Sunday Morning Positive Perks

from your Sassy Small Town Missus

A LUCKY HORSESHOE

Seems an appropriate day to honor a symbol that was passed down to me. It was my Grandpa Clark's. I don't have many tangible things of his, but my memories of him are more valuable than things. He passed away when I was 13 years old. That would be 40 years ago. However, his image is as vivid as if I saw him yesterday. He was raised a quiet Nebraska farm boy. Big in stature but short on words. He didn't say much, he just grinned and grunted. The one thing he did say often was "don't tell your Grandmother". He used to call me "Frecks" because of all my freckles and sometimes "Half Pint". I loved him very much. He trusted me to try things beyond my years, like drive his Lincoln down the road or operate his treasured Wheel Horse. He was a gentle soul with a haunted heart. He served in World War II and was awarded a Purple Heart. Twice he was shot on two separate occasions. Once in the backside and once in the lung. In WWII they patched you up and sent you back out. We will never know the horrors that wartime brought to him since he never talked about it. It just was not something that the men of the Greatest Generation did. They just kept on keeping on. Being Father's Day, I felt it a good time to celebrate his Lucky Horseshoe. When my Grandparent's home was sold, I took the Horseshoe that once hung above his carport. For years we hung it in our home. In 2016 after our house fire, the Lucky Horseshoe went missing! We searched and searched but could not find it. This fall my husband and I were counting on a few stars to align as we began a new journey. We were looking to sell my business, buy some land and maybe win a few coins at the Casino. The morning before we headed out of State, my husband randomly came across the Lucky Horseshoe in our basement. Goodness! It was a sign that with patients and faith we were headed down the right path. We put the Lucky Horseshoe under the seat of our car and headed off on a seven day journey that has been the beginning of a new chapter for us. The business sold, the land was purchased and we even won a bit at the Casino. Lucky Horseshoes have seven nail holes to represent good luck and should always face upright to hold the Luck in. I should have known these past five years that the Lucky Horseshoe would be found, because one reason that the Iron Horseshoe is thought to be so magical is that it can withstand fire. So for me it is magical for two reasons, it came from my Grandpa and it helped set us up for a magical journey. So as you head into this Father's Day, whether you are honoring a living Father figure or a spirit Father figure remember all the magical things their example taught you. Happy Father's Day to My Dad who taught me to be grateful for what I do have instead of focusing on what I don't have. Happy Father's Day to Dad's.

What are your Lucky treasured Father's Day Memories? To see the Lucky Horseshoe Visit My Blog live online at <https://www.positiveperksposts.com> and catch up on Weekly Photo Perks and past Sunday Posts. Like and Share Your Comments.

THE LAW AND YOU

BY NATHAN D. PACE ATTORNEY AT LAW

BAIL

Whether by poor choices or unfortunate circumstances, if you find yourself in jail, your first goal will be to pay bail so you don't have to remain there until your arraignment, or worse, your trial date. If the crime you've been arrested for is common, such as minor theft or property damage, there is usually a set amount of bail you will have to pay. If you can't afford that amount and don't have property of value to offer, you may ask a judge to lower your bail at your arraignment. Being "out on bail" includes following any conditions of release set by a judge such as not leaving the state or having contact with others involved in the crime.

If you've been arrested for a minor offense, you might be given a written citation and released, after signing the citation and promising to appear in court at a later date. If not, you will go through the bail and bond procedure. If you have been charged with a crime and are worried about a way out, consult the Law Office of MACK & PACE. Being accused of a criminal offense can be scary and it may include a lot of paperwork. To avoid mistakes that might cause a longer sentence, please call.

(585) 798-1000
534 Main St., Suite 6
Medina, NY 14103

HINT: In some cases a judge may allow a person to be released without bail "on their own recognizance" if they have strong ties to the community such as children or if their crime was not violent and they have no prior record.

"The Right Lawyer Matters."

TOWN OF MURRAY REPUBLICANS

The Murray Republican Committee is proud to endorse Town Supervisor Joe Sidonio for a 2nd term. We, your elected Republican Committee, take very seriously our job to endorse the appropriate candidates for our town and endorsing Supervisor Sidonio was a right choice. The committee voted unanimously to endorse Joe because of his accomplishments as supervisor, his strong republican values and his unwavering work ethic.

In Joe's first year in office, he has accomplished a great deal of victories for the Town of Murray. Serving as the budget manager Joe has been able to provide historic tax cuts for Murray. He has also saved the town upwards of \$630,000 in debt refinancing and has delivered \$70,000 in Water Tax relief.

Supervisor Sidonio's accounting background and business mind coupled with his strong work ethic and Republican core values is exactly what the Murray Supervisor position requires. Joe is not a career politician. He is the right person for that position right now. Joe is transparent, accessible, and communicates. He is getting the job done that needs to be done for our town in these changing times. Our town needs that. We believe that past performance is the best indicator for someone's future behavior, and Supervisor Sidonio's track record and leadership has spoken for itself which is why we your Town of Murray Republican Committee fully endorse and support Supervisor Sidonio. We ask that you do as well.

Sincerely,
Town of Murry

Roy-Hart Sophomore Elected New York State FFA District 9 President

Royalton-Hartland sophomore, Lorna Becker was recently elected the 2021-2022 New York State FFA District 9 President. FFA is a leadership organization for students in grades 6-12 that develops an individual's premier leadership, personal growth, and career success through agricultural education. With over 8,800 members in New York, FFA and agricultural education coursework is found in 222 middle and/or high schools across the state.

Elected by a group of delegates from each FFA Chapter in Western New York, Lorna will begin her service as the District 9 FFA President on July 1, 2021. District 9 covers all the public schools in Niagara, Orleans, Erie, Genesee, Wyoming, Monroe, and Livingston counties. With this title, Lorna will represent all FFA members and Agricultural Education students within the district.

In her speech to the delegates, Lorna spoke on her plans to unify members through in-person and virtual opportunities. Additionally, she plans to create a "Council of FFA Presidents". The "Council" will be a group of all FFA Presidents for each District 9 FFA Chapter. At the monthly virtual meetings, Chapter Presidents will share the happenings within their chapter, highlight accomplishments, spotlight members, share engagement, service, and fundraising ideas. Lorna will disseminate that information by creating and publishing a monthly newsletter that will be shared with all FFA members in Western New York.

The Royalton-Hartland FFA Chapter and School District is extremely proud of Lorna and look forward to the great things that she will do as the 2021-2022 New York State FFA District 9 President!

To the Residents of the Town of Barre,

I am currently a resident of the Town of Barre and possess a Bachelor of Science Degree in Biology and a Master of Education Degree in Secondary Education and Special Education. With regards to the upcoming primary election on June 22, 2021 two town council positions will be available. It is important for the Town of Barre residents to have a voice, be able to express concerns on all matters, feel that they are heard, and have people in town council positions who vote representing the views of the residents.

According to The Association of Towns of the State of New York Town Law Manual referenced on page 20 addressing the duties of a Town Board member: "When a town board member votes on a proposal before the board, he or she represents, through that vote, the views of the town residents. Because of this high level of responsibility, and in order to ensure that residents' voices are accurately reflected, some board members may want residents to vote on matters before the town board takes action." A resident town vote or poll was never conducted concerning the construction of wind turbines affecting all of the residents in the Town of Barre and surrounding communities prior to lease contracts being signed and the board approving the updated Wind Ordinance on Feb. 10, 2021. At many Town Board meetings since 2018, residents have asked for a vote on the proposed Wind Project, or if industrial wind facilities have a place in the Town of Barre, and this request was dismissed every time. If a town vote

or poll was conducted it would have clearly shown where the majority lies alleviating the stress and division it has placed on the community. Instead only one survey was conducted; however, I never received this survey along with the majority of residents in Barre. Essentially the results of this survey do not accurately represent the views of the residents of Barre because not all of the 2,025 residents were aware of this survey and did not receive this survey by mail.

On Nov. 4, 2020 I submitted an email to all four town council board members including the town supervisor expressing my concerns regarding six 680 feet wind turbines being placed all within ¾ of a mile from my residence. My four-year-old child was diagnosed with autism two years ago. Autism is a neurological developmental disorder. All children with autism have Sensory Processing Disorder (SPD) which causes their nervous system to respond to stimuli much different than an ordinary individual. People with autism are extra sensitive to sound and visual disturbances due to the abnormal neural connectivity in their brain which can impact their ability to function daily. Therefore, close proximity of wind turbines to an individual with autism can severely impact their quality of life due to the shadow flicker, audible noise, and infrasound.

Then on Feb. 3, 2021 I submitted an article to all town council board members written by Grace L. Howell from Western University entitled, "Autism and the effect of introducing a new noise source into quiet rural communities: risk factor from industrial wind power generation", to validate my concerns regarding the effects on individuals with autism in close proximity to wind turbines.

On Feb. 10, 2021 all four town council board members along with the town supervisor were emailed a letter from my daughter's developmental

pediatrician, who diagnosed my child's autism, expressing concerns for the impact wind turbines can have on a child with autism. It is important to note that only one town council board member responded to my letter, article, and doctor's letter addressing these concerns, and she is not up for re-election this year.

In addition, on Feb. 10, 2021 a town board meeting was held without public attendance due to COVID restrictions allowing virtual access through YouTube. One town board member addressed my concerns regarding close proximity of six turbines to my child with autism. Some town board members acknowledged that they received the three emails including attached documents but dismissed my concerns regarding my child with autism declaring that it is "site specific" only. The town supervisor then stated at 3 hrs and 5 minutes into the meeting regarding my concerns, "At this time with the autism, I don't see where we can really do anything with that. Um in essence that would be like telling if that project were to go through they would have to remove four or five of their turbines in that area up there but the ambient noise I think is the same or greater if I remember the research on that."

It doesn't matter where you stand on the proposed Wind Turbine Project the concern is that if your position doesn't align with the current town council board members your concerns will be dismissed and not considered important enough. Let's not put a price on a child with special needs quality of life. If the Town of Barre residents want to be heard and have their concerns addressed please make a change and vote for George McKenna and Dave Waters for town council on June 22, 2021.

Thank you,
Katie Smith

My name is Laurie Kilburn and I'm currently the Deputy Town Clerk for the Town of Ridgeway. Karen Kaiser, the current Town Clerk, is retiring at the end of this year and therefore I am running for the office of Town Clerk. I am a lifelong resident of Ridgeway, a dedicated Republican, and have been endorsed by the Conservative Party.

I have been Deputy Town Clerk for over two years and have had the privilege of receiving hands on training from the Town Clerk. During this time I've learned many duties of the Town Clerk's office including processing dog licenses, issuing birth, death and marriage licenses, using the DEC system to issue hunting and fishing licenses, records management, tax collection, time keeping and payroll. I've also had the opportunity to learn duties that are not performed on a daily basis such as how water districts are formed as well as creating and maintaining cemetery documentation.

I continually focus on my career by attending trainings via webinars and have had the opportunity to attend the NYS Town Clerk's Conference during my first year as Deputy Town Clerk. Although there is always more to learn, I believe I have the experience and dedication needed to make a smooth transition during the change in office.

I'm asking for the voter's support on Primary Day, Tuesday, June 22.

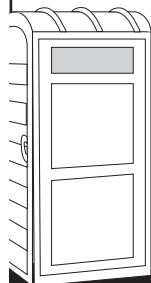

I will work to make the transition as smooth as possible by serving you with honesty, dedication and respect. Thank you for your support.

Sincerely,
Laurie Kilburn
Deputy Town Clerk

Carlton GOP chairman says Narburgh has proven to be effective town clerk

Posted 16 June 2021 at 9:43 am

Editor:

I am very encouraged that this election cycle, in particular, this year's Primary Race for Carlton Town Clerk, has voters taking the initiative to become as informed as possible in regards to the two candidates and why this Primary is necessary.

As chairman of the Carlton Republican Committee, I would like to offer some insight as to why we, the Committee, endorsed the incumbent, Karen Narburgh.

To paraphrase McKinney's Town Law §30, the basic job description for a Town Clerk is to be:

- Custodian of all Town Records, including, but not limited to all meeting minutes, the Ordinance Book, and deeds of conveyances
- Receiver of all monies due the Town (taxes, water bills, etc.)
- Maintainer of the Town's signboard for legal postings
- Issuer of licenses and permits

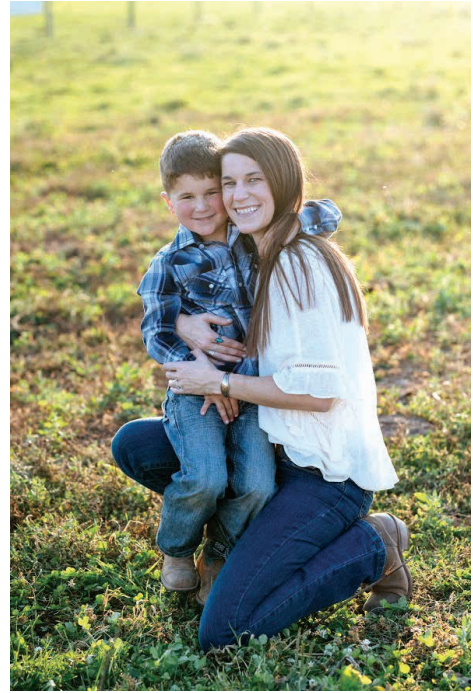

In addition to the above, Karen has proven countless times, the actual job description should also include:

- A genuine desire to see that the Town is managed in a positive manner for growth
- Taking pride in being a customer service professional by knowing the residents and landowners
- Being attentive to the resident's needs and having the ability to resolve issues at the basic level, in a timely fashion, often immediately
- Commitment to being available, whether herself personally or her staff, at any time day, night, or weekend as events arise
- Having the ability to recall prior situations and their outcomes in order to maintain continuity
- Demonstrating knowledge in the various, current programs, and being able to coordinate with each (REDI, LWRP'S, Solar, Wind)

- Being an effective liaison between the Town Board and sub-set boards and positions (Planning, Zoning, Highway and Water Depts., Assessor, Courts)
- Professionally able to work with outside contractors and consultants to better maintain Town assets

These attributes are not ones we are born with. They are developed over time and honed in with dedication, determination, and experience. The Town of Carlton and Karen have committed a lot of time, effort, and resources to give the residents of Carlton a Town Clerk to be proud of.

There is no hidden agenda as to why the Carlton Republican Committee made Karen our endorsed candidate. We, as a Committee, are charged with the duty of putting forward the best and most qualified candidates to serve the Town's best interests.

That, is in fact, what this position is all about, public service to the community, of which Karen has excelled at.

Respectfully Submitted,
John Fitzak
Carlton

JOE SIDONIO**Endorsed Republican**

In my first year we've accomplished a lot. Despite the pandemic we brought about difficult but necessary changes while taking on the toughest issues. The record speaks for itself.

- Reduced budget spending and property taxes by 1.6%
- Eliminated Golden Parachute benefit packages for departing elected officials saving over \$70,000.
- Reduced water taxes over \$70,000.00
- Refinanced long-term debt saving \$631,000.00
- Acquired a Moody's Bond Rating of A1
- Reduced the 50% town wide water loss to 30%
- Reduced discretionary highway spending \$92,000
- Comprehensive Plan and Zoning Amendments are near completion
- A new Town website with live streaming capabilities for open government and transparency.
- Initiated monthly work meetings with Community involvement
- Restoring and rededicating the Fancher War Memorial is underway.

I set the Town on an aggressive re-boot from day 1. I am proud of these accomplishments and must commend everyone for their contributions in making these achievements a reality.

- Thank you to EFPR Financial Solutions for accounting upgrades and help refinancing debt.
- Thank you to HV Audit for analyzing our water billing program and providing reliable water loss data.
- Thank you to our amazing Comprehensive Plan Committee who have volunteered this past year to create a vision statement, master plan and zoning amendments for our future.
- Thank you to our Highway and Water Crew for all you do. Working long periods of time in adverse weather conditions with little rest. With your grit and determination, we have significantly reduced our water losses. I'm confident you will rectify our remaining deficiency and lead the county by example.
- Thank you to our Town Board for your service.
- A very special thank you to Town Clerk Cindy Oliver who from the outset has welcomed me, tolerated my strenuous agenda and has been a constant delight to work with. Chief of Staff, nothing would get accomplished without you. Thank you.
