ARIES (March 21 to April 19) A troubling situation takes a positive turn and moves toward a resolution that should please you and your supporters. Meanwhile, make time to deal with new domestic issues.

TAURUS (April 20 to May 20) It's a good time to reassess your goals and consider shifting directions. Remember to keep an open mind and be prepared to make changes as new opportunities arise.

GEMINI (May 21 to June 20) Rely on your strong Mercury aspect to help you close that communication gap before it becomes too wide to cross. A sibling or other family member has news.

CANCER (June 21 to July 22) You're about to get off that emotional roller coaster and start experiencing more stability than you've been used to. This is a good time to let someone new into your life.

LEO (July 23 to August 22) Good news: A trusted friend comes through for you. But you still need to shed that last scrap of self-doubt and once more become the cool, confident Cat we all know and love.

VIRGO (August 23 to September 22) Things should be getting back to a less hectic pace. Enjoy the more peaceful atmosphere. You earned it. But don't forget about those still-unresolved issues.

LIBRA (September 23 to October 22) A more positive family relationship develops as misunderstandings are explained away. A job situation appears promising, but check it out before you act on it.

SCORPIO (October 23 to November 21) Congratulations. That on-the-job situation is working out as you'd hoped. Now's a good time to relax and to enjoy the company of family and close friends.

SAGITTARIUS (November 22 to December 21) You might feel as if you're caught in an emotional tug-of-war. But don't be rushed into a decision on either side. Wait for more facts before you act.

CAPRICORN (December 22 to January 19) The Goat's usually high level of self-confidence is brimming over these days. This should help you deal with a situation that you've avoided for far too long. Go for it.

AQUARIUS (January 20 to February 18) Relationships become more intense. But be careful not to be pushed into decisions you're not comfortable with. Remember: You're the one in charge of your life.

PISCES (February 19 to March 20) You need to show more confidence in your ability to reach your goals. Make that long-delayed decision, and avoid floundering around in a sea of self-doubt.

BORN THIS WEEK: Although you appear to be strongly opinionated, you can also be open to other ideas -- so long as they are presented with logic and clarity.

Piedmont Pets
 August 12, 2021 By Paulette Dean

We don't receive as many dogfighting complaints as we used to, but we do receive many dogs that bear evidence of the cruelty.

Several years ago during a hot summer, we received a complaint of a small kitten being kept in a crate beside a house. The caller mentioned that the kitten did not have food or water and was in direct sunlight. She also mentioned that she was afraid the young men in the neighborhood had some cruel plans for the kitten.

When we went to the house, it was exactly as she described. The kitten was a few months old and was a cute black and white one. He was in a crate on a driveway between two houses. When we knocked on one of the doors, the woman who answered said that the kitten did not belong to anyone, but the "boys had put it there until they would come pick it up".

Now, I could not testify in a court of law that I knew for sure that the kitten was going to be used to train dogs for fighting, but that was certainly a possibility. Since the woman who answered the door said there was no owner, we picked up the kitten and brought him to the shelter; he was adopted several days later.

The board president (another court-appointed humane investigator in Danville) and I had recently attended dogfighting training and we had seen video and pictures of cats and kittens being used in a very cruel way to train dogs. In one video, cats in wire cages were placed on a high merry-go-round type contraption. Then, they would endure going around and around until a dog finally caught their cage. At that point, the cage would be opened and the dog mauled and killed the cat.

Even with all the training and

experience in how to spot victims of dogfighting, I was still surprised to see something on social media a couple of years ago. Shelters have received friendly cats and kittens with painted paws. Dogfighters will paint cats' paws with different colors so they can keep track of what dog should be declared the winner in the training. I researched it and found it to be within the realm of possibility.

Think about it. That means that people will actually pick up cats and kittens long enough to be able to paint their paws, and still have them mauled. Their hearts are hardened to the extent that they do not care about the suffering they are about to cause that living animal. Even though dogfighting is not in the forefront of the news, it happens in the hidden places of every community. There are no words to describe the level of cruelty.

The longer I spend in the animal welfare field, the more I am convinced that it is imperative that cats be kept inside and that every shelter, rescue group, and individual has the obligation to make sure animals are placed in homes where they will not be harmed. There is simply too much evil that can happen.

KOVELS Antiques & Collecting
By Terry and Kim Kovel

Rare Glass Tumbler

History repeats itself, and collectors who research their collections are often surprised by the findings. In 1892, a group of businessmen in Greentown, Indiana, invested in a company that was brought in by the newly found fuel — natural gas — that had been discovered there. Two years later, the Indiana Tumbler and Goblet Company had attracted workers and changed the economy of the small town. The company joined the National Glass Company in 1899, and they made many types of colored glass that are popular but scarce today.

The company was making pressed glass in colors when Jacob Rosenthal arrived in 1900. He was an experienced glass maker. The first new product was chocolate glass, an opaque brown and white glass that was a huge success. Next was an opaque medium green color called Nile green, then golden agate, rose agate, holly amber, milk glass and Vaseline glass. Unfortunately, in 1903 there was a fire. The entire factory was destroyed and never rebuilt. But pieces like this Nile green tumbler attract collectors. This 4-inch-high tumbler sold at a Jeffrey Evans auction for \$888.

Q. How do I sell three programs from the 1969 Woodstock festival that are in excellent condition, and what is the range of their value?

A. The program is one of the few official souvenirs of the three-day music festival, which took place in a hayfield 40 miles from Woodstock, New York. No official Woodstock merchandise was sold at the event. The programs didn't arrive until the last day, when there were no vendors to sell them, so they were thrown from the delivery truck, some in the boxes they came in. Not many survived in good condition because of the rain and the mud, or they were discarded and trampled on by the crowd.

The program has been reproduced. The letter "F" in the title "3 days of

This Nile Green glass tumbler made by the Indiana Tumbler and Goblet Company before 1903 sold at a recent auction for almost \$900. The glass is very rare.

peace & music" on the cover of the original program is slightly fuzzy because it's in the bud of the sunflower. It's clearer in the reproduction. The first and last pages of the original program are onionskin parchment. The reproduction pages are not as thin. Original Woodstock programs sell at auctions of rock 'n' roll memorabilia. Value of the right single program in good condition is about \$200.

1. Name the first artist to release "She's a Lady?"
2. Which group released "Doesn't Somebody Want to Be Wanted"?
3. "Almost Paradise," "Holding Out for a

Hero" and "Waiting for a Girl Like You" were all used in the soundtrack for what film?

4. Who released "Rock This Town"?
5. Name the song that contains this lyric: "Why should I keep loving you when I know that you're not true? And why should I call your name when you're to blame for making me blue?"

Answer

1. Paul Anka, the song's writer, in 1970. Tom Jones followed with a cover the following year, and the two released a duet in 2013 with rewritten lyrics.
2. The Partridge Family, in 1971. Lead singer David Cassidy was so embarrassed by the song that he begged the record company not to release it. The video was even more cringe-worthy.
3. "Footloose," in 1984.
4. The Stray Cats, in 1982.
5. "Wasted Days and Wasted Nights," by Freddy Fender. Fender originally wrote the song at the start of his career in 1959. He eventually released the song in 1975 when his career was rejuvenated. It was a major hit in New Zealand, spending a record 12 weeks at No. 1.

Danville Life Saving Crew - Doug Young selected as NEW CEO

DANVILLE - The Danville Life Saving Crew family is pleased to announce the appointment of Doug Young as its next Chief Executive Officer. A native of Danville, Young's career experience expands in both paid and volunteer emergency services administrations and operations for both city and county governments. Currently serving as Emergency Services Director in Person County, North Carolina, he leads a department of three divisions: Office of Emergency Management, 911 Communications, and Emergency Medical Services (EMS). Taking the department forward in a community-based way.

"I'm looking forward to returning to the Danville Life Saving Crew where my EMS career started," Young said. Young's 41-year emergency services career expands as a Law Enforcement Officer, Fire Marshal and Hazardous Materials Coordinator, EMS provider and Administrator, Emergency Communications (911/EMD) Administrator and Telecommunicator, Emergency Management Coordinator, and Deputy Coordinator. Young also has experience with implementing and managing volunteer programs.

Young currently serves as Chair of the Duke Healthcare Coalition Steering Committee, member of the North Carolina Association of County Commissioners Justice & Public Safety Committee, Person County Area Transportation Advisory Board, and the North Carolina Emergency Management Incident Management Team.

He is a life member of the Danville Life Saving Crew and past member of the Board of Directors, past board member of God's Pit Crew, past board member of the Danville Speech & Hearing Center, past President and Life Member of the Virginia Emergency Management Association, past board member of the Virginia Chapter of the National Emergency Numbers Association. Appointments include serving on the Western Virginia Regional EMS board, Piedmont Regional Criminal Justice Academy board as member and past Chair, State Interoperability Executive Board, and two terms on the Governor of Virginia EMS Advisory Board.

He completed the Senior Executive Institute (SEI) at the University of Virginia's Weldon Cooper Center for Public Service with emphasis on the culture and structure of the Council/Manager form of local government. His emergency programs for both the citizens and volunteers were recognized by the National Citizen Corp Council, The White House and featured by a British media publication.

"The Danville Life Saving Crew is extremely pleased to welcome Doug as a returning member of our emergency response family," said Chief Robbie Woodall. "Our organization is built on well-trained individuals who understand the needs of this community," Woodall said. "Together, we serve our residents and deliver extraordinary pre-hospital care."

According to Wade Collins, DLSC board president, "The search for a CEO began following the sudden death of the DLSC and the Danville Area Training Center's long-time Executive Director Tommy Pruett." "Hit with this devastating loss, the entire organization stepped into proactive mode and continued to deliver exceptional service," said Collins.

"During this interim period, we have been fortunate to have Dr. Martha Walker serve as our interim director. Having Doug Young join our team in September will be a tremendous power resource for our crew and for this community," said Woodall.

The Danville Life Saving Crew launched its service to this community in 1945. Today, the Danville Life Saving Crew and Danville Area Training Center are comprised of dedicated men and women who make a difference in the lives of the members of our community. The members come from all walks of life and share one common goal: To render Emergency pre-hospital care to the sick and injured, and perform rescue operations on a continuous basis, as needed, 24 hours a day, 365/366 days a year.

Covenant Welcomes Alexander Smith

Covenant Reformed Baptist Church has called Alexander Smith from Detroit, Michigan to join its ministry. Mr. Smith arrived Monday, August 2, and is the new assistant pastor with responsibility for the church's youth ministries. Mr. Smith is a recent graduate of Moody Theological Seminary with a Master of Arts in Biblical Studies. Pastor John Carpenter said, "We're excited to have Alexander on board as he's shown a gift for communicating with the youth. We have the facility, with our gym, that we've been able to use to draw kids to our ministries. Now Alexander brings a gift to connect with them."

Covenant was formed in 2008, first meeting in the Caswell County Parks and Rec gym and has since its inception hosted ministries for children, teenagers and young adults. "We're a theologically serious, confessional, Reformed church with a passion for evangelism," said Pastor Carpenter, who holds a PhD in church history. In 2009, they bought and refurbished the Providence gym, originally built for the defunct Piedmont Academy and turned it into a facility for their church meetings and outreach programs. "Now we're hoping Alexander will have the gifts to help us make a bigger impact," said Pastor Carpenter. Mr. Smith said, "I believe that God is leading me towards Danville." He said his "vision [is] of starting a program for young men within the next year, in which we begin to educate and instruct them in life skills."

Covenant has continued its open gym, which it partners with "Hoop Don't Shoot's" Angie Dixon, on Sundays at 4 pm. It is planning on re-starting its Gym, Jr program for kids under 14, which has been on a hiatus since the pandemic began. Relaunching this month, it will be led by Mr. Smith.

HOLLYWOOD

by Tony Rizzo

HOLLYWOOD — Are we ready for a 69-year-old David Hasselhoff to mount his movie comeback? His last screen appearance was a cameo in the "Baywatch" film, toplined by Dwayne Johnson and Zac Efron, which grossed \$180 million. He and Larry Cech will co-star in the French film "C'est Magique" ("It's Magic"), based on a true story about two French magicians who accidentally qualify to compete in the world's largest magic competition, in Las Vegas.

"The Hoff" fell on hard times in 2016 and had to ask a judge to reduce the \$252,000 a year in alimony he was paying his second wife, Pamela Bach. He decried to the court, "I make \$112,000 a month, spend \$66,000 and due to alimony, taxes and living expenses I only have \$4,000 left in my bank account. She's failed to make any effort to become self-supporting, contribute to her own support or gain any job skills." Hasselhoff and his former wife reached a compromise that reduced her alimony payments from \$10,000 to \$5,000 a month. Which proves Googling someone's net worth is baloney. Google says his net worth is a whopping \$10 million. LOL.

"Superman" Henry Cavill is flexing his muscles through no less than four movies and the second season of the Netflix series "Witcher." He's committed to do Netflix's "Enola Holmes" sequel, a film reboot of the long-delayed "The Highlander" (already several films and a TV series, and once considered as a vehicle for Ryan Reynolds), Matthew Vaughn's spy pic "Argyle" and the romantic film "The Rosie Project," about an unlucky-in-love university professor looking for a wife who winds up with a woman who doesn't match his requirements.

Ryan Reynolds didn't wait for "Highlander" and has completed three films: "Free Guy," with Jodie Comer (due Aug. 13), Netflix's "Red Notice," with Dwayne Johnson and Gal Gadot, and Netflix's "The Adam Project," with Jennifer Garner, Mark Ruffalo

Comedy Central

David Hasselhoff

and Zoe Saldana, opening in theaters Nov. 12. Reynolds also stars in Apple TV's film "Spirited," with Will Ferrell and Octavia Spencer, which began filming July 6.

Chris Pine has been busy, too. He'll play an ex-Marine in the film "Violence of Action," with Ben Foster (for a Dec. 10 release); and also star in the psychological thriller "Don't Worry Darling," with Florence Pugh, Harry Styles and Olivia Wilde (who's also directing); and the spy thriller "All the Old Knives," with Thandiwe Newton, Jonathan Pryce and Laurence Fishburne.

Pine will return in 2023 as Captain James T. Kirk in the follow-up to "Star Trek Beyond" (2016). It's being directed by "WandaVision's" Matt Shakman. The latest addition to the "Star Trek" universe will be the first written by two females, Lindsey Beer and Geneva Robertson-Dworet. Is this not the perfect place for billionaires Richard Branson and Jeff Bezos to do cameos, or is space travel easier than acting?

Strange BUT TRUE

By Lucie Winborne

* In a practice called sexual death feigning, female dragonflies play dead to avoid sex. Why? A scientist at the University of Zurich observed that, when faced with aggressive males, female moorland hawk dragonflies will freeze in mid-air, fall to the ground and lie motionless in an attempt to avoid injury and sometimes even death that can result from being coerced into mating. Four other species, including the spider and praying mantis, are known to do this as well.

* When Victor Hugo was facing a tight publication schedule for "The Hunchback of Notre Dame," he asked his valet to confiscate his clothes so he wouldn't be able to leave the house.

* For several decades, Vincennes University in Indiana offered a degree in Bowling Management that allowed students to gain entry-level jobs in the bowling industry by offering classes on sales, pinsetter mechanics and pro shop operations.

* President John F. Kennedy was buried without his brain. The original reason given was that it had been "lost" during his autopsy, but in 2018, newly released U.S. government documents revealed that his brother, Robert Kennedy, ordered the brain secretly destroyed to ensure that it would never be displayed in a museum.

* Eating Kentucky Fried Chicken on Dec. 25 is such a popular tradition in Japan that the chain asks customers to place their orders at least two months in advance. The custom started in 1974 when it was introduced to Japan for visitors who were looking for a dinner that resembled a traditional holiday meal.

* Aside from being the first commercially successful 3D game, Battlezone also was used by the U.S. Army to train tank gunners.

Deliver Flavor and Nutrition Despite Busy Schedules

FAMILY FEATURES

As kids and parents return to busy schedules full of sports, homework and weeknight activities, building a plan for nutritious and easy meals can be challenging. Piecing together a menu that fuels active minds without spending hours in the kitchen is a common goal for many families.

These recipes require minimal prep and call for on-hand ingredients like dairy food favorites that provide nutrients people of all ages need to grow and maintain strong bodies and minds.

Whether you enjoy it together in the morning before getting the day started or mix it up with breakfast for dinner, this Sustainable Frittata is called "sustainable" because you can use leftover cheeses, veggies, ham, sausage and more to recycle ingredients you already have on hand.

For a customizable kid-pleaser, turn to Chopped Chicken Taco Salad and garnish with your family's favorite toppings.

When it's time to put a twist on a classic while changing up your dinner routine, Roasted Red Pepper and Pesto Grilled Cheese Sandwiches are perfect for putting something new on the table. Make supper a cinch with Slow Cooker Macaroni and Cheese, which lets you put the work in the hands of your slow cooker for a versatile dish that can be served when homework is finished.

Chopped Chicken Taco Salad

Chopped Chicken Taco Salad

Recipe courtesy of Megan Gundy of "What Megan's Making" on behalf of Milk Means More
Prep time: 15 minutes
Cook time: 15 minutes
Servings: 4

Dressing:

- 1 cup plain Greek yogurt
- 1/3 cup buttermilk, plus additional (optional)
- 1 tablespoon fresh-squeezed lime juice, plus additional (optional)

- 3 tablespoons chopped cilantro
- 2 tablespoons taco seasoning

Salad:

- 2 pounds boneless, skinless chicken breasts
- 2 tablespoons taco seasoning
- 2 tablespoons olive oil
- 1 head leaf lettuce, chopped
- 1 avocado, chopped into bite-sized pieces
- 1 cup black beans, drained and rinsed
- 1 cup corn

- 1 pint grape or cherry tomatoes, chopped
- 1 cup shredded cheese (Monterey Jack or Mexican)
- tortilla strips or crushed tortilla chips, for topping

To make dressing: In small bowl, stir yogurt, buttermilk, lime juice, cilantro and taco seasoning until combined. Taste and adjust lime juice and cilantro as needed. If dressing is too thick, add buttermilk 1 teaspoon at a time until desired consistency is reached. Refrigerate until ready to serve.

To make salad: Season chicken on both sides with taco seasoning. Heat large skillet over medium-high heat and add olive oil. Add chicken to pan and cook on both sides until outside is golden brown and chicken is cooked through. Remove to cutting board and slice into strips.

On large platter, heap chopped lettuce. Sprinkle chicken over top. Add avocado, beans, corn, tomatoes and shredded cheese. Drizzle dressing on top and sprinkle with tortilla strips or crushed tortilla chips.

Holiday Village

Bingo time again at Holiday Village Senior Apts, we all get excited at the anticipation of the upcoming game every other Wednesday of the month. First and foremost, bingo is a social game. It brings residents together from all over the community to physically be together in the same room, doing the same thing. Residents can chat with each other while numbers are being called and, even for the most introverted seniors, striking up a conversation is made easier by having a common interest and common goal --winning Bingo!

Hiccups

A man came into the pharmacy and said to the technician, "Do you have anything that will stop hiccups?"

The tech leaned over the counter and slapped the man's face.

The man said "What did you do that for?"

The tech replied, "Well, you don't have any hiccups now, do you?"

The man replied, "I never did. I came in for my wife who's out in the car."

* Stuck zippers can be loosened with graphite powder, or simply by tracing a pencil lead over the zipper.

* "The best way to get a bloodstain out of clothing is by dousing the stain with hydrogen peroxide and washing as usual. For clay stains, you absolutely must have a Fels-Naptha bar. It looks like a bar of soap, and you wet the material and rub in the soap. It's magical. This, coming from a softball mom whose daughter loves to slide." -- A.A. in Florida

* Clear bins make it easy to group like items in your pantry. You can remove the bin, get what you need and replace it, rather than digging through cans and boxes on a shelf and having to straighten it back up when you're done.

* A better use for soda: Use it to scrub your pots and pans. If you have grime and slime, try letting the acids in soda pop work it out for you. Pour enough soda to cover the bottom of the pots or pans and let soak for 5-10 minutes. Then scrub away.

* "If you have a retractable cord on your vacuum, try this trick. Clip a clothespin at the optimum length, and the cord will not retract past that point. So, no more snapping right out of the outlet, which used to happen to me." -- P.L. in Tennessee

* Use rubbing alcohol to clean window frames. It evaporates quickly with no residue left behind.
