WALLACE STATE NEWS

New Program Provides Leadership Skills, Scholarships

A new program being offered at Wallace State Community College will give select students opportunities to develop leadership skills as well as earn scholarship funds towards their education.

The Lions Leader program of the Wallace State Community College Alumni Association will kick off this fall as the college gears up for a year's worth of celebrations commemorating the 50th anniversary of the creation of the school. The program will give the students opportunities for networking with people at events on and off campus and to act as role models within the college and the community.

"We have some wonderful students at Wallace State," said LaDonna Allen, Alumni and Special Projects Coordinator. "The Lion Leader program will allow students the chance to meet people in government, business and industry while acting as representatives of Wallace State at college events and activities. It's a win-win situation."

Part of that win-win is a \$500 scholarship each semester for the students selected as Lion Leaders and who volunteer a minimum of 30 hours each fall and spring semester. Students may reapply each year and must meet outlined criteria to remain in the organization and retain their scholarship.

Eligibility will be based a number of factors. The student must be currently admitted or enrolled by the fall semester, be in good academic standing with a 2.75 or higher GPA (WCC or high school), and complete the Lion Leader Application Packet and interview process.

Students Alumni Association members are given priority for the scholarships, Allen said. Membership is open to any student enrolled in the college and requires a \$15 annual membership fee. Other selection criteria includes: dedication to the organization and ability to commit required hours, sincere desire to represent WSCC and to be a student leader, ability to adapt to a variety of situations, ability to make a positive first impression and to work well with others and responsibility, dependability, and enthusiasm.

The Lion Leaders will be a group of 10, split equally between male and female students. Applications will be accepted through Aug. 1, 2015, and can be accessed at www.wsccalumni.org/lionleader2015 along with the application, students must also turn in a transcript (unofficial is acceptable), resumé, letter of recommendation and a photo. If selected as a finalist, they will complete an interview process.

Application packets may be submitted using the link above, turned in at the Alumni Association on the 11th floor of the Bailey Center, or mailed to the Alumni Association at P.O. Box 568, Hanceville, AL, 35077. For more information about the Lion Leader program, contact Allen at 256.352.8071 or ladonna.allen@wallacestate.edu

CULLMAN VETERANS MEMORIAL BRICK PROGRAM

Having a brick placed in our Memorial Park will serve as a reminder to future generations of true patriotism and dedication to freedom.

Each 8"x8"x2.25" brick has a one-time fee of \$50.00 and will be inscribed with up to four (4) lines with fourteen (14) characters in each line. It will then be incorporated permanently on the park grounds. Bricks can also be purchased to donate.

Brick Purchase Forms available at:
Freedom Insurance (256) 737-0011
Cullman Savings Bank, and Sportsman Lake Park Office

The combination of the common antibiotic clarithromycin with some statins increases the risk of adverse events, which may require hospital admission for older people, according to a new study published in CMAJ (Canadian Medical Association Journal). Statins, used to lower cholesterol, are one of the most widely prescribed drugs, with projections estimated at more than 1 billion people around the globe. Although uncommon, severe adverse events can occur in some patients when certain medications interact with rosuvastatin and pravastatin, which are metabolized differently than other types of statins.

Pharmacologic blood pressure reduction may prevent major cardiovascular events and death in patients with mild, or stage 1 hypertension (systolic blood pressure of 140 to 159 mm Hg and/or diastolic blood pressure of 90 to 99 mm Hg), according to a systematic review published in annals of Internal Medicine. Having elevated blood pressure is the leading cause of premature death globally and the number of persons with clinically abnormal blood pressure is increasing. Most of these patients have mild hypertension and no overt cardiovascular disease and the effects of pharmacologic blood pressure reduction in this group are unclear.

The U.S. Food and Drug Administration has approved Natpara (parathyroid hormone) to control hypocalcemia (low blood calcium levels) in patients with hypoparathyroidism, a rare disease that affects approximately 60,000 people in the United States.

BEST DEAL ON THICK, HIGH GLOSS BUSINESS CARDS!

It is written: "The Great Apostasy" by a church (hoax) to attract pagans to normal Christianity, took measures to amalgamate the Christian and pagan festivals so pagans would join their church, for example bringing in the pagan festival of Easter as a substitute for the Pasch or Passover and having those who pointed out these apostasies killed, never repenting of or fully admitting the true extent of its actions! Ezek 8:16 reveals idol worship was hidden in The Holy Temple in B.C. 594 and in 325A.D, Constantine and the Nicene council took measures for their festivals to replace the Christian festivals (Dan 7:25) even by force. A Christian is a follower of Christ, to follow Him, one must love Him and believe in Him (Jn 3:16, 14:15,24), for man's way is vain worship (Mt 15:9)! The Holy Truth gave to believe Mt 5:17-19, Jn 14:6, Rev 21: 6-8, 22:14-15. Ron Westmoreland 256 590-9067

Hatley HEATING & AIR

Hatley Heating & Air would like to thank all of our customers, friends and neighbors for your support through the years. As you may have heard, we recently lost our beloved leader Don Hatley. As difficult as it is, we must move forward. I've listed this letter to let all of you know that we are still here carrying on the tradition that Mr. Hatley always has in the past with integrity, honesty and trusted, affordable service, repair and replacement of your heating and cooling equipment (as needed). We now have new management, but the same experienced staff is still here to take care of all of your heating & cooling needs.

Thanks for your support,
 Al Stockard
