Sunday Morning Positive Perks

from your Sassy Small Town Missus

JOYFUL LITTLE FLAPPERS

With the highest wing beats recorded at 88 beats/second, it explains why the Hummingbird is lucky to boast the highest metabolism of any animal. Good thing since they sure do like to eat alot of nectar and sugar! If I could flap my 53 year old wings that fast I sure could eat all the ice cream I desired. Drawn to color for the nectar they need, they tend to produce bright colored blossoms with their pollination. In NY I never see any hummingbirds at my feeder. I read they like to visit feeders where flowers are not abundant. If it is true, that would explain it. My NY feeder is in the middle of my flower bed, dang. I currently have no flower beds in TN and my feeder has a great deal of Hummingbird action. Those little winged stinkers gave me a run for my money trying to capture some photos, but with patience, my camera and I finally out smarted them. Visit my site Wednesday. I will share some fun footage in my Mid-Week Photo Perk. Hummingbirds are thought to be native to the Americas, however in 2004 a 30 million year Fossil was fond in Germany. This has raised some questions about the true origins of this tiny winged bird which has 360 species and is able to oxidize sugar so it can Hoover. They have an average life span of 4 years and most species in the North migrate South for winter. They dissipate heat through unfeathered areas such as their feet. In the cold, they tuck their little toes into their feathers to keep them warm. It's like having socks as part of your anatomy! Aztec War Gods believed that fallen soldiers came back as Hummingbirds and Butterflies. As Power and Spirit Animals the Hummingbird represents and promote many Positive attributes. They may be tiny, but they harbor a great deal of energy. If you see one pay attention to what your striving for and continue your exploration. This little flapper is also known for flirtation. They don't mate for life, which does not mean we should be unfaithful, but rather keep things light hearted, don't be so serious and never stop widening your circle of support and love. Keep your heart pumping strong like a Hummingbird and don't succumb to the mundane or routine of life. Never stop evolving and explore that which interest you, because you can't continue growth if you don't continue to pollinate and drink the nectar of lots of "colorful flowers". Their presence reminds us our Spirit Guides are with us and want us to use all our Positive Energy to seize the day, keep agile and adapt as your goals require. They also represent strength, vitality and healing. Always be conscious of how your body is being nourished. Put high energy foods in your beaks to keep your mind and body in a joyful energetic state of being. The Hummingbird motto "la dolce vita" which means the Sweet Life and being in a joyful state will help luck find you.

BY NATHAN D. PACE
ATTORNEY AT LAW

THE IMPORTANCE OF PREPARING A WILL

Wills are more important than ever. Creating a will allows one to decide disbursement of assets upon death and establish who will raise minor children. Without a will, the state of residence decides, essentially creating a default will. State directives often do not reflect personal wishes and may create conflict and economic consequences for surviving family members while disregarding charitable entities. For example, children of a prior marriage would possibly receive the bulk of the estate, excluding a current spouse, while an unmarried person's assets would go to parents or siblings regardless of familial relationship. In unmarried partnerships, many state laws recognize only biological family. Consequently, lifelong partners could lose a shared home if decedent was sole owner.

The Law Office of MACK & PACE is fully equipped to handle each distinct phase of the estate planning process. Not only will our legal professionals help you to develop the perfect will, but we make it simple to designate your beneficiaries and establish a durable power of attorney. On top of that, our firm will help you to avoid the probate court process and set up the perfect trusts to suit your wishes. To schedule a free consultation, please call (585)798-1000. We emphasize business law, family law, criminal law, and estate planning.

534 Main St., Suite 6
Medina, NY 14103

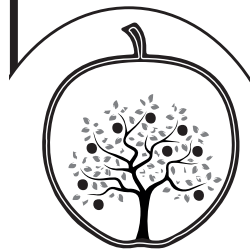

Hint: Probate, a sometimes protracted and costly legal process, can be avoided by creating a revocable living trust. Set up during a person's lifetime to hold assets for distribution after death, it requires no court oversight or involvement.

A High Visibility Engagement Campaign is underway this Labor Day.

Engaging communities on the dangers of impaired driving!

Be Smart. Have a plan for a safe ride.

PRESS RELEASE

Orleans County Sheriff Encourages to Stay Safe on the Road During Labor Day Festivities

Orleans County STOP-DWI Coordinator, Sheriff Christopher M. Bourke announced that local law enforcement agencies will actively participate in the STOP-DWI Labor Day High Visibility Engagement Campaign which runs from August 20 - September 6, 2021.

As summer winds down Labor Day is one of the busiest travel holidays of the year. With the increase in traffic on our roadways comes an increase risk in crashes, including impaired-driving crashes. Law enforcement agencies and local STOP-DWI Programs will collaborate across the state and will be out in force in this coordinated effort to reduce the number of impaired driving-related injuries and deaths.
