WALLACE STATE NEWS

Learn, Travel And Shop This Spring And Summer With WSCC Alumni Association

HANCEVILLE, Ala. — The Wallace State Community College Alumni Association has been filling the spring and summer calendar with numerous events that allow for learning, networking, shopping and spending fun times with family and friends.

Occupational Therapy Assistants and Physical Therapist Assistants will have their OTA and PTA Alumni Connection on May 7, from 7:30 a.m. to 4:40 p.m., earning up to 8 contact hours. The event will be held in the School of Nursing and Center for Science, and includes breakfast, lunch and exhibits.

Register at www.wscalumni.org/otapta2015 <<http://www.wscalumni.org/otapta2015>>.

The next educational experience will be for those who are preparing to take the ACT. The next "Preparing to take the ACT Workshop" will be held on June 15, from noon to 4:30 p.m. The fee is \$50 for the workshop or \$75 for the workshop and workbook. Register at www.wscalumni.org/actprepjune15 <<http://www.wscalumni.org/actprepjune15>>.

The WSCC Alumni Association is also planning short trips that will appeal to antique collectors and bargain hunters, families and girls who love the "American Girl" dolls. All of the trips are open to the public, as well as Alumni Association members. There are a limited number of spaces open on each trip, so registering early is advised.

On May 15, the Association will take an Antique and Bargain Hunting Trip to East Alabama, departing at 7:30 a.m. and returning at 4:30 p.m. The cost is \$20 and includes transportation to and from the college and snacks on the bus. Lunch will be Dutch treat. The trip will include visits to antique and thrift stores in Albertville, Boaz, Rainbow City, and more. Register at www.wscalumni.org/antiqueeast2015 <<http://www.wscalumni.org/antiqueeast2015>>.

The whole family can enjoy a day together on July 17, when the Association hosts Family Fun Day at Lake Winnie Amusement and Water Park in Chattanooga, TN. The trip will depart at 7 a.m., on July 17 and return at 7:30 p.m., that night. The \$75 fee includes transportation, unlimited rides and waterpark activities and a picnic lunch at the park. Register at www.wscalumni.org/familyfun15 <<http://www.wscalumni.org/familyfun15>>.

Fans of "American Girl" dolls have the opportunity for the ultimate American Girl experience with the American Girl Sweet Dreams Adventure in Alpharetta, Ga. The overnight trip includes transportation, accommodations, American Girl gifts and crafts, dinner at the American Girl Bistro, and more. Cost is \$260 for adults and \$95 for children. For more information or to register visit www.wscalumni.org/american-girl.

For more information about these events, contact Natalie Godwin at 256.352.7808 or natalie.godwin@wallacestate.edu <<mailto:natalie.godwin@wallacestate.edu>>, or visit www.wscalumni.org <<http://www.wscalumni.org>> and click on the Events link.

Does Chiropractic Really Work?

Chiropractic has been around for over a hundred years, and has been used to help everyone from tiny babies to the elderly. Even top sports star and entertainers... like Tiger Woods, Emmitt Smith, Tony Robbins, Joe Montana, Gov. Arnold Schwarzenegger and Mel Gibson.

Although chiropractic works great for back pain, at our office we've helped patients with a wide range of problems.

"Isn't Chiropractic Just For Back Pain?"

We can help conditions like...

- Headaches and Migraines
- Asthma and Allergies
- Numbness in the Arms and Legs
- Carpal Tunnel Syndrome
- Athletic Injuries
- Car Accidents
- Shoulder, Hip And Knee Pain
- And much more

In addition to that, here's what some of the top medical researchers had to say about chiropractic...

"Manipulation [chiropractic adjustments], with or without exercise, improved symptoms more than medical care did after both 3 and 12 months." - British Medical Journal

"Chiropractor's manipulation of the spine was more helpful than any of the following: traction, massage, biofeedback, acupuncture,

injection of steroids into the spine and back corsets, and ultrasound." -- Stanley Bigos, MD, Professor of Orthopedic Surgery

My name is Dr. Willard Johnson, of Johnson Chiropractic Center. For over 25 years, I've used gentle chiropractic treatments to help thousands in our community feel better and live healthier, more productive lives.

"How Much Does Chiropractic Cost?"

It's impossible to know for sure what you'll need to get rid of your nagging health problem until I've examined you. That's why for 15 days only, \$39 will get you all the services I normally charge new patients \$280 for!

What does this offer include? Everything I normally do in my new patient evaluation. Take a look at what you will receive:

An in-depth consultation about your health where I will listen... really listen. A complete nerve, muscle and spinal exam to find the cause of your problem. A full set of specialized X-rays to look for misalignments, bad posture, and joint degeneration. A thorough analysis of your exam and X-ray findings so we can map out your plan to better health.

I'll answer all your most probing questions about chiropractic and what it can do for you. The appointment will not take long at all and you won't be sitting in a waiting room all day either. To take me up on this special offer, you must call before May 21, 2015. Call now 256-734-7585

Additional services at established prices. Offer not valid with Medicare or WC.

"Bremen Man Gets Help After Passing Out!"

Dear Friend,

Cullman County man Ellis Garrett did something the other day that changed his life. Here's his story.

Ellis had been limping around the flea market where he works for several days, but it's tough to do when you have a pinched nerve in your low back, and you're in your seventies. The impinged nerve was causing pain to shoot down his leg from his back and hip area. It fact the pain was so severe it once caused him to pass out.

Just an hour or two after he passed out he had his wife drive him to see the newest doctor in Hanceville. After just two or three treatments he was feeling like a new person. This doctor helped him with his arthritic knee pain also. Ellis said, "Dr. Mike you've helped me more with this knee than anyone in the past three years." Oh, did I mention that this doctor is a Chiropractor?

Dr. Mike uses a new technique that gets great results with pinched nerves, "Sciatica". Most traditional treatments do not help this type of problem. In fact, the U.S. Dept. of Health and Human Services recommend Chiropractic and exercise for acute low back pain. No other treatments are recommended.

My daughter Emma, who is the little girl in the photo, was plagued by asthma when she was younger. Each day as I changed her diaper, I would give her an adjustment. The asthma started to improve immediately, and now she is virtually symptom free.

My son Nicholas, has recently been having some headaches. He'll come up to me and say, "Daddy, adjust my neck." And even before he gets up he'll say, "man that feels a lot better, it's all gone."

It's strange how life is, because now people come to see me with their carpal tunnel syndrome problems. Also they come to me with their headaches, migraines, chronic pain, neck pain, shoulder/arm pain, whiplash from car accidents, backaches, ear infections,

asthma, allergies, numbness in limbs, athletic injuries, just to name a few.

Here's what some of my patients had to say. "Dr. Mike has been helping me with my low back pain and headaches for over sixteen years. (Larry Luttrell)

"Thanks Dr. Mike for helping my wife, my staff and myself." (Dr. Pete Sparks) (Board of Directors, Marshall Medical Center).

Being a chiropractor can be tough,

because there's a host of so-called experts out there. They tell people a lot of things that are just plain ridiculous about my profession. But the studies speak for themselves, like the Virginia study that showed that over 90% of patients who saw a chiropractor were satisfied with their results. That's just incredible!

Forty-eight million Americans no longer have health insurance, and those who do have found that their benefits are reduced. That's where chiropractic comes in. Many people find that they actually save money on their health care expenses by seeing a chiropractor. Another way so save...studies show that chiropractic may double your immune capacity, naturally and without drugs. The immune system fights colds, the flu, and other sicknesses. So you may not be running off to the doctor as much. This is especially important if you are self-employed. And an entire week of care in my office may cost what you could pay for one visit elsewhere.

You benefit from an Amazing Offer -- Look, it shouldn't cost you an arm and a

leg to correct your health. You are going to write a check to someone for your health care expenses, you may as well write one for a lesser amount for chiropractic. When you bring in this article by June 12, 2015, you will receive my entire initial visit, the whole ball of wax for \$37 out of pocket. And, further care is very affordable. You see, I'm not trying to seduce you to come see me with this low start up fee, then to only make it up with higher fees after that. Further care is very important to consider when making your choice of doctors. High costs can add up very quickly.

Great care at a great fee...Please, hope that there's no misunderstanding about quality of care just because I have a lower exam fee. You'll get great care at a great fee. My qualifications...I'm a 1991 graduate of Life University. I'm certified by the National Boards as well as the states of Alabama and Tennessee. I've practiced in Alabama for 22 years after a one year associateship in Huntsville. I just have the low exam fee to help more people who need care. Results may vary in individual cases.

My assistant is Sandy and she is a really great person. Our office is both friendly and warm and we try our best to make you feel at home. We have a wonderful service, at an exceptional fee. Our office is called **ELLIS CHIROPRACTIC CENTER** and it is at 916 Main Street, Hanceville. Our number is **1-256-352-1252**. Call Sandy or me today for an appointment. We can help you. Thank you.
Michael Ellis, D.C.

Please do not call between 12:00 and 2:00 p.m.

P.S. When accompanied by the first, I am also offering the second family member this same examination for only \$20.

P.P.S. Can you imagine not having to wait at a doctor's office? Well, your time is as valuable as mine. That's why we have a no-wait policy. Your will be seen within minutes of your appointment.

See dealer or toro.com (toro.ca for Canadian residents) for warranty details. Product availability, pricing and special promotions are subject to dealer options.

MORNINGSIDE OF CULLMAN FISHING TRIP

Friday, May 1st residents enjoyed a day of fishing at the Veterans Park in Hanceville. It was the Annual Senior Fishing Day held by: Cullman Commission on Aging and Hanceville Police Department. On the way back to Morningside we stopped in at the old Hanceville Drug Store and ate an ice cream cone. We reminisced about the past as we looked at all the old pictures hanging on the walls and the old items of the past located inside the drug store. A special day to remember by all. Thank you to the Cullman Commission on Aging and the Hanceville Police Department for all you do for our Seniors. ~Residents and Staff of Morningside of Cullman

Denomination: a religious grouping within a faith that has its own system of organization. A very determined woman convinced by her church's system of organization that Christ (does not talk to them, for they are His church) fulfilled the law and gave a new covenant for the world to live by (quoted Heb 8:8 for proof) and the world should live only by the new testament. Convinced the old testament (according to her), was done away with, even the 10 commandments, etc. A person wrote there are 50 (?) English written Bibles, could be why there's over 43,000 (?) Christian denominations that do not agree as one. We'll stand by the saying of Joshua (24:15) and The teachings of The Holy King found in the 1611 KJV Bible and the NKJV, which do not agree with her or them.

A Wallace State Community College nursing student dressed as Dr. Seuss speaks with first-graders during the Let's Pretend Hospital.

Hundreds of students entertained, educated by Let's Pretend Hospital

There were gasps and groans, cheers and yells, dancing and jumping. It was all a part of Wallace State Community College's Let's Pretend Hospital, presented by its top-ranked nursing program.

The nursing program hosted Let's Pretend Hospital for the first time in its new School of Nursing and Center for Science, utilizing the state-of-the-art simulation center that is designed to look like a modern hospital and several of its classrooms. Every student in the nursing program participated as more than 1,000 of first-graders from public and private schools in Cullman city and county visited to learn about a variety of subjects important to their health and well-being. But they weren't subjected to classes or lectures on their visit. Characters such as Elsa from Disney's "Frozen" instead entertained them, along with dancing bumblebees, bears, and even Dr. Seuss and the Grinch.

"This is something we've done for many years to help children understand a trip to the doctor or the hospital doesn't have to be a scary thing," said Ann Culpepper, Coordinator of Clinical Learning. "They learn about ways to protect themselves from germs, how to react in the case of an emergency, what to expect if they have to go the hospital, and much more." Teachers who bring their students to the event say the children love the field trip.

"They're excited about everything," said Christy Brown of Hanceville Elementary School. "When they get back [to school] they ask when they can go back."

Wallace State students enjoy the experience as well. Joseph Dunne of Hayden participated in his second Let's Pretend Hospital this year. He acted as a guide for the classes, taking them to each of the eight rooms set up for the event. He had a front-seat view to watch the children react and interact with the other WSCC nursing students.

"The girls are more excited about the "Frozen" room," he said. In that room, the students were greeted by Elsa and Ana, who sang the popular tune, "Let it Go" and welcomed the students to join in song and dance. Each child also got to see and X-ray image on the video screen as they placed their arm or arms on the X-ray machine.

This was Falcia McLaughlin's first Let's Pretend Hospital. "I was actually nervous coming into," she said, as she stood outside the "Bug Room," where students were learning about germs and how to "Shake it Off," dancing to the Taylor Swift tune.

"It's cute to see how excited they are," she said. One of the rooms the children especially liked, McLaughlin said, was the Operating Room, which was decorated with the popular "Operation" board game as its theme.

Culpepper was pleased with how well the event went this first time in the new facility. "It's been wonderful and we couldn't have done it without our students and the great support we received from the local and medical community." Cullman Area Vocational Center provided the bus drivers and fuel for the four days of Let's Pretend Hospital. Cullman Regional Medical Center provided arm bands, Children's Hospital provided pediatric surgical masks, Hanceville Fire and Rescue provided an ambulance, ladder truck and two fire fighters each day, and Creative Designs assisted in creating the Let's Pretend Hospital T-shirt designed by Jessica Johnson, a Nursing 202 student.

The nursing program is now accepting applications for Fall 2015. Deadline for entries for the fall semester is May 15 and Sept. 1 for Spring 2016. For more information about the Wallace State Nursing program, visit www.wallacestate.edu/nursing <<http://www.wallacestate.edu/nursing>> or call 256.352.8000.

Thank You For Your Support of Memory Gardens

Dear Friends of Cullman Memory Gardens,

It is a with much regret that I am telling you this. I am about to start dialysis and will no longer be working with our cemetery committee. Eddie Williams and Betty Denton are going to work as a start up committee to try to keep our cemetery looking as nice as they can. They need help from anyone that would be willing to work a few hours a month or can help in any other way. All your help would be appreciated. This is our memory gardens and we all need to help keep it up. The Cemetery remains in bankruptcy with no end in sight. We still have no equipment to use on the cemetery. If anyone has equipment they no longer need, a donation would be appreciated.

Thanks to all the good citizens that came out and helped us in the past.

I want to thank all of your for your kindness and friendship.

Betty Chevront

Hospital Discount CENTRAL

Pictured L-R: Regenia Geisen, Becky Cook, Becky Burks and Rex Smith, RPh

Elevated risk of miscarriage, preterm birth, neonatal health complications and possible longer term neurobehavioral abnormalities, including autism, suggest that a class of antidepressants known as selective serotonin reuptake inhibitors (SSRI) should only be prescribed with great caution and with full counseling for women experiencing depression and attempting to get pregnant, according to a study published in Human Reproduction. Over the last 20 years antidepressant usage has increased 400 percent. Antidepressants are now the most commonly prescribed medication in the United States for people between 18 and 44 years of age, the childbearing years for most women. And as women enter their late 30s and early 40s they are more likely to experience infertility. 11 percent of women undergoing fertility treatment report taking an SSRI to combat depressive symptoms.

A new research report appearing online in the FASEB Journal shows how the FDA approved glaucoma drug, bimatoprost, causes human hair to regrow. It's been commercially available as a way to lengthen eyelashes, but these data are the first to show that it can actually grow human hair from the scalp.

An oral rinse of the antidepressant doxepin (Brand names: Adapin, Silenor, Sinequan) significantly eased pain associated with oral mucositis in patients receiving radiation therapy for cancers of the head and neck, a study led by Mayo Clinic found.

Presented as a service to the community by

Makenlie Pitzing

head majorette at Cullman High School competed last weekend against 39 girls for Crimsonette in Tuscaloosa, Alabama and made it. Makenlie will be starting classes this fall and will also be a Crimsonette at the University of Alabama. Makenlie is the daughter of Karen Pitzing and Michael Pitzing. She is the granddaughter of Pat and Alton Pitzing, Joyce Buckelew and the late Joe Buckelew.

Special Invitation to: CULLMAN CITY & COUNTY FIRE/RESCUE AND ALL SURROUNDING CITY/COUNTY FIRST RESPONDERS!

Cost for Cullman Area Fire/Rescue & All Out of County First Responders:
 \$20 - Pre-Register online @ www.autism-alabama.org
 \$30 - On-Site - Registration from 7:30 - 8 a.m. or 12:30 - 1 p.m.

Choose From 1 Of The Following 4-Hour Training Blocks:
 Mon. & Tues., May 11 & 12: 8 am - 12 noon, 1 - 5 pm. Wed., May 13: 8 am - 12 noon

FREE -- Community & Family Training: Wednesday, 5/13 - 1 - 3 pm -- FREE

***** LIMITED SPACE AVAILABLE FOR ADDITIONAL ATTENDEES *****

Trainer Credentials: In collaboration with the Autism Society of AL, Dustin Chandler, a disability parent and former police officer is offering Autism Risk and Safety Management First Responder Trainings to first responders in Alabama. Dustin has been trained by Dennis Debbaudt of Autism Risk and Safety Management. <http://www.autismriskmanagement.com/>. Dennis Debbaudt is an internationally known first responder trainer and ASA is delighted that Dustin Chandler is working with him to offer trainings in Alabama.

Autism Risk and Safety Management trainings are designed to educate first responders about the challenges associated with ASD that may impair communication between an individual with ASD and a first responder. Police officers, fire fighters and emergency medical technicians who are trained to interact with those with a diagnosis of ASD may avoid miscommunications, unnecessary detentions and injuries.

During interactions with first responders, the challenges of language processing speed and communication skills associated with ASD may at times appear to be noncompliance or oppositionality, when there is no intent for such behavior. First responder trainings for ASD decrease the likelihood of miscommunications that are a result of ASD features.

Drucilla (Ozbolt) Nichols
 October 28, 1925 ~ March 16, 2015

We send our heartfelt thanks to all of those who have so generously given help to us during the trying times we have had this past year. God sent so many angels who encouraged us, brought food and gifts, and prayed for us. You will never know how much all of you mean to us. Special thanks go out to Cullman Heritage Funeral Home, Heath Williams, and Gum Pond Primitive Baptist Church for the beautiful service. We would also like to express our gratitude to the staff of Gentiva Hospice and especially Lisa, Nancy, and Rebecca. We will miss our beloved Mom, Mammaw, and Gammaw.

The Nichols Family

Ruby E. Drummonds Brown

August 15, 1932 ~ April 3, 2015

The family of Ruby E. Drummonds Brown would like to say thank you to everyone that said a prayer, visited and comforted our dear Mother, during her sickness and passing.

A special thanks to Hospice of Cullman, for the care she received, Moss Service, and Bro. James Abbott for the beautiful service. Also, a very special thank you to Kathy Calvert for a wonderful meal following the service. The list could go on and on, but thanks to everyone that touched our lives so many ways in our time of need. It meant so very much to our family.

God Bless All Of You

Saving You MONEY

IS WHAT WE ARE ALL ABOUT

NO GIMMICKS
NO GAMES

*Just Honest To Goodness Savings
Plus The Best Service In Town....Come See!*

WEEKLY ADVERTISED SPECIALS:
Special lower prices on selected items advertised Weekly, to every trade area household, (direct mail delivered), in The Community Shopper's Guide.

BLUE TAG SPECIALS:
We have HUNDREDS of non-advertised items marked down throughout our entire store. More savings passed on to our customers. Just look for blue tags on the shelves.

NO LIMITS:
Our competitors also have advertised specials. The difference is, in most cases, they have a limit on how many of an item you can buy at the sale price...we don't have any limits to family shoppers.
