesday Club, The Jr. Wednesday Club, Alpha Phi Omega, Davis Storage and Warehouse, Piedmont Printing, Negril, The Danville Chapter of the Links, and Clement & Wheatley. The awards for all Graduate of Distinction scholarships total \$24,800.

CITY RECEIVES \$740,000 FROM STATE FOR RIVERFRONT PARK

The City of Danville has received \$740,000 from the Virginia Department of Conservation and Recreation for construction of the Riverfront Park to be located adjacent to the White Mill on four acres of the former Dan River Mills property.

With the addition of these funds, \$7.2 million has been raised from public and private sources, including foundations, businesses and corporations, and individuals. Contributions are still being solicited and can be made by contacting the Parks and Recreation Department at (434) 799-5200.

"I am thankful to Delegate Danny Marshall for introducing an amendment to the state budget to help pay for the Riverfront Park and to Senator Frank Ruff for supporting it in the Senate," Mayor Alonzo Jones said today. "The park will be a great amenity for the people of Danville and the region."

Bill Sgrinia, director of the Parks and Recreation Department, said he is thankful for the state's support and recognition of the importance of the Riverfront Park to the work that has been already been done by the private and public sectors in the city.

"The Riverfront Park is a true regional park that is being designed as the premier downtown public space," Sgrinia said. "It is hoped that quality public spaces like this will continue to spur future investment. We greatly appreciate our state level officials championing this effort."

The park is in the fundraising and engineering phase and will include an urban splash pad that will double as an artistic fountain, small performance area, river overlook, custom playground area, and river access.

The original cost estimate for construction was \$10.1 million, but Sgrinia said that figure could go higher because material and labor costs have risen.

The \$7.2 million raised includes a \$4 million challenge grant from the Danville Regional Foundation. On Tuesday night, the City Council adopted a budget for the next fiscal year, which begins July 1, that sets aside gap funding up to \$4 million. The gap funding will allow construction bids to be sought this fall.

Under the current timeline, construction would begin next spring, with completion in the spring or summer of 2023.

Besides construction of the Riverfront Park, the Parks and Department will oversee plans for a whitewater channel, restoration of the mill bridge, and extension of the Riverwalk Trail on the south bank of the river in front of the White Mill building. These projects are not included in the Riverfront Park construction cost estimates.

The whitewater channel will use much of the old canal system visible in front of the White Mill. It is being designed to allow control of the amount of water coming through the canal, which will make it appropriate for tubing, whitewater paddling, competitions and river rescue trainings.

The mill bridge that crosses the river from the White Mill building to the former Long Mill site will be converted to a pedestrian bridge to connect the Riverwalk Trail on the north and south banks of the river. The Industrial Development Authority will use grants to abate asbestos and lead paint and remove the bridge's metal panels.

An easement over approximately 1.12 acres of land fronting the Dan River will allow for the extension of the Riverwalk Trail.

1. Where was Jackie Wilson when he suffered a heart attack?
2. Name the Simon and Garfunkel song that was used in the soundtrack for the 1967 film "The Graduate"?
3. In which Hollies song does the name of the girl rhyme with "freckles"?
4. Which group released "Natural High" and "Outside Woman"?
5. Name the song that contains this lyric: "Come right back I just can't bear it, I've got this love and I long to share it."

Answers

1. He was on "Dick Clark's Good Ol' Rock and Roll Revue," singing "Lonely Teardrops." Wilson had a habit of taking lots of salt pills and water to create sweating, which he thought looked great onstage. Unfortunately, that combination also causes very high blood pressure. He never sang again.
2. "Mrs. Robinson." The following year it won a Grammy for Record of the Year.
3. "Jennifer Eccles." The name came from the wife of one of the writers and the maiden name of the other writer's wife.
4. Bloodstone, in 1973 and 1974.
5. "Have I the Right?" by The Honeycombs in 1964. The pounding drums were enhanced in the recording by the group stomping their feet on the wooden stairs at the studio, recorded by five microphones.

A drop of water on a tree leaf. 12 ants have gathered to drink ... what's amazing is that the ants have divided themselves into four groups. This is to maintain the balance of the water drop from tilting and then falling to the ground. It is a science of ants to cooperate and divide the share of water equally among them and give everyone his right.

Broccoli Salad

Ingredients

- 5-6 cups broccoli florets¹ 1 lb, this was about 2 ½ heads of broccoli for me
- 1 cup sharp cheddar cheese thicker, not finely shredded
- ⅓ cup dried cranberries
- ½ cup crumbled bacon
- ½ cup salted sunflower seeds
- ⅓ cup red onion diced into small pieces

Dressing

- ¾ cup mayo I use olive oil mayo
- ¼ cup sour cream
- 1 ½ Tablespoon white wine vinegar
- 3 Tablespoons sugar
- ¼ teaspoon salt
- ¼ teaspoon pepper

Instructions

Combine broccoli florets, cheddar cheese, dried cranberries, bacon, sunflower seeds, and onion in a large bowl.

In a separate, small bowl, whisk together mayo, sour cream, vinegar, sugar, salt, and pepper until smooth and well-combined. Pour dressing over broccoli combination and toss or stir well.

Broccoli salad may be served immediately, but for best flavor refrigerate for at least one hour before serving. Make sure to toss broccoli salad thoroughly again before serving. Keep refrigerated if not consuming right away.
