Salome's Stars

ARIES (March 21 to April 19) A misunderstanding tests the temperament of the sometimes-headstrong Aries. Instead of blowing your top, take time for a pleasant diversion while things cool down.

TAURUS (April 20 to May 20) A workplace problem could make the divine Bovine see red. But talk it out before you consider walking out. Some surprising facts emerge that change your earlier focus.

GEMINI (May 21 to June 20) You face a choice between ignoring your uneasy feelings about your relationship with that special person and demanding explanations. A close friend offers wise counsel.

CANCER (June 21 to July 22) A change you'd been hoping for carries an unexpected complication. Stay the course, and things will work themselves out. Be sure to make time for family and friends.

LEO (July 23 to August 22) Aspects favor spending time with loved ones. On the job, new ideas are generally welcomed. But some demands for changes could cause problems. Be ready to defend your choices.

VIRGO (August 23 to September 22) Good news: That workplace problem is close to being resolved with results that should please everyone. Take time off to indulge your love of fun and games.

LIBRA (September 23 to October 22) Most of the time you are the most unflappable person around. But be ready to be thrown off-balance in the nicest way when Cupid takes aim in your direction.

SCORPIO (October 23 to November 21) It's not often when someone tries to "sting" the sharp-witted Scorpion. But it can happen. Continue to be skeptical about anything that seems too good to be true.

SAGITTARIUS (November 22 to December 21) Your strong sense of self-esteem helps you serve as a role model for someone who needs personal reassurances. Your efforts pay off in an unexpected way.

CAPRICORN (December 22 to January 19) Someone close considers revealing a painful secret. Withhold judgment. Instead, open your generous heart, and offer dollops of your love and understanding.

AQUARIUS (January 20 to February 18) Your talents as a peacemaker are called upon once more as an old problem re-emerges with new complications. Move cautiously in order to avoid falling into hidden traps.

PISCES (February 19 to March 20) Your artistic side is enhanced with the reception given to your new project. Use this success as encouragement toward fulfilling your larger goals.

BORN THIS WEEK: Your natural sense of leadership is combined with a deep sense of responsibility. People trust you to give them both guidance and understanding.

(c) 2021 King Features Synd., Inc.

A young couple moved into a new house. The next morning while they were eating breakfast, the young woman saw her neighbor hanging the washing outside. "That laundry is not very clean; she doesn't know how to wash correctly. Perhaps she needs better soap powder. Her husband looked on, remaining silent. Every time her neighbor hung her washing out to dry, the young woman made the same comments. A month later, the woman was surprised to see a nice clean wash on the line and said to her husband, "Look, she's finally learned how to wash correctly. I wonder who taught her this?" The husband replied, "I got up early this morning and cleaned our windows." And so it is with life... What we see when watching others depends on the clarity of the window through which we look. So don't be too quick to judge others, especially if your perspective of life is clouded by anger, jealousy, negativity or unfulfilled desires. "Judging a person does not define who they are. It defines who you are."

KOVELS® Antiques & Collecting

By Terry and Kim Kovel

Terrestrial Globe

Home schooling and extra time spent with family because of coronavirus health rules has created a demand for maps, globes and more information about other countries. It is not difficult to figure out the probable age of a globe. The older the globe, the higher the price might be. The first terrestrial globe known to historians was probably made in 1492, a globe showing what the land mass looked like on a sphere. It was created in Germany.

A terrestrial globe you might buy today at a flea market or house sale is probably less than 100 years old. Look for the name of the manufacturer. You can research when the company made globes. Early makers are listed online and in schoolbooks. You can note the country names on a globe and make a list to guide your search for a date. There have been many name changes and they overlap in time, so a list helps. Russia became the Soviet Union in 1922. There is a song that reminds us, "Now it's Istanbul not Constantinople," dating the change in 1930. And Persia became Iran in 1935. Siam changed its name to Thailand in 1939. There have been many more changes, but these should help spot a globe made before the 1930s. Israel was created in 1948. The Gold Coast became Ghana in 1957. Ceylon became Sri Lanka in 1972. Czechoslovakia split into two countries in 1993 and a new map or globe now calls them the Czech Republic and Slovakia.

The first celestial globes showing the positions of stars were created in the second century, and they are also made today. Probably the most expensive new globe available is one sold by Hammacher Schlemmer for \$14,000. A new school globe can sell for as little as \$70.

This terrestrial globe was made by Rand-McNally in the 1930s. The stand is made of mahogany. The 17-inch globe has a calibrated meridian and a paper horizon band. It sold at Locati Auctions for \$154.

them, maybe at an antique or vintage bookstore?

A. Textbooks that aren't current don't sell well. A medical textbook from the mid-1800s or earlier might have some historic value, especially if it has advertisements in it. An 1865 edition of "Gray's Anatomy" sold at auction last year for \$168.

CURRENT PRICES

Cut Glass, rose bowl, Persian pattern, round, closely notched rim, rayed base, American Brilliant Period, 2 x 3 inches, \$95.

Jewelry, earrings, koi fish, Sea Shimmer, gold tone, blue rhinestone eyes, white and aqua bead accents, clip on, Elizabeth Taylor for Avon, 1994, 1 1/2 inches, \$155.

Toy guitar, Elvis Presley, 6 strings, plastic, decals, Love Me Tender, You Ain't Nothin' But A Hound dog, Emeenee, box, 13 x 33 inches, \$255.

TIP: Swish some vinegar in a stained coffee or teacup. Then wash and dry the cup. The stains will disappear.

HOLLYWOOD
by Tony Rizzo

HOLLYWOOD — James Franco's reputation for working tirelessly on many projects was well-known. But that all halted in 2017, when two female students, in an acting class he taught, accused him of coercing them to perform explicit sex scenes on camera. A court awarded them and class-action members who filed against Franco \$2,235,000. The two actresses divided \$1,341,000, and a fund was started for the other class-action members.

While Franco paid, he hasn't formally admitted that anything inappropriate happened. "The Long Home," produced, directed and starring Franco, with Josh Hutcherson, Timothy Hutton, Courtney Love, Ashton Kutcher and Josh Harnett, has sat in limbo since 2017, presumably waiting for this verdict. Now Great Point Media, which owns the rights to the film, is desperately looking for a distributor.

Matt Damon has been quietly stacking films for release to theaters. The first, the crime-drama "Stillwater," with Abigail Breslin, arrives July 30; "The Last Duel," produced and directed by Ridley Scott, and written by Damon with Ben Affleck and Nicole Holofcener, stars Damon and Jodie Comer and is set for Oct. 25. He's currently working with Chris Hemsworth, Natalie Portman, Christian Bale and Chris Pratt in "Thor: Love and Thunder." Damon also is executive producer of "Green Beret's Guide to Surviving the Apocalypse," which he's wanted to do since volunteering in Haiti in 2009.

Now that patrons are returning to theaters, they'll be watching three top actresses from yesterday, today and tomorrow: Two-time Oscar winner Jane Fonda (for "Klute," 1971, and "Coming Home," 1978), at 83, is not slowing down. She's working with Lily Tomlin on the long-delayed seventh season of "Grace and Frankie" (shut down by the pandemic in January) and lending her voice with Whoopi Goldberg for the Apple TV 3D com-

puter-animated comedy "Luck." Two-time Oscar winner Cate Blanchett ("The Aviator," 2004, and "Blue Jasmine," 2014) is awaiting the release of director Guillermo del Toro's "Nightmare Alley," co-starring Bradley Cooper and Willem Dafoe, due Dec. 3, and the Netflix black-comedy "Don't Look Up," with Jennifer Lawrence, Leonardo DiCaprio, Meryl Streep and Timothee Chalamet. She's just wrapped the sci-fi comedy "Borderlands," with Kevin Hart, Jamie Lee Curtis and Jack Black, for Lionsgate.

And rising fast is Karen Gillan, who was Amy Pond in the "Doctor Who" series (2008 and 2010-2013). Fans know the 33-year-old native of Inverness, Scotland, as "Nebula" in "The Guardians of the Universe" franchise, "Jumanji: Welcome to the Jungle" (and its sequel), with Dwayne Johnson, Kevin Hart, Jack Black and Nick Jonas, and she gets top billing in the Judd Apatow Netflix comedy "The Bubble," above David Duchovny, Leslie Mann and Fred Armisen. To think it only took her 12 years to become an overnight sensation!

DANVILLE PARKS AND RECREATION CALLS FOR COMMUNITY HOLIDAY LIGHT SHOW ORNAMENT DESIGNS FROM DANVILLE RESIDENTS

Danville Parks and Recreation is calling for design submissions from the community for the ornament sold at its annual Community Holiday Light Show. Since the light show's inception in 2014, Parks and Recreation has designed each ornament in-house or with a contracted designer. With a conscious effort to increase community involvement in all Parks and Recreation events, community members are encouraged to submit their designs for the first ever community-designed ornament.

Submissions are required to be Danville related and feature the iconic HOME Sign element somewhere in the design. Previous ornament designs included a train over the river, a trolley in town, and smokestacks from the Schoolfield site.

In addition to the two requirements listed above, entrants are required to adhere to the following full list of guidelines:

- Artwork must be submitted by August 18
- Designs must fit in a 2.5-inch circle
- Must include the HOME sign element
- Must be Danville related
- If chosen, the artist must be able to provide an editable file in Adobe Photoshop or Adobe Illustrator
- Rights must be released to Danville Parks and Recreation to use the artwork

The artist's work that is chosen will be recognized by Danville Parks and Recreation for this year's design. "We are so excited to open up this opportunity to the residents of our community," said Taylor Roberts, Special Events Coordinator. "The light show is all about community and togetherness—we wanted to extend that feeling even more so with this custom ornament design. It truly will be one of a kind and a special contribution from a community member."

Artists interested in submitting can review the online submission form at this link. [<https://form.jotform.com/211874001371042>]

Questions regarding the ornament's requirements, submission guidelines, and other general inquiries can be made by emailing taylor.roberts@danvilleva.gov or calling (434) 793-4636.

1. "Jungle Boogie," in 1994, during the opening credits. The song has seen wide usage, ranging from a Justin Timberlake cover, to a Muppets short film, to playing at the Cincinnati Bengals home games.
2. Paul McCartney, in 1976. He wrote the song in response to critics (as well as John Lennon) who claimed McCartney only wrote silly love songs. The song went to No. 1.

4. Bros, in 1987. The song climbed charts in Australia, France, Iceland and more.
5. "Walk On By," by Leroy Van Dyke in 1961. Released on the country singles chart, Van Dyke's song spent 19 weeks at No. 1. That record held for 51 years until 2013, when it was topped by Florida Georgia Line's "Cruise."

* If you've lost a zipper pull, you can create a temporary one with a paperclip.

* Remove all of the air from a plastic storage bag with a drinking straw. Slip the straw into the bag and close as much as possible. Then suck any air out through the straw, and quickly pull out and close in a single motion. Your leftovers will stay fresh longer, and foods may stack better in the freezer.

* And speaking of straws, did you know you can use them to curl your hair? Wind sections of damp hair around a plastic straw and secure the ends with a bobby pin. Dry in the sun or use a hair dryer on low heat. Remove and spritz with hair spray.

* Here's an oldie but a goodie! Iced coffee is at its best when brewed with twice the usual amount of ground coffee, because the coffee is diluted by the melting ice cubes. Or use regular-strength brewed ice coffee and serve over coffee ice cubes. They're easy to prepare: Pour cool brewed coffee into ice-cube trays and freeze.

* Lemon juice can bring out the flavor of mushrooms. I keep a little spray bottle to keep lemon juice accessible in the kitchen. I find it's good for all kinds of things, like avocados and apples. I spray the cut side to keep them from browning. It's also great for salad greens. -- T.T. in New Jersey

* Make your own camping lamp: Strap a headlamp to a full gallon jug of water. It fills the tent with a soft light, and you can still drink the water!
