Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

# 5 6

Here's How It Works:

Numbers Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have vou hooked from the moment you square off, so sharpen your pencil and put your sudoku

savvy to the test!

Affordable living at its best. Bedroom on 1st floor, 2 upstairs plus office, nice kitchen plus covered deck. All on nice level lot. Elkland PP-127194..
