SPEAK OUT

Dear "Speak Out,"

We have studied our wonderful United States Constitution over the past twenty-six weeks. We often refer to the phrase "Our Founding Fathers". But exactly who were these men?

During the next five weeks, we will, Lord willing, study, in alphabetical order, "The Signers of Our United States Constitution" and hopefully get to know them a little better:

Abraham Baldwin was born on Friday, November 22, 1754, in Guilford, Connecticut, British Colony, was graduated from Yale College, represented Georgia at the Second Continental Congress, founded the University of Georgia, and died on Wednesday, March 4, 1807, in Washington, D. C.

Richard Bassett was born on Friday, April 2, 1745, in Cecil County, Maryland, British Colony, served as a Captain in the Colonial Military during the American Revolutionary War, represented Delaware at the Second Continental Congress, served in the U. S. Senate from Wednesday, March 4, 1789, to Sunday, March 3, 1793, served as Governor of Delaware from Wednesday, January 9, 1799, to Tuesday, March 3, 1801, and died on Friday, September 15, 1815, on his estate, "Bohemia Manor", in Cecil County, Maryland.

Gunning Bedford, Jr., was born on Tuesday, April 13, 1747, in Philadelphia, Pennsylvania, British Colony, represented Delaware at the Second Continental Congress, served as a Judge on the Federal District Court of Delaware from Saturday, September 26, 1789, until he died on Monday, March 30, 1812, in Wilmington, Delaware.

John Blair, Jr., was born on Thursday, April 17, 1732, at Williamsburg, Virginia, British Colony, represented Virginia at the Second Continental Congress, served as a Judge on the Virginia Court of Appeals and on the U. S. Supreme Court. While on the Supreme Court, he influenced the interpretation of the Constitution on a number of important decisions. He died on Sunday, August 31, 1800, at Williamsburg, Virginia.

William Blount was born on Easter Sunday, March 26, 1749, at his grandfather's home at "Rosefield" near Windsor in Bertie County, North Carolina, represented North Carolina at the Second Continental Convention, and died on Friday, March 21, 1800, in Knoxville, Knox County, Tennessee.

David Brearley was born on Friday, June 11, 1745, in Lawrence Township, Mercer County, New Jersey, British Colony, represented New Jersey at the Second Continental Congress, served as Chief Justice of the United States District Court for the District of New Jersey from Saturday, September 26, 1789, until he died on Monday, August 16, 1790, in the City of Trenton, Mercer County, New Jersey.

Jacob Broom was born on Tuesday, October 17, 1752, in Wilmington, Delaware, British Colony, represented Delaware at the Second Continental Congress where he was especially conscientious, never missing a session. He became Wilmington's first postmaster. He died on Wednesday, April 25, 1810, in Philadelphia, Philadelphia County, Pennsylvania.

Pierce Butler was born on Saturday, July 11, 1744, in Tinryland, Ireland, represented South Carolina at the Second Continental Congress where he introduced the Fugitive Slave Clause, served as a Brigadier General in the American Revolutionary War and died on Friday, February 15, 1822, in Philadelphia, Philadelphia County, Pennsylvania.

Lord willing, we will continue our study next week.

Village of Nunda Special Election September 7, 2021 Proposition No. 1

Background Information:

On July 12, 2021, The Village Board of Trustees of the Village of Nunda adopted Local Law No. 2 of 2021, Opting Out of Licensing and Establishing Retail Cannabis Dispensaries and On-site Cannabis Consumption Establishments within the Village of Nunda.

The purpose of this Local Law is to prohibit retail cannabis dispensaries and on-site cannabis consumption establishments in the Village of Nunda.

This local law was adopted by vote of the Nunda Village Board of Trustees, pursuant to Marijuana Regulation Taxation Act of New York State - Cannabis Law § 131, which expressly authorizes villages to opt-out of allowing retail cannabis dispensaries and on-site cannabis consumption establishments within its boundaries.

The law will not take effect until:

- Forty-five (45) days have passed following the adoption of the law; and,
- The law is approved by the electorate of the Village of Nunda

The purpose of this special election and referendum, is to allow residents of the Village of Nunda to make a final determination regarding Local Law No. 2 of 2021. On July 12, 2021, the Nunda Village Board took all necessary actions to authorize this special election and referendum.

Please note that in voting for or against the following proposition, a vote of "Yes" is a vote to prohibit Licensing and Establishing Retail Cannabis Dispensaries and On-site Cannabis Consumption Establishments within the Village of Nunda, while a vote of "No" is a vote not to prohibit such licensing.

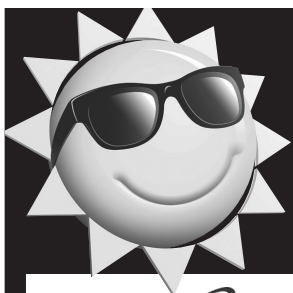

Should the Village of Nunda continue to opt-out of (prohibit) licensing and establishing retail cannabis dispensaries and on-site cannabis consumption establishments within the Village of Nunda?

PRAYER TO THE HOLY SPIRIT: Holy Spirit, You who makes me see everything and who shows me the way to reach my ideal; You who gives me the divine gift to forgive and forget the wrong that is done to me; and You who are in all instances of my life with me; I, in this short dialogue, want to thank You for everything and confirm once more that I never want to be separated from You no matter how great material desires may be. I want to be with You and my loved ones in perpetual glory. Amen. Thank You for Your love towards me and my loved ones. A person must pray this prayer 3 consecutive days without asking your wish. After the third day, your wish will be granted no matter how difficult it may be. Then promise to publish this dialogue as soon as your favor has been granted. G. S.

Livingston County Presents COVID-19 Update Mask Mandate not Coming; School Support Strong for In-Person Learning

With the COVID-19 Delta variant and breakthrough cases in the news of late, Livingston County would like to provide an update on COVID-19 trends and issues.

“Presently, cases are trending upward”, said Jennifer Rodriguez, Livingston County’s Public Health Director. “We must remember that these are just cases – confirmed, positive cases of COVID-19, both Delta and non-Delta cases. We have had no recent deaths, and currently, there are 4 hospitalizations, all of which are unvaccinated individuals.”

The Centers for Disease Control and Prevention (CDC) recently released a recommendation that fully vaccinated people wear a mask in public indoor settings in areas of “substantial” or “high” community transmission as opposed to “low” or “moderate” areas. According to the CDC COVID Data Tracker, Livingston County is currently at a “moderate” level of community transmission.

Some local businesses are encouraging a return to universal mask-wearing; however, Livingston County government is not presently considering any county-wide indoor mask mandate.

“We encourage our residents to consider the following. One, COVID-19 is not going to go away so, to put it bluntly, we need to learn to live with the persistent threat of exposure to it. Two, vaccines work for protection against the worst of the virus’ impacts,” stated County Administrator Ian M. Coyle. “Therefore, the normal protocols of the last 18 months remain the same. Take precautions, get vaccinated, wash hands, maintain distancing, get tested if symptoms arise, and follow isolation and quarantine procedures for the COVID-19 positive.”

“The policies at the County government level for our internal operations will remain the same, more or less. We are striking the balance of safety and going about our business. Public access to services is still the same. We expect some slight changes with nursing home staff testing to add further transmission prevention efforts at that facility,” continued Coyle.

Public education back-to-school plans are in the works and the County remains steadfast in its support of the K-12 districts serving Livingston County residents. With no statewide regulations, the autonomy rests with the individual schools on what constitutes a safe opening for the fall.

Rodriguez said, “We are here for our schools. Last year, these districts led the way in terms of their flexibility and agility as they worked through the challenges of maintaining and sustaining in-person year-round learning. I see no reason why that cannot happen again in 2021-2022 due to the hard work of teachers and staff and the stick-to-itiveness of the school-age children.”

For the latest COVID-19 information for Livingston County, please visit the Livingston County Department of Health webpage or call 585-243-7270.

Vaccination Update from Livingston County Third Shot Recommended for Those at High Risk

People with weakened immune systems are especially vulnerable to COVID-19 because they are more at risk of serious, prolonged illness. This includes people who have:

- Been receiving active cancer treatment for tumors or cancers of the blood
- Received an organ transplant and are taking medicine to suppress the immune system
- Received a stem cell transplant within the last 2 years or are taking medicine to suppress the immune system
- Moderate or severe primary immunodeficiency (such as DiGeorge syndrome, Wiskott-Aldrich syndrome)
- Advanced or untreated HIV infection
- Active treatment with high-dose corticosteroids or other drugs that may suppress your immune response

According to the Centers for Disease Control and Prevention (CDC), people who have weakened immune systems may benefit from an additional dose of the COVID-19 vaccine to make sure they have enough protection against the virus. CDC is now recommending that people with moderately to severely compromised immune systems receive an additional dose of mRNA COVID-19 vaccine at least 28 days after a second dose of Pfizer-BioNTech COVID-19 vaccine or Moderna COVID-19 vaccine.

People should talk to their healthcare provider about their medical condition, and whether getting an additional dose is appropriate for them.

CDC does not recommend additional doses or booster shots for any other population at this time.

Livingston County Donates School Supplies to Students in Need

Livingston County once again partnered with Catholic Charities Steuben/Livingston to provide school supplies to County students in need through the charity’s Livingston County School Supply Drive.

Livingston County challenged employees to “Fill the Bus,” a cardboard cutout in the shape of a school bus, with back-to-school item donations. The county collected backpacks, binders, pencils, paper, and more, said donation organizer Sandy Johnson of the Livingston County Real Property Tax Services office.

“As soon as I put the poster out announcing the charity drive, everyone here was so willing to help out. They usually shop on the weekends and come in Monday and they have the boxes almost all filled up that day. I think our employees are very generous and they look forward to helping out the kids each year.”

This is the eighth year Livingston County has participated in the Livingston County School Supply Drive with Catholic Charities Steuben/Livingston. Livingston County families in need with school-aged children can pick up their donated backpack and supplies from Catholic Charities Steuben/Livingston on Friday, Aug. 20, 2021, from 9AM-4PM at the walk-up window at 34 E. State St., Mt. Morris. The charity requests that those seeking assistance with back-to-school supplies sign up first at <https://ccsteubenlivingston.org/news-events/events/backpack-giveaway-livingston-county/> or call Jessica Pierce at 585.658.4466, ext. 26.

Salman Abbasey MD

Dear patient,

I am pleased to announce that I will be joining Wyoming County Community Health System (WCCHS) effective September 1, 2021.

New office Location: 1 Parker Lane, Perry, NY (Map enclosed)

New office telephone number: (585) 969-5335

I want to assure all my patients that my office will continue to schedule and manage your medical care as part of WCCHS.

Becoming a part of WCCHS will allow us to take advantage of many resources available through WCCHS.

You do not need to do anything if you intend to stay under our care.

However, if you decide not to continue your care at my practice, you may contact Medical Society of the State of New York at (518) 465-8085 in search for another primary care provider. Your records will be forwarded to your new provider once we receive a signed New York State official record release form.

Your records will remain under the custody and care of WCCHS at this office and be available for your future healthcare needs.

As part of the WCCHS team of physicians, I look forward to continuing to serve you with compassion and care which has been the hallmark of my practice.

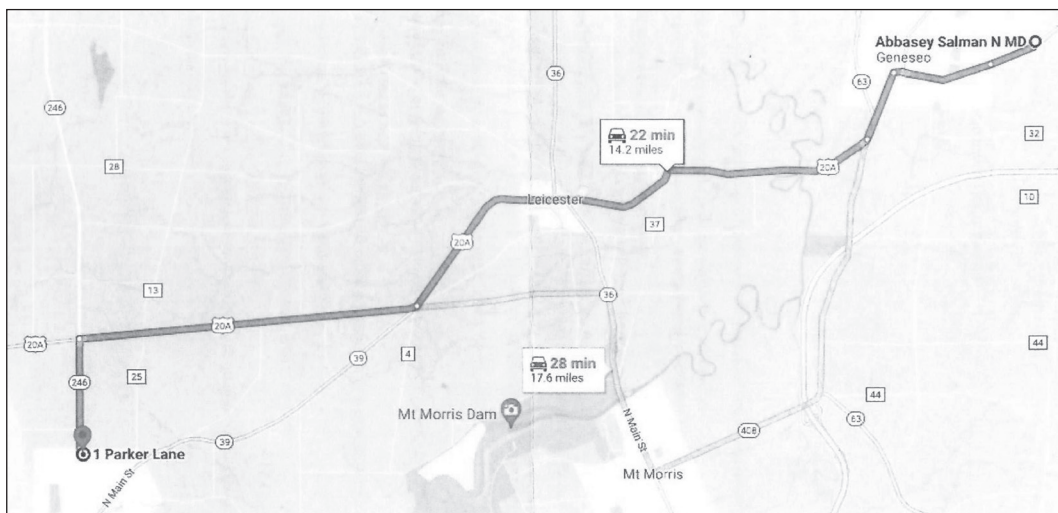

Please feel free to contact my office if you have any questions and we will be happy to assist you.

Sincerely,

Salman N Abbasey MD

Testimony from caregiver whose husband attended respite center:

“He so looks forward to it. He asks me every week, is this the day I go [to the respite center]? His world has become so small...his friends have shied away from him [due to dementia]. I’m so thankful it gets him out and he looks forward to being with other people. He doesn’t have involvement with other people anymore. It is a big void in their lives...not being around people. It does him good and helps his self-esteem. The volunteers are so good to him...they are a great group. It helps him tremendously. It is a wonderful asset to the community.”

PRESS RELEASE

Harding's Attica Furniture, Flooring & Mattress

703 Creek Rd • Attica, NY 14011

585-591-2353 – Office

585-409-5494

luke@hardingsatticafurniture.com

Release Date:

Tuesday, August 17th 2021

Harding's Furniture recently bought Mount Morris Furniture. The deal was closed on Friday, August 13th. The Stallone and Bozzette family was thrilled to hand over the reins to another family owned business.

Luke, Mike, Ted, and Debbie Harding plan to run the business in a similar manner to their location in Attica; revolving their core around customer service. The product line is ironically similar to the same lines that Mount Morris already carried so it was a perfect fit. Harding's does plan to add Flexsteel, Restonic, and some Ashley to the product mix as well.

This new second location is much larger, allowing for more products to be shown. This also aligns well for their vision to create this store into a wonderful mattress gallery with an extensive line of mattresses. Harding's current location in Attica is 10,000 square feet and the second location is 18,000 square feet, nearly twice as large as the original location.

In addition to the larger showroom, Harding's also quickly jumped on the opportunity as Mount Morris Furniture also sold them their 10,000 square foot mega warehouse. This puts Harding's in an excellent spot by allowing for them to stock more items which are crucial during a time when it is taking longer than usual for product to come in.

Harding's will be assuming all of Mount Morris Furniture's open orders and will fulfill the deliveries and service issues that are pending. They look forward to this wonderful opportunity and wish the Stallones all the best in retirement.

The second location in Mount Morris will be closed temporarily for renovations and do inventory. They plan to re-open Monday, August 30th for the HUGE retirement sale to unload much of the existing inventory that they purchased from Mount Morris Furniture.
