**BE VICTORIOUS!**

The dreaded Checklist. The thing about Checklists is often it creates chores, YUK. Even the most task oriented person like myself does not always appreciate the Checklist. Yes we can see our progress and it helps keep us on task. But, it also reminds us we have things that we must do. You know that ghastly 16 letter word Responsibilities. What kinds of things land on the Checklist. Perhaps #1 Clean the bathroom, #2 Mow the lawn, #3 Pay the bills, #4 Grocery shopping, #5 Exercise. So according to this little notepad once completing the items on the checklist, we will feel Victorious. Nothing about completing those five items motivates me to feel Victorious. It just makes me feel very tired. Which gave me a wonderful idea. If your personality wants to check the list, but is leaning into procrastination, this could be the key to success. Throw away that Checklist and create a more appealing one, here goes. #1 Buy some luxurious towels so your bathroom looks prettier, #2 Telephone your nephew to mow your lawn, therefore helping him learn a new skill, #3 Go shopping for sandals and a purse, with cash, so you won't have to pay that credit card bill, #4 take a ride over to Oliver's Chocolates in Batavia and grocery shop the ice-cream cooler, a perfect way to support local and fill your freezer, #5 Grab yourself a refreshing Moscow mule and exercise those biceps. Now this is a great way to turn that Checklist into something not only do-able but actually enjoyable. Just imagine how great it is going to feel to put a big old, red check mark next to each task as you have completed them. So get your pen and paper out and get some chores down, put a little twist on them and watch your Can-do spirit take flight. Even if once you have claimed Victory there is still much to do, so what. You have no one to answer to but you.. and maybe your kids or your spouse, hmmm. Oh well, just share your ice-cream with them, with that cash you just pulled out of your newly purchased purse. Everyone wants to be able to proclaim Victory when attempting to accomplish. So why set yourself up for failure by making your list a big eye roll? Does your list have spring cleaning on it because mine does. What if it said, go light that fresh linen candle and open some windows. It is getting cleaner already! Seriously, if you are really innovative you can create a Victorious list of things that will bring Joy to others. On this list maybe you will go visit Grandma, take a flower to a treasured friend, give a stranger a smile.. This list once complete will not only make you feel Victorious but fill your heart full because you checked off emotions that bring others Joy, the most important Responsibility of all. So get moving and get checking! The world needs your Joyful Can-do Spirit and all the Goodwill it will create. What will be on your checklist?

### Superintendent Edwards releases District Strategic Planning Survey

Dear Members of the Albion Family,

Congratulations to everyone and thank you for your support in passing the budget. We couldn't do what we do without the hard work of everyone in this district and we're grateful for the confidence you have in us. Although the budget was passed, we deeply respect the perspectives of all voters and want to be better each day for everyone. In that spirit, I am writing to ask for your help!

The Albion CSD is excited to be looking towards the future by building on our tradition of excellence. We're beginning a strategic planning process that takes into account what is working, what we'd like to improve on and how everyone in our school community feels about the work. We need your input so that we can make the best plans for our district. Please tell us what you think we are doing well and what we can improve on. We would also like to know what you think we should be considering for the future. Our plans will be based on your feedback. Please share your thoughts by clicking on the following link, or scan the QR code below, to a thought exchange: <https://bit.ly/3v9MgGm>. If you would prefer to have a hard copy of the survey mailed to you or need to access the survey in Spanish, please contact the district office at 585-589-2056.

You can add thoughts, see what other community members are thinking and rate each other's feedback. All of this is done anonymously, and we encourage you to check back often to keep the conversation going. The exchange will be open **until June 11<sup>th</sup>**. Over the coming months, the board and leadership team will be using your feedback for discussions and planning with volunteers from all groups in our school community. Stay tuned for more information on how to get involved further.

Thank you again for your support and all you do to make our schools great.

Best wishes,

Mickey Edwards

Superintendent of Schools

### CHILD SAFETY SEAT CHECK EVENT

On Sat., June 12, 2021 from 10 a.m. - 4 p.m., the Albion Police Department will be conducting a Child Safety Seat Check Event in the Parking Lot of COVA (Central Orleans Volunteer Ambulance) Base, located at 239 S. Main St., Albion, NY 14411.

This Check Event, which is sponsored by the Governor's Traffic Safety Committee and COVA, will allow parents and guardians to have their child seats inspected by a Child Safety Seat Technician. The technicians will determine if the child safety seat will provide adequate protection for the child or if a new child safety seat is needed.

The Albion Police Department received a Child Passenger Safety Program grant from the New York State Governor's Traffic Safety Committee. This grant funding allows the Albion Police Department to purchase Child Safety Seats and other related items for conducting child seat inspections. The funding is used to provide Child Safety Seats to persons who currently have seats that do not meet safety standards following an inspection conducted by an Albion Police Safety Seat Technician.

Child safety seats reduce the risk of fatal injury by 71% when used correctly, however, misuse reduces effectiveness. More than 90% of child safety seats are used improperly. The Albion Police Department will continue to address this issue by participating in the New York State Child Passenger Safety Grant Program and conduct Safety Seat Inspection Checks.

Residents may call the Albion Police Department anytime at (585) 589-5627 and schedule an individual appointment to have their child safety seat inspected.

**Dear Residents of Barre,**

This is a response to an article submitted to the Pennysaver by Alexander Nacca on May 23, 2021 asking for donations to be made to Clear Skies Above Barre and sent to Iva McKenna.

To the first point that "numerous improprieties were committed at the Barre Town Board meeting on February 10," just understand that Clear Skies Above Barre has constantly asserted that the Town Board has not been following procedure or committing some offense, is patently false and misleading. This technique is their way to raise doubts about the Board, advice given by other anti-wind groups.

To the point that residents have asked questions that have not been answered regarding the Heritage Wind Project is false. Over a five year period there have been numerous meetings, panels, information forums, open houses, as well as Heritage Wind having an office in Albion and are always willing to answer any and all questions. The Board has taken a great deal of time and patiently listened to all sides of the issue at great length. Questions regarding safety regulations and requirements for the turbines have been answered multiple times. Clear Skies above Barre constantly ask the same questions over and over - do they ever listen to the answer? They give the public misleading information about the turbine project and when these assertions are debunked, the group re-asserts them as though they have new information.

To the point that the Barre Town Board is not properly representing the residents is also false. Several legitimate surveys have been taken that clearly show that a majority support the Heritage Wind project. A survey that supposedly showed that a majority of residents were against the project was not an endorsed survey and was entirely biased and extrapolated a number from a smaller number - fuzzy math! When they say that not all the residents are being represented, what they mean is their group is not getting their way. A minority group is hoping to complain and badger the Town Board in an attempt to thwart the will of the majority.

To the assertion that the Board members have not allowed all members' voices to be heard, that is false. Any member may be heard but they should not expect to get their way all the time. If you watch any of the Board meetings, you will not see any of the Board members being impolite - only keeping order in the meeting. Much was made of a meeting that Councilwoman Kerri Richardson asked to be cut short and the other members wished to continue. It was pointed out that she is a young mother and needed to get home to her baby. However, the option was always there for her to attend online or via phone. There had been enough meetings cut short or issues stalled and they wanted to move forward. Don't be fooled by this nonsense!

Finally, Mr. Nacca asked for donations to Clear Skies Above Barre for legal action against the Heritage Wind Project. It wasn't mentioned that George McKenna, also a member of Clear Skies, is running for Town Council, which is not appropriate since his daughter is already on the Board. While legally it is possible to run, no one wants a family to take over the Town Board. It is clear what the agenda will be if he were to win a slot on the Board, to bring lawsuits against the project and/or Town which would be costly to ALL residents and deprive the Town of the financial benefits.

Here are the benefits from the Heritage Wind Project coming to the Town of Barre: **over 40 million in new revenue over the next 25 yrs, 75% of that revenue going directly to the Town of Barre, up to \$1.5 million to support our local firefighters, \$5 million to support our local school districts (Albion and Oakfield-Alabama), \$5 million to support Orleans County services, and a doubling of property tax revenue allowing for much lower taxes for the residents.**

Republicans can make this a reality for Barre. Please vote for **Sean Pogue, Tom McCabe, and Lynn Hill** at the Republican Primary election on **June 22**. Early voting starts on June 12. Don't allow a minority to rob us of the opportunity! Thank you for your support!

## UNDERSTANDING HIP REPLACEMENT SURGERY

More than 450,000 total hip replacement surgeries are performed in the United States annually<sup>1</sup>, making it one of the most common orthopedic procedures performed today. With so many adults looking to stay active into their 60s, 70s and beyond—it's important to be aware of the procedures, and how to establish realistic expectations for your post-recovery goals.

### Are You a Candidate?

Experiencing joint pain doesn't automatically mean that you need a joint replacement. Total hip replacement surgery is generally performed for late stage conditions, most commonly osteoarthritis, or irreversible damage caused by fractures, torn cartilage, or torn ligaments after other options have failed.

### What to Know

Currently the approaches for hip replacement include posterior, lateral, and anterior. Of the three, the anterior approach offers less post-surgical pain, shorter recovery, and fewer post-surgery limitations in movement, such as bending over and crossing your legs. Why? According to Dr. Nicholas Valente "The anterior approach, doesn't require cutting through muscle to get into the hip joint, it maneuvers in between muscles, so it's less compromising. That means being able to get rid of a walker or cane faster, returning to work sooner, and taking less pain medicine after surgery."

### The First Step

Despite the post-surgery benefits from the anterior procedure, not every person is a candidate for this approach. But regardless, hip replacements in general can restore movement and reduce pain—and the No. 1 factor should be choosing a surgeon who will offer a one-on-one consultation, assessment, and personalized rehabilitation to help you reach your goals.

When replacing a joint is necessary, we pride ourselves on bringing quality orthopaedic care to all of our patients throughout the Western New York.

*"The anterior approach, doesn't require cutting through muscle to get into the hip joint, it maneuvers in between muscles, so it's less compromising."*

## Swearing in Ceremony of employees hired at the Orleans County Sheriff's Office

Sheriff Christopher M. Bourke would like to take this opportunity to introduce six (6) new employees that have been hired in 2021.

The Orleans County Legislature led by Chairman Lynne Johnson were gracious enough in allowing us to use the Legislature Chambers for this event.

Orleans County Clerk Nadine Hanlon performed the Oath of Office while the Sheriff, Jail Superintendent Scott Wilson, and Communications Coordinator Allen Turner assisted.

Chairman Johnson, on behalf of all the Legislators, express her deep appreciation for the work performed by members of the Sheriff's Office during these difficult times. Chairman Johnson reiterated the continuing commitment of the Orleans County Legislature to provide the Sheriff with the resources to keep our county safe and secure.

Sheriff Bourke thanked all in attendance wished the new hires well. Sheriff Bourke also personally thanked the County Legislature for their continuing support. I consider myself very lucky to live in a community that supports Law Enforcement Agencies

*Sheriff Christopher M. Bourke*

(L-R): Deputy Sheriff James White, Correction Officer Kyle Strickland, Deputy Sheriff George Barton, Correction Officer Jenna Raglan, Public Safety 911 Dispatcher Robin Boyle, Public Safety 911 Dispatcher Amy Strickland. THE LAW AND YOU

BY NATHAN D. PACE ATTORNEY AT LAW

### HOW TO TAKE YOUR CUT OF YOUR LLC

If you own and run an LLC (limited liability company), odds are you're going to want to cut yourself a paycheck at some point, and there are several options for doing so. If a steady income is your main concern, you might want to pay yourself a salary like a regular employee. To do this, you need to actively participate in the daily running of your business. You should also be sure not to overpay yourself for your role or you may run into some unpleasant tax implications. Alternatively, you can choose to take a distribution of profits at the end of your fiscal year or draw ongoing payments against your estimated year-end profit. Be sure not to over-estimate.

Forming a limited liability company (LLC) is the process of taking your freelancing or small business idea and turning it into a legal business entity. Your LLC will give you tax benefits and protect your personal assets if anything happens to your company. One benefit that a corporate lawyer can provide for you is business advising and counsel. It is a good idea to work with a corporate lawyer when you are forming your business, hiring/firing employees, or entering contracts. To schedule a free consultation, please call the Law Office of MACK & PACE. We emphasize business law, criminal law, family law, and estate planning.

(585) 798-1000  
534 Main St., Suite 6  
Medina, NY 14103

HINT: In an LLC, it is possible to pay yourself as an independent contractor for your business, but ultimately there are few, if any, benefits for doing so.

"The Right Lawyer Matters."

## Preparing for a Night Out

Many people anxiously await a return to pre-pandemic life. Even though the world isn't yet out of the woods, many restrictions have been lifted in recent months. That means people can once again enjoy evenings out on the town. However, being a bit out of practice, individuals may no longer be familiar with how to prepare for a night out.

Preparing for a night out with friends or even a date night shouldn't be stressful. Some advanced planning can make sure everything goes smoothly.

- **Make a reservation.** If dining out is in the plans, be sure to call the desired establishment in advance to see if they are taking reservations and learn if any restrictions are in place. There's a good chance indoor dining establishments will still be subject to reduced guest capacity.

- **Plan your transportation.** If a night out entails enjoying a few alcoholic beverages, then arrange for safe transportation home in advance. Utilize a ride-sharing service or taxi company; otherwise, figure out who will be the designated sober driver. Groups of friends may want to pay for the sober driver's meal as a token of their appreciation.

- **Charge your phone.** If a night out involves hanging out in an unfamiliar location or meeting new people, then be sure that your mobile phone is fully charged and you check in with trusted emergency contacts throughout the night.

- **Pick a pregame meeting spot.** When heading out with a squad of friends, save time by carpooling or establishing a predetermined meetup spot.

- **Spruce up your appearance.** Plan ahead for a night out by taking inventory of grooming habits to see if a makeover is in order. Set up an appointment for a haircut, color refresh, manicure/pedicure, or even splurge on a few new wardrobe items. If it's been a while since you have been out, you'll want to put your best foot forward.

People are increasingly returning to pre-pandemic activities, which may include enjoying a night out on the town. ■
