The Woodlawn Cemetery

ADVERTISEMENT

Woodlawn helps you plan ahead for peace of mind in person or virtually

Brookside Cremation Garden

When a death occurs, most New Yorkers aren't sure who to turn to or what to do. We recently spoke with The Woodlawn Cemetery about how they help individuals put their end-of-life preferences in writing ahead of time to prevent their loved ones from having to make decisions on their behalf.

Penny Pincher: How does Woodlawn help families with making difficult end-of-life decisions?

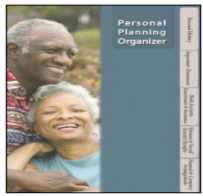

Woodlawn: Our Family Service Associates work with individuals and families to address their preferences about end-of-life arrangements. This includes offering our complimentary Personal Planning Organizer, to gather all the information needed for final arrangements in one place. Then, when the time comes for loved ones to make decisions, the process is easier. Not to mention you can secure today's payment rate with the decisions you make.

PP: What type of information is typically needed when making arrangements?

Woodlawn: Essentially, the location of all of your important documents. This includes social security numbers, marriage licenses, and military discharge papers. Where to find bank, retirement, and investment accounts. How to locate insurance policies, veterans, and social security benefits, and of course, preferences for funeral and cemetery arrangements. We provide families with a Personal Planning Organizer so they can collect all the information that the funeral home or cemetery will need and ask for at the time of death. When properly filled out, this organizer can simply be handed over to the funeral home and cemetery so bereaved family members don't have to dig through documents for these details in their time of grief.

PP: How is Woodlawn handling arrangements if a family is not able to meet in person?

Woodlawn: During these unusual times, our Family Service Associates are able to meet with families either in person (with safety precautions) or virtually. If you choose to meet virtually, our staff can walk you through property selection via our website. If needed, multiple family members can participate in a contactless appointment at the same time. We are here to make sure that all your questions are answered and that you receive the highest level of service whether you choose to meet with us in person or virtually.

Personal Planning Organizer

PP: What are some of the options that Woodlawn offers for memorializing a loved one?

Woodlawn: There are many options for traditional burial and cremation including private mausoleums, community mausoleums, traditional burial with a headstone, cremation benches, niches, and more. It's important for an individual to express their preferences between traditional burial and cremation, and which type of burial is preferred: in ground, above ground, or cremation. This is a great example of a question that can be addressed in the Personal Planning Organizer. Most people have a strong opinion on their own final disposition, and it's important to make sure those preferences are in writing.

PP: With the rise in cremation, what kinds of questions are you hearing?

Woodlawn: Most families want to know what their options are. Families need to know there are meaningful options for cremated remains. We hear from so many who have the cremated remains of a loved one at home and aren't sure what to do with them. We'll make sure you understand all of your options and talk through what is best for you and your family.

PP: What do you say to these families?

Woodlawn: First, we explain how important it is to have a place they can come back to over the years to visit their loved one who has died. This is an essential part of the grieving process and one that is often overlooked. Then we advise them to come to Woodlawn to see their options for themselves. We have something for every-one and every budget. We also make sure to tell families that Woodlawn is proud to be an exclusive provider in the Bronx of the Cremation With Confidence™ Guarantee. This means that we own and operate our own crematory and follow a 10-step process that ensures your loved one is treated with dignity and respect throughout the cremation process. We take our responsibilities very seriously and want families to know that.

PP: What is the next step families should take?

Woodlawn: Call us to make an appointment to meet with us in person or virtually. Call 718-920-0500 or visit www.woodlawn.org.

FIREWORKS

Every summer my office is inundated with fireworks complaints. I remind you that fireworks in this city are illegal. If you or someone knows of a place where illegal fireworks are being stored, please contact the Fire Department by calling (718) 722-3600. This will allow agencies such as the Fire and Police Departments to inspect a location for illegal fireworks or simply remind the property owner that storage of such products is illegal and could risk confiscation. You can also contact us anonymously and we will pass the information along to the NYPD, FDNY, and NYC Sheriff's Office.

CIVIL SERVICE EXAMS OPEN TO THE PUBLIC

I urge all to be mindful of the NYC Department of Citywide Administrative Services website about municipal employment opportunities. As you know, some jobs require an examination that is often open to the public. Employment opportunities such as being a police officer, school safety agent, traffic enforcement agent or a child protective specialist require an examination. I understand that most employment opportunities, if not all, are mostly applied for through the Internet. Therefore, I am making my office available to help any person interested in learning more about the application process in hopes of having the applicant land stable employment with the City of New York. If you wish to view upcoming examinations, please visit <https://www1.nyc.gov/site/dcas/employment/how-can-you-find-upcoming-exams.page>.

CALLING 311 FOR SUBWAY CONCERNS

Just last week, the 311-complaint system announced that it will now accept complaints and concerns regarding the subway system. Complaints such as a malfunctioning air condition system in a subway car, cleanliness on our subway platforms, or homeless persons in need of assistance can now be lodged by calling 311. You may also text 311 by texting "311-692." For emergencies, continue to call 911.

COUNCILMAN MARK GJONAJ'S NYC: I hope you and your families are doing good as we are well into the month of July, the heart of the summer and Disability Pride Month. This annual observance promotes visibility and awareness of the positive pride felt by people with disability, the positive supportive culture surrounding them, the unique experiences that we have as people and the contributions that we offer to the society. The latest Tropical Storm Elsa brought heavy thunderstorms and rain in our area flooding subway stations, highways, roadways and our coastal communities. In tune with this storm and the major need to change resiliency strategies in our District and NYC, this week I was to proud announce two of my bills that will require the city to take proactive measures to better protect coastal and outer-borough communities disproportionately impacted by natural disasters and floods. The first bill requires the creation of a dedicated city agency, Department

of Coastal Protection, with the mandate of developing proactive waterfront defense policies and educating the public. The second bill will require the city to evaluate burying all above ground power lines, an issue of important public safety. As always we are here for you, so please do not hesitate to contact my office with issues or concerns at: 718-931-1721 or MGjonaj@council.nyc.gov.
