Sherry and Randy would like to officially announce that as of October 23rd, we sold 3rd Street Cafe.

We have owned 3rd Street Cafe for nearly ten years.

We would like to take this time to thank all of our loyal customers, friends, family and employees who have been with us over the years.

We have met so many amazing people who we like to consider our friends.

3rd Street Cafe has been purchased by Tammy and Chris Casper.

Tammy has been waitressing for us for 3-1/2 years. We have known the Caspers for many years and are happy to have the cafe in their hands. We are staying on cooking to get them started. We hope that you will continue to support 3rd Street Cafe for many years.

Thank You,
Sherry and Randy Hoffman

Where is Your
WEBSITE?

We have officially entered the Golden Age of the Internet, where having a website for your business is an absolute essential. So where's your website? The Windsor Press offers affordable website design and hosting of your new website. An effective website is the cornerstone of any small business's marketing strategy, offering fundamental information 24 hours a day. There are multiple reasons why you need a website today:

WEBSITES NEVER SLEEP
Websites never take a break, even after business hours are over, customers still have the opportunity to browse your business's website. A website will allow your business to be open 24 hours a day, every day of the year - that's the equivalent to having an employee work around the clock, even weekends and holidays!

"GOOGLE IT"
How many times have you heard "I'll Google it?" More than ever before, people are turning away from traditional means of finding information and looking online. Your business should be at customer's fingertips when they look on any online search engine.

INCREASES THE EFFECTIVENESS OF YOUR ADVERTISING
Print advertisements are definitely effective components in the advertising mix, but it's the website that strengthens your company's message. Once you have a website up and running, we recommend your print advertising include your website address.

INSTANT CREDIBILITY
Have you ever had difficulty making that sale? Or convincing someone that you are the real deal? Having a website is comparable to having an online business card, containing basic information on you and your offerings, along with a way to reach you.

CONTACT KATIE AT THE WINDSOR PRESS TODAY FOR YOUR NEW WEBSITE

Don't be so quick to dismiss your product as one that can't be sold online. Nowadays, there's very little that can't be sold over the internet. No matter the size of your business, it is crucial to have an online presence for customers to quickly and easily find out more about your business and the products or services you have to offer.
