Celebrating 40 years in business, Avanzato is voted best jeweler

Advertorial

2021 marks the 40th year that Thomas and Diane Avanzato of Avanzato Jewelers have been in the jewelry business. Thomas started out with a small jewelry repair business, and in 1987 Thomas along with his wife Diane opened Avanzato Jewelers, then located in Chambersburg NJ. They have been providing local area residents with the finest quality jewelry at affordable prices, their current store is located at 2440 Whitehorse Hamilton Sq. Road in Hamilton Township, NJ. "We are extremely grateful to all of our patrons for helping our family and business continually grow over the past 37 years. We look forward to providing you with continued exceptional deals on exquisite merchandise along with personalized customer service for another 37+ years," said Thomas Avanzato.

Thomas, together with his wife Diane, and their team of highly qualified employees, are committed to making sure that every customer that visits their store receives personalized service. So much so, that they have been voted No. 1 "Best Local Jewel-

ers" for the past 9 years in the Trentonian Readers' Choice Awards.

Whether you are looking for an Engagement ring, diamond earrings, sterling silver jewelry, or a new watch; we can help you find the perfect item. Do you want to impress that special someone with a one of a kind gift they will cherish for years to come, Avanzato Jewelers is the jewelry store for you.

They carry an extensive selection of unique and custom jewelry for your every need. The store is adorned with all facets of gold, gemstones, and diamonds. The cases are filled with every type of traditional jewelry option, from charms, bracelets, rings, and pendants, to men's and children's jewelry.

If you are looking for a truly one of a kind item, Thomas can create any piece from a picture or sketch.

Mr. Avanzato, a graduate of the Gemological Institute of America (GIA), a Goldsmith and Gemologist, uses old world hand craftsmanship combined with an eye for aesthetics to create fine customized jewelry.

When it comes to popping that special question of, "will you marry me?"

Avanzato Jewelers can help you along the way with the perfect ring for every budget and taste, they stock a complete line of designer engagement rings and wedding bands from well-known companies such as Art Carved, Lieberfarb, Ingwer, and Unique Settings. Customized engagement rings and wedding bands are their specialty.

Investing in an engagement ring and wedding jewelry is one of the most important and meaningful purchase one will make in a lifetime.

I work with my customers to help educate them on the 4 C's of Diamonds, Color, Cut, Clarity, and Carat weight so they can make an informed purchase when buying a diamond. "We offer top certified stones from GIA, EGL, etc., all diamonds are sold at wholesale prices, Thomas said.

We offer while you wait appointments for repairs, and sizings on your Engagement rings.

In addition to selling, maintaining, and repair-

ing your jewelry, Thomas Avanzato has been in the precious metals business since 1979, purchasing gold, platinum, silver, diamonds, estate jewelry, and high end watches such as Rolex, Patek Philippe, Cartier, and Breitling, etc.

They also purchase silver and gold coins (dating from 1964 to precolonial), proof sets, mint sets, bullion, Industrial Precious Metals, Sterling Silver including place settings and silverware, tea sets, candle stick holders. Even if your jewelry is broken, as long as it is a precious metal, we will purchase it. Always offering the highest prices guaranteed for your merchandise.

"Customers are our number one priority, if you have any questions, don't hesitate to give us a call, send us an email, or just drop by the store for quick and courteous assistance," Thomas said.

Gaetano's is famous for its steak sandwiches, but you already knew that. They have now taken home a Reader's Choice award for the 7th year in a row, maybe you didn't know that. Perhaps you know they are a family owned and operated business that specializes in steak sandwiches, cheesesteaks too, and they win awards not just from The Trentonian but a multitude of other publications, both print and online; brick and mortar and digital. In honor of this year's award they have cooked up a few new limited time only steaks for custom-

ers to try. A "Chili Cheesesteak" with homemade chili, cheez whiz and raw onions, inspired by a classic Michigan hot dog. The "Philadelphia Transylvania" a cheesesteak on garlic bread with a garlic spread, mozzarella and parmesan cheeses, sure to keep Dracula at bay. "Mario's BOOM Roasted", their famous cheesesteak topped with chopped cherry and roasted red peppers, so you can feel a roasting burn without having to risk a review on the internet. They of course have their classic creations; "The Belmar For Shore" cheesesteak with pork roll (not taylor ham) and extra cheese, The Mc-

Mac, which is essentially a "Big Mac" cheesesteak and their best seller, "The O.G." (cheesesteak fried onions, mayo and ketchup).

Gaetano's also has a slew of sides. Homemade (read full onion) onion rings, which Tony Soprano would call "best in the state", as far as he's concerned. Aioli Fries, with fresh garlic and parmesan cheese, sweet potato fries that they sprinkle cinna-

mon and sugar onto and of course their hand cut, hand (double) dipped mozzarella sticks. They are not your typical fried cheese sticks. They are big, about twice the size of the industry standard. They give meaning to extra cheese. You can get them straight up, served with a side of red sauce or actually on their "Grease Truck" cheesesteak which also is topped with fries.

Gaetano's will also soon be starting their seasonal stretch of being open on Sunday. They coincide

these extra hours with the start of the NFL season. Owner Bill Hansen states; "we are a family business and we have to make time for family but if you're watching football you really need a cheesesteak and some wings to enjoy during the game." They are open Sunday 12 pm-6pm starting September 12th through Super Bowl Sunday in February. They are located at 1280 Route 33 in Hamilton Square. Full menu and hours at www.Gaetanos33.com

As you pull into Fuccello's garage there is a sign on the building that immediately catches the eyes and might just explain why owner Jim Fuccello celebrated his 25th anniversary. It reads "The bitterness of poor quality remains long after the sweetness of low price is forgotten. Quality work for a fair price."

His customers certainly agree with this slogan because they keep bringing their vehicles back to Fuccello's and that includes some local celebrity customers, like former NFL player Troy Vincent, for custom exhaust work and

minor repairs on all domestic and foreign vehicles. For several years, Trentonian readers have voted Fuccello's "Best Auto Custom Exhaust" in the Annual Trentonian Readers' Choice Awards.

Over the years the number and type of vehicles worked on by Jim and his

staff ranged from classic Corvettes to pickups to various foreign vehicles.

"A challenge" is what Jim likes about this business. Yes, he has had his share of vehicle challenges in his 23 years. One example that comes to mind is doing exhaust work on a classic 1959

THANK YOU! From Debbie Schaeffer, Mrs. G's Granddaughter

Advertorial

Ever since I can remember I have been known as Mrs. G's granddaughter. After all these years I still feel very special and proud when I hear those words. There is not a day that goes by without a customer sharing a story about meeting Mrs. G and I'm always ask "Are you Mrs. G's granddaughter?". Her outstanding reputation and her longevity in business, since 1935, made her a trail blazing icon in this industry as well as the community. She would have been so proud to know that Mrs. G's once again received the 2021 Trentonian Reader's Choice Award! The Mrs. G's Team and I thank you very much. 2021 is our 86th year in business, I

know my Grandmother is smiling!

One of the major topics in our industry right now is the home appliance

shortages. How do you find an appliance that is available within your budget without spinning your wheels, wasting lots of time and losing patience?

There is select product in stock and the inventory does ebb and flow. What's available today might not be available tomorrow. I'm preparing your expectation when you are ready to make a purchase during this time to be flexible and patient. Recently, we added an "IN STOCK" Inventory Filter on mrsgs.com! The In Stock Filter shows appliances in stock in our "Off Site Warehouse" and removes the friction of wasting time looking at product that is not readily available when the need is urgent. Our "Off Site Warehouse" is our cooper-

ative buying group Appliance Dealer Cooperative (ADC) with over 200 members and 475,000 Sq. Ft. of warehouse space in New Jersey, one of three strategic locations. If it's available at ADC, only 30 minutes from our showroom, we can deliver to our local areas as early as next day.

Ok, so what if you really wanted a model that is not listed on the In Stock page on our website? This is a perfect time to visit the showroom, telephone or start a chat on the site and talk to our appliance experts who will be able to assist on choosing an alternative appliance that is in stock. They know up to the minute what is available. By shopping local and supporting our community, you can rest assured that the Mrs. G Ap-

pliance Experts will find you an in-stock appliance quickly, especially during this unprecedented time.

My advice is to start early on your appliance purchasing journey. Collect as much information as you can from our appliance experts. Once an order is placed for a product that is not in stock, you have now entered the queue and we will do our best to provide updates every few weeks to make sure you are informed if there are any changes to ETAs or TBAs.

If you are in the need to replace your appliances right away, my suggestion is not to wait any longer. The appliance shortages are real and expected to get worse. Mrs. G Appliances 2021 Labor Day Sale is going on now. Our

2021 Labor Day Sale is filled with huge deals, instant and mail-in rebates, in kitchen appliances, including ranges, refrigerators, dishwashers, microwaves, and more, and a laundry clean-up sale featuring a wide selection of washers and dryers from various brands.

2021 has again been a challenging year for all of us on a personal level and business especially locally owned businesses. Please let's all support our local small businesses by thinking local first! We need your support!

Thank you again for the Trentonian Reader's Choice Award and I look forward to you visiting our showroom. I'll be sitting at my desk by the front door, just like my grandmother did back in the day.

Rich's Carpet One voted best carpet & flooring in 'Reader's Choice'

Advertorial

"Experience the 'Unexpected' in Customer Service," is the slogan at Rich's Carpet One Floor & Home. However, entering the store you will not see it displayed on employee work shirts or big painted banners hanging from the rafters. It's simply an unwritten rule diligently fol-

lowed starting with the owner straight down to every single employee.

What separates this business from the BIG home center competitors is the personal service given to all its customers.

"We work hard to achieve customer loyalty, because a satisfied customer is worthless but a loyal customer is price-

less," said Rich Linnell, store owner.

"We provide exceptional service you don't get from our competition. We work hard to get a customer to be loyal and do what we have to do to make our customers happy. I hope my customers remember their pleasant experience here and I hope they come back."

"WOW" is the first word

Linnell wants customers to express when walking into the store.

"I learned through the years that impression is everything for the customer," Linnell said. "From how they are treated on the sales floor right down to the personal greeting they receive. I want a WOW atmosphere. WOW is related to the un-

Best Pizza in the area goes to DeLorenzo's Pizza

Advertorial

Everyone here at DeLorenzo's Pizza on Sloan Ave. is very grateful for receiving The Trentonian Readers Choice Award for Pizza in 2021.

We have many to thank for their tremendous support this year. We thank our loyal customers for trusting us to do our best to provide their families with a delicious quality product, served with a smile, in a clean environment, using all safety measures available, for a reasonable price.

One of the nicest comments I heard several times was that DeLorenzo's was the first restaurant they visited after indoor dining was resumed.

One incredibly nice family purchased \$500 in gift cards to show their support early on in the crisis.

We also thank the US Government for the Payroll Protection Plan which provided us with the much need funds to keep our business running.

We also would like to thank the Township of Hamilton for uniting all the owners of restaurants and bars in the area to work together to formulate ways to adapt during the pandemic.

We hope to be able to continue to serve the wonderful people who choose DeLorenzo's Pizza above all others for many years to come.

expected. For example, one of my installers finishes a job and when he finishes the work area is wiped down and cleaned — that's WOW!"

In Linnell's eyes complaints are "opportunities to generate loyal customers as long as we take care of the situation. Remember that word of mouth travels faster if it's bad news than good news. Each customer has a unique personality and you must be a good listener."

Rich's Carpet One boasts of a small but stellar staff, "who all share the same passions and functions to make the customer have a pleasant experience," Linnell said. The dedicated staff starts with John McCabe, Linnell's partner; Rob Hafitz, manager; Hannah Clark Hafitz, assistant manager; Robynn Dumont, Chris Burke, and Angela Verduchi, sales associates; Dawn Lippincott, executive assistant and the office backbone; and An-

gel Rodriquez, warehouse manager.

This famous-brand oriented store carries all types of hardwoods, carpeting, vinyl, ceramic and laminated tiling, sheet vinyl, carpet remnants, binding services and shop at home services.

Rich Linnell, with his partners: John MacCabe, Maryann Bush, Donna Calu and Sherry Mattaliano, purchased the business from East Windsor Carpet One Floor & Home. In the floor covering business for over 42 years, Rich brings a wealth of knowledge and experience to share with all his customers.

Going above and beyond to honor each job

Advertorial

After 101 years, Jammer Doors knows what makes a family-owned business succeed

You hear it said time after time, “family owned and operated.” Four simple words, yet they mean so much more than what meets the eye:

- Legacy
- Traditions
- Ethics
- Hard work
- Respect
- Leadership
- Trend setters
- Relatable
- The American Dream

All these traits and attributes go into every family-owned business. It is no wonder that according to

the U.S. Bureau of the Census, about 90% of American businesses are family owned or operated. For 101 years, Jammer Doors has been one of those family-owned and operated businesses.

Jammer Doors sells, services and installs doors and windows; however, garage doors are its claim to fame. At 101 years old, the company provides insight into the home improvement world and to other family-owned businesses. Today, Jammer Doors is seeing unprecedented demand in the home improvement industry in the tri-state region, especially in suburban areas. Some homes have seen prices increase nearly 40%, and new-home construc-

tion costs have risen over 100% since 2020. Unfortunately, because of COVID, the demand for steel has increased, which has caused the cost of steel garage doors to rise over 200% this year. Regardless of the increase in the cost of materials, Jammer Doors prides itself on a “no pressure” sales approach.

For other family-run businesses, Jammer Doors offers the following tips

it believes are needed to thrive in the modern age. Since the events of the last year and a half, it is imperative to become a “hybrid business.” Jammer Doors suggests that a business’s online presence is as important as the brick and mortar counterpart. Ask yourself the following question: Is your website updated? Not just in information and content but in form and convenience. Custom-

ers want to find information about your company within seconds. If your phone number or location are hard to find, potential customers will likely move on to a competitor.

Even if you are too small to handle several social media platforms, there’s no reason not to have a basic webpage with your business’s most pertinent information. Most platforms are free and only charge to do

additional advertising. Jammer Doors believes technology and people mix perfectly to make your business more successful yet convenient for the customer.

Lastly, under promise and over deliver. At the end of the day, people are people and unfortunately, can make up their own expectations of you or your business. Jammer Doors always provides the facts and lets the customer absorb and evaluate the information presented. Jammer Doors wants customers to feel they made a wise decision to patronize their business and were not forced or persuaded. With technology at everyone’s fingertips, customers are now experts in your field of expertise. Jammer Door hopes that as a customer, you learn what it takes to achieve the American dream and marvel at the longevity of a family owned and operated business.

Best Orthodontist honors again go to Dr. Greco

Advertorial

The orthodontic practice of Mark R. Greco DMD is a second generation staple in Mercer County. Our office is a private, quality-oriented practice with a controlled volume of patients permitting us to run efficiently and on time.

Metal braces are still in, but we also utilize the latest technological advances in the industry including self-ligating clear braces, Invisalign, and a wide variety of growth helping appliances.

Combine this with digital x-rays and diagnostic models and you will find that we are uniquely prepared to communicate with both you, and of equal importance, your regular dentist.

When asked what

makes your office unique, Dr. Greco emphasized that "we specialize in custom treatment plans. This means each patient presents with a unique set of circumstances and goals. So rather than present only one orthodontic product or plan we explore alternatives in both type of appliances and methods to achieve the desired outcome. This

said, the vast majority of my adult and late teen patients opt for Invisalign – it's simply cleaner and more socially comfortable for them and the cost is roughly the same as clear braces. In a nutshell, we try to customize our orthodontic approach to provide the greatest probability of success. This leads to shorter treatment time and better results."

I would personally like to thank my patients for voting myself and staff the "Best Orthodontist" for the 8th year in row, and "Best Children's Orthodontist" for 2021.

We recognize that every patient has different needs, and we pride ourselves in the courteous service we deliver to each person who walks through our doors.

Call us at 609-586-2865 or visit us at www.Greco-Ortho.com for a complimentary consult. You will treat yourself to a thorough understanding of what orthodontics can do for your smile.

Whether you're an adult, adolescent or child, know that we are committed to helping you achieve the smile you deserve – a healthy, beautiful one.

Lawrence Family Chiropractic keeps you in line

Advertorial

“Dr. Eric Jaszewski of Lawrence Family Chiropractic wants to explain exactly how regular chiropractic care can help you and your family. Our goal is to help you achieve optimal health for many years to come!”

At Lawrence Family Chiropractic, we have a unique and highly advanced system of both analyzing and adjusting the spine. Our office is one of the only offices in New Jersey that utilizes “video-fluoroscopy”, the most advanced technology in joint motion imaging. We are continually amazed at how modern chiropractic care helps the families who

seek care in our office. We will educate you about chiropractic and other natural solutions to common health problems. Chiropractic helps with so much more than traditional back and neck pain. It can help alleviate symptoms experienced from a variety of conditions.

We use the Pierce Results System as a way of evaluating your spine, noticing how it moves through what should be normal ranges of motion. Spinal problems are revealed by having you turn and bend in specific ways. This thorough biomechanical analysis provides the basis for making a specific and highly-effective adjustment.

“Subluxation” (spinal

misalignment) creates an inflammatory response that can be measured by changes in temperature. We'll monitor your progress and watch for pattern changes along your spine by using highly-sensitive temperature measuring equipment.

As better spinal function returns and nerve interference is reduced, your body's inborn healing ability will be enhanced and another chiropractic success story is sure to be recorded!”

Mill Hill Saloon is Trenton's best bar and restaurant

Advertorial

Located at 300 South Broad street right on the cusp of Downtown Trenton is The Mill Hill Saloon, a beautiful bar and restaurant in a historic building that's been a staple of Trenton for over four decades.

Built in the early 1800s, the building has been many different things over the years including an Inn, an apothecary, and a sign making company.

The bar as you see it today was created in the 1970s by the late Joe LaPlaca. Many of our patrons still to this day lovingly refer to our bar as Joe's. Under Joe's ownership The Mill Hill Saloon was once known as the jazz capitol of New Jersey and also housed a brew pub in the basement bar.

Although there have been some changes over the

years, a lot of things still remain the same.

The Mill Hill Saloon is still a hub for music lovers from all over and still maintains that "cheers bar" atmosphere where everybody feels like family. Mill Hill Saloon is a place that makes everyone feel welcome.

Whether it's the upstairs bar and restaurant that draws you in or the Mill Hill Basement, there's a place where everyone can hangout and feel at home.

The main level bar and restaurant is a popular lunch destination for many people who work in the surrounding area. Our menu offers a wide selection of delicious housemade food including burgers, cheesesteaks, our popular blackened grouper Caesar salad, plenty of vegetarian options, and of course the famous porkroll, egg, and

cheese sandwich, a capital city favorite.

We feature weekly food specials and a great selection of 16 beers on draft that are different from the basement bar options. We are host to many different types of events including private parties, meetings, fundraisers, wedding celebrations, karaoke and game show nights, drag shows, live music performances, and regularly scheduled events such as our "First Friday Art Exhibits".

Come support your local artists by checking out the incredible artwork available for purchase that will remain on display for the entire month and change to an all new selection of visual art on the first Friday of every month. Also, we soon hope to restart our wildly popular "Tuesday Night Gameshow Night"

followed by karaoke.

There are also plans in the works to continue hosting LGBTQ events including dragshows and a regularly occurring LGBTQ Night.

Our beautiful garden room makes for the perfect place to have your own private party that comfortably seats up to 30 guests. Please contact us at (609) 989-1600 for more info on catering options and event hosting.

If you are looking for a fun late night spot to see tons of original live music you can head down the stairs and experience the Millhill Basement which features a small "stage area" to National and international touring bands. Shows are typically booked through established promotion companies and some of the local bands that call the basement "home".

In addition to catering to punk, folk, indie rock, HipHop, metal, and other alternatives to mainstream music, we also show independent films, host dance parties, encourage sing-alongs, and have hosted Narcan training sessions (open to doing more trainings, experts wanted).

The Basement offers 13 delicious draft options that rotate regularly, always including 2 cider options and 1 economy priced beer (ie PBR). Upcoming events to check out are scheduled for

every Friday in September and Saturday Sep 11th, the first two Fridays and Saturdays of October including the afterparty to the Trenton Punk Rock Fleamarket on Saturday October 2nd, and many more to come.

Check out the Millhill Basement's Facebook page for more information on upcoming shows.

The Best Just Got Better

Advertorial

Beyer Eye Associates is honored to be awarded Top Eye Care by the Trentonian Readers' Choice six years in a row. We would like to thank our patients and staff for their commitment and dedication.

Our philosophy has always been that one of life's most precious gifts is your vision. We continue to promise to provide our patients with the highest level of eye care services, creating unchallenged loyalty, satisfaction, and patient retention. We emphasize integrity, commitment, and performance excellence in a friendly environment, establishing our reputation as a premiere health care destination.

We have three convenient locations: Mercerville, Millstone, and Newtown Pennsylvania. Our expanding services include comprehensive eye care, glasses, contact lenses, treatment of eye diseases and disorders, as well as cataract and eyelid lift surgery.

We offer the latest technology in ophthalmic testing used for cataracts, glaucoma, macular degeneration, diabetic eye exams and dry eye. A small part of our patient services include:

Drop-less eye exams with our non-dilating digital retinal camera (Optos) which allows the doctors to view more than 85% of your retina for routine visits.

A myopic control program for halting near sightedness progression with the use of custom designed glasses and contacts are available.

Cataract patients receive advanced technology lens implants for the treatment of astigmatism and extended depth of focus, giving patients back their youthful vision.

We are one of the few offices that are using electroretinography to detect subnormal function of the retina and optic nerve.

Dr. William R Beyer Jr. has been in practice for over 40 years in Mercer County. In January of 2014, with the proud addition of his two sons, Mark, and Eric, we became Beyer Eye Associates. We use state-of-the-art electronic medical records system which allows office visit summaries, prescriptions, and referrals readily available to the patient at the time of the visit.

We welcome Dr. Peter Perno to our family,

Gruerio Funeral Home voted Best Funeral Home

Advertorial

Gruerio Funeral Home wants to give many thanks to everyone who made this award possible!

The Gruerio Funeral Home is a third generation family owned and operated full service funeral home established in 1929 by the late Joseph R. Gruerio. Mr. Gruerio, born in South Philadelphia, established his first funeral home in the Chambersburg section of Trenton 86 years ago, because of his fondness for the people and culture of the area. His second funeral home was located on Hamilton Ave-

nue and then he moved to the present location of 311 Chestnut Avenue in Trenton.

The funeral home is still a family owned and operated business run by his daughter and grandchildren continuing his tradition of helping all who are in need at a most difficult time in their lives, with personal care and attention to each and every family that they serve.

It provides all-funeral and cemetery services, including a full range of cremation services, cemetery options, a continuing care program that extends beyond ceremonies, and complete prearrange-

ment services.

The well-trained, professional staff not only takes care of funeral arrangements, but also offers emotional support to the family in their time of need and personal attention to all details for a truly meaningful final tribute for your beloved one.

Gruerio Funeral Home offers 24-hour services serving all of Mercer County and surrounding areas.

Let Toni Gruerio, owner, director and manager and Jude D. Curini, funeral director, help with all your funeral arrangements. Call (609) 393-4966.

TOP HONORS*Hamilton Car Wash is best place for your car care**Advertorial*

Hamilton Car Wash was first purchased in 1967 by the Kirikian family. What many people do not know is that Hamilton Car Wash played an important role in the development in two major car wash advancements in the car wash industry.

In the early 1970's, Hamilton Car Wash was used as a test facility in creating and developing the "brushless" cloth washing material, which later became the staple material in the car wash industry. This started the

development of cloth material by the car wash manufacturers and also car washing material advancement from bristle brushes.

In the late nineties, Hamilton car wash was once again in the forefront of car wash material technology. Hamilton Car Wash was used to develop the "NEOGLIDE" washing material for the car wash industry. This development had a huge impact on the car wash industry and utilized by every major car wash manufacturer. "NEOGLIDE" is made right here in Mer-

cer County and is now used in thousands of car washes throughout the world producing a cleaner vehicle and safer wash for the paying custom.

Hamilton Car Wash contributions to the car wash industry make it unique by the role it played in changing the car wash industry with two revolutionary car washing materials. Both these technological advancements ushered a new technological advancement propelling and promoting the car wash industry forward which is still used to this day.

Corvette. "I was nervous working on it and gave it the kid glove treatment," Jim said.

Trenton folks first learned about Fuccello's garage back when it opened on Feb. 1, 1995 in a former garage on South Olden Street, a little further up from the present location. At the time, Jim rented the building.

However, it was Jim's dream to have his own place. "I wanted the new place to be bigger and offer more room." That dream came true when Jim purchased an empty lot further up Olden Avenue and built his dream garage from the ground up.

Business hours are 8 a.m. to 5 p.m. Mon.-Fri.; and 8 a.m. to 1 p.m. Sat. First come, first serve. No appointment necessary.

Fuccello's Custom Exhaust is located at 1158 South Olden Ave., Trenton. For more information, call (609) 588-9780.
