**Kauffman's 19th Annual  
Antique & Custom Cruise-In**  
Labor Day - September 7, 2015  
Located 2 miles E. of Bethel off Old 22

All Proceeds will be donated to **Trinity U.C.C. Church, Rehrersburg, PA**

In an effort to best utilize the space on the show field, we have decided to change our show format to a cruise-in versus the vehicle classes we have used in years past. This will allow more vehicles in the main area of the show field and allow a better flow for parking after registration.

Awards will not be given based upon a judging points system, but individual picks by sponsors or selected individuals. We will still have the overall people's choice, club participation and special category awards. A \$10.00 registration fee will be collected the day of the show by cash, check or money order. Checks or money orders are to be made payable to **Trinity UCC Rehrersburg**. There is no preregistration discount.

**Registration is open from 7:30 - 11:30**  
To be eligible for an award, your vehicle must be registered.  
If there are any questions concerning the cruise-in, please call Tim Glynn 717-933-5401.

**Special Award Categories:**

- Best of Show
- 2nd Best of Show
- Outstanding Engine
- Outstanding Interior
- Outstanding Paint
- People's Choice Award
- 1st & 2nd Club Participation

• Food & Refreshments on Show Grounds  
• Featuring Oldies Music by "New Energy"  
• The Miller-Keystone Bloodmobile will be on site to accept blood donations.

Additional funding for this event provided by the charitable outreach program of **Thrivent Financial for Lutherans**.

**Flea Market / Craft Show Vendors Welcome**

- ◆ 15'x20' lots @ \$15 each must be preregistered. Please call Kim Glynn 717-933-5401
- ◆ Make Check or Money Order Payable To **Trinity U.C.C., Rehrersburg**
- ◆ Send Registration & Payment To: **Kim Glynn, 23 Gravel Pit Rd., Bethel, PA 19507**

❖ No pets, bicycles, tents, canopies or "For Sale" signs allowed on Show Field  
❖ NO alcohol and NO burnouts

*Kauffman's, Trinity UCC or any of the Auto Show Sponsors will not be held responsible for any personal injury, property damage or other liabilities.*

\* Show vehicles must be driven onto the show field. (Parking is provided for trailers).  
\* First 250 registered vehicles will receive a Dash Plaque.

**Directions:**  
From Harrisburg: Take 81 North to 78 East - exit 13. Turn right off the ramp. At the traffic light go straight. Drive approximately 2 miles to the sign and turn right. The Cruise-In is approximately 1/4 mile on the left.  
From Allentown: Take 78 West to exit 16. Turn left off the ramp. Go to the stop sign. Turn right onto Old 22 to the sign and turn left. The Cruise-In is approximately 1/4 mile on the left.

### ETERNAL PUNISHMENT

There are people who are trying to reason away the reality of eternal punishment (hell). People might ask the question, how is hell consistent with the love of God? We need to have the assurance that God will not send anyone to hell. If anyone ends up in hell they have deliberately CHOSEN to go there. In Deuteronomy 30:19 it says, "--- I (God) have set before you life or death, blessing and cursing: therefore CHOOSE life, that both thou and thy seed may live". That is the invitation that is going forth from God. He wants us to CHOOSE life. Each one of us must PERSONALLY CHOOSE. God did what He could to deliver mankind from hell. "For God sent not his Son into the world to condemn the world; but that the world through him might be saved" (John 3:17). "So shall it be at the end of the world: the angels shall come forth, and sever the wicked from among the just, and shall cast them into the furnace of fire: there shall be wailing and gnashing of teeth" (Matthew 1:49-50). Also read 11 Thess. 1:9, St. Luke 3:17, Rev. 14:11. God in His mercy told us all these things. Jesus said in St. John 5:39 "Search the scriptures ---".

### BLUE MOUNTAIN MENNONITE FELLOWSHIP

### Tips For A Healthy School Year

Students are most likely to get sick when school starts because being at school put children's immune systems to the test, offers The Mayo Clinic. Young children who are in close proximity to others in large groups tend to spread organisms like bacteria and viruses that cause illness. Breaking the cycle can take some work, but it's possible to make this a healthy school year.

**ENCOURAGE HANDWASHING**  
Frequent handwashing is a great way to prevent illness. Handwashing habits are essential for school-aged children and should be taught as soon as possible. Children should wash their hands after they use the bathroom and before they eat. If they've been playing outside or have interacted with children

who are sick, handwashing can help remove some of the germs lingering on their hands. Most effective is washing hands with warm, soapy water.

**STOP (SOME) SHARING**  
Sharing develops good manners and can foster new friendships. But children should be discouraged from sharing food, drinks and other personal items. Once the item has been placed in a child's mouth, it should not be shared.

**PROMOTE ADEQUATE SLEEP AND NUTRITION**  
While adults may need between seven and nine hours of sleep a night, children often require more. The National Sleep Foundation recommends eight to 13 hours of sleep a night for school-aged children. Begin

adjusting sleep schedules during the latter part of summer vacation so that children can readjust to their regular sleep schedules. Parents also should feed kids nutritious diets consisting of a variety of foods. Avoid high-calorie junk foods, reserving such items only as special treats every so often.

**DONATE CLEANING SUPPLIES**  
Some schools may be underfunded and may not have enough supplies to keep all of the classrooms and surfaces clean. Parents can help by donating cleaning wipes so that students and teachers can thrive in clean, healthy environments.

### Strategies To Motivate Students To Be More Physically Active

Today's students arguably have more on their plates than any generation that came before them. But even with their hectic schedules, kids still have free time, which many are not always using in the healthiest ways possible. According to the Centers for Disease Control and Prevention, nearly one-third high school students play video games or computer games for three or more hours on an average school day. Sedentary lifestyles can increase kids' risk for being overweight or obese, and many parents struggle in

their efforts to encourage their school-aged children to get off the couch and embrace physical activities. The following are a handful of strategies concerned parents can employ as they attempt to motivate youngsters to be more physically active.

- Choose the right activity. Physical activity and organized sports are not one and the same. Kids can still be physically active even if they are not athletic or if they are simply not interested in sports. Find an activity kids can embrace, such as hiking, swimming or even

riding bikes, and they will be more likely to get off the couch.

- Limit screen time. Kids spend lots of time in front of computer and television screens, which can be detrimental to their overall health. Parents can place restrictions on the amount of time kids are allowed to spend surfing the Internet, playing video games and watching television, encouraging youngsters to spend time enjoying the great outdoors or playing with friends rather than spending it staring at a screen.
- Join in the fun. Parents can set positive examples by being

physically active and even exercising with their children. Rather than retiring to the couch after dinner, take nightly walks or bike rides as a family. This is a great way to get kids off the couch, but also a great way to spend more time together as a family.

- Involve kids in your own pursuits. Parents who are weekend warrior athletes can involve their kids in their own activities. Take kids along on weekend jogs, kayaking trips and so on, all the while explaining the important role physical activity plays in living a healthy lifestyle.
