AC service & tuneup

You deserve better this summer.

Don't spend another hot, muggy summer wishing you were cooler.

Do you have Window AC Units

Let BQF install a mini-split AC system in your home. With a small profile and no ductwork required, these units install quickly, easily and can keep you cool on a reasonable budget.

Do you have Central AC

When was the last time you had your AC system checked? Let our experienced technicians perform a 10-point inspection and service to ensure another summer of efficient operation.

Do you have an OLD Central AC

If your air conditioning system is more than 15 years old, now is the time to look at upgrading to better efficiency and greater comfort. New high efficiency systems can help pay you back through energy savings.

Change Your Thoughts ... And Life Changes

This statement sounds cliché, however, research conducted through the domain of positive psychology is finding lots of evidence to back this phrase. Yes, research shows happiness does NOT come after success, but success comes from a positive, happy mindset. Additional research by Barbara Frederickson, PhD. (Fredrickson [1998]), has validated the 'Broaden and Build Theory'. According to the broaden and build theory, positive emotions often initiate a cycle of more positive emotions. Specifically, positive emotions can facilitate the development of skills, networks, resources, and capacities, which in turn promote well-being and fulfillment. Basically, positive

thoughts and emotion play a huge part in your success in life. More importantly, research now shows effective ways to change your thinking and see life through a more positive lens. Ancient masters and modern motivational speakers alike have been teaching these methods in different ways. Through using these simple techniques explored by positive psychology and NLP (neurolinguistics programming) it is possible to change your thinking and change your life! Classes are being held at Unity of Reading (please see ad). Fredrickson, B.L. (1998). What good are positive emotions? Review of General Psychology, 2, 300-319.

Angel Day

Angel Day is a national holiday created by Rev. Jayne Howard Feldman and her angels to remind us to "Be a blessing to someone. Do a small act of service."

Angel Days is a time to gather friends that are old & new and share our angelic gifts to help others intuitively in health, mind, body and spirit. "A cheerful heart is good medicine..."

50+ vendors will be sharing their gifts with all who enter such as art forms, angel & flower essences, music, foot reflexology, reiki, crystals. WHEN TO ELECT SOCIAL SECURITY MAY BE THE SINGLE MOST IMPORTANT DECISION OF YOUR RETIREMENT

The difference between the best and worst possible outcome is often over \$100,000. Most people think you can do a simple break-even analysis using one of many free break-even calculators available to determine whether to elect Social Security early or wait.

However, virtually all of the simple break-even calculators in use today ignore the spousal and survivor benefits available to married couples. There has never been a tool that could offer a thorough analysis to show married couples when to elect their Social Security benefit and whether to use creative election strategies to maximize their income stream - until now.

Using software analysis, we examine hundreds of possible combinations, including 81 possible age combinations across nine possible election strategies, and find the one option that offers the highest expected lifetime benefit.

The Emblem of the Land We Love

As we celebrate the Fourth of July with barbecues, fireworks and revelry, it's important to remember the true meaning of this important holiday. On the birthday of our nation, we celebrate freedom and democracy while saluting the heroic efforts of those who have fought for and defended our liberty since July 4, 1776. Happy Birthday, America.

As we celebrate Independence Day, we are once again reminded that freedom is not free. Just as America fought for independence in 1776, American troops continue to defend freedom around the world today. July Fourth is a day to honor the men and women who have sacrificed so much to protect our liberty. It's a day to proudly celebrate our great country and the ideals it represents.
Happy Birthday, America!
