What life seems to be

Dr. Glenn Mollette

Life is short. The best we can do, is the best we can do. If we are doing our best, then what more can we expect from ourselves and others? Most people are doing the best they can with the information and abilities they have.

There are some things we can change and some things we can't. Learning to adjust or adapt with what we have and who we are often takes some time and effort. We are all born some place to someone. Some of us are raised with less than others and some of us are raised with more than others. Many have a lot to overcome to merely survive in life while others seem to have it easy.

Academics appear to come easier for some people while others have to study diligently just to make a passing grade. Some are lucky in life while others don't seem so lucky.

One of my dear friends is a multi-millionaire. He has a great house, wife and business galore. Over the last few years a young son was killed in a car wreck. A daughter was killed in a wreck and another died from natural causes. Many who don't know the tragedies and heartache that he has experienced assume that his life is great and free from pain. I know he would trade everything he has to have his children back with him. He continues to get up in the morning. He is still involved in his business, cares for his wife and cherishes his one remaining daughter. However, life is not as it may seem to some.

Another dear friend has prospered with a large family and a successful business. His life looks good until you get to know him better. One of his sons committed suicide in front of him a couple of years ago. Another son recently died in an accident. Within weeks of his son's accident, a grandson was killed in a car wreck. His pain is great. He goes through the motions day by day trusting God with his life and remaining children. It is difficult to understand why his family has suffered so much in recent days. Tears flow when he begins to talk about what his family has suffered.

Life is not so easy to figure out. We think we have the answers and then later in life realize we don't know much at all. We thought we had life all figured out when we were very young but throughout the years life throws things at us that we can't possibly see coming.

Today, let's all consider others. Be kind to our neighbors, acquaintances and people we meet along the way. A lot of people are hurting from disease, death, unemployment, life's tragedies and more. Don't judge people by their appearances or their mistakes. Life is not only filled with good, but often pain that most never see.

What life seems to be and what life actually is are rarely the same.

First Aid

"How come you're late?" asks the bartender as the blonde waitress walks in the door.

"It was awful," she explains. "I was walking down Elm street and there was this terrible accident. A man was lying in the middle of the street; he was thrown from his car. His leg was broken, his skull was fractured, and there was blood everywhere. Thank goodness I took that first aid course -- all my training came back to me in a flash."

"What did you do?" asks the bartender.

"I sat down and put my head between my knees to keep from fainting!"

Salome's Stars

ARIES (March 21 to April 19) Mars, your ruling planet, helps you deal with career challenges in a way that reflects some of your own hidden strengths. This impresses some important decision-makers.

TAURUS (April 20 to May 20) Your strong Bovine will, combined with your romantic nature (you are ruled by Venus), helps turn a romance with a potential for problems into one with more-positive possibilities.

GEMINI (May 21 to June 20) Mercury's influence creates some unsettling moments, but nothing that you can't live with. You'll soon learn more about that major change that is about to be revealed.

CANCER (June 21 to July 22) Opportunities for you are like the phases of the Moon: constantly appearing and reappearing. So, cheer up. The opportunity you think you let slip by will be replaced by another.

LEO (July 23 to August 22) An opportunity that you hoped would open up for you remains closed. Stop wasting time scratching at it. Something else you'll like will soon make itself apparent and accessible.

VIRGO (August 23 to September 22) Congratulations. You'll soon hear some positive feedback for all the hard work you recently put into a project. A Pisces could soon swim into your personal life.

LIBRA (September 23 to October 22) Someone whose friendship you felt you had to write off will try to revive it. What you do is up to you. But don't do it without giving it considerable thought.

SCORPIO (October 23 to November 21) A job-related plan might need to be reworked to allow for changes. Lucky for you that Saturn remains a strong influence that can help you focus on getting it done right.

SAGITTARIUS (November 22 to December 21) This is a good time to move into areas of self-discovery. You might be surprised about who you really are and how you really relate to those around you.

CAPRICORN (December 22 to January 19) Expect to confront someone who will make an unwelcome request. Stand by your resolve to do the right thing no matter what "persuasion" might be offered.

AQUARIUS (January 20 to February 18) A friendly competition could become more contentious than you expected. Take time out to discuss the reasons behind this unexpected change, and act accordingly.

PISCES (February 19 to March 20) You have a wonderful mind for solving mysteries, so you should feel confident about solving the one developing very close to you. An unlikely source offers help.

BORN THIS WEEK: You're a great host or hostess. You love being with people, and you're very good about planning all sorts of social events that bring folks together.

Clint Eastwood

HOLLYWOOD — In 1955, Clint Eastwood began his career in "The Revenge of the Creature" (from "The Black Lagoon"). He landed the lead in the CBS series "Rawhide" in 1958, then went to Italy in 1964 and starred in "A Fistful of Dollars," the first of three spaghetti Westerns. At 40, Eastwood directed his first film, "Play Misty For Me" (1971). He kept acting, but it was directing that earned him four Oscars (from 11 nominations). On Sept. 17, at 91, his 40th film will open, "Cry Macho," which he directed, produced and stars in.

Clint cast country singer **Dwight Yoakum** as his co-star. Yoakum's memorable films are "Sling Blade" (1996), "Panic Room" (2002), "Wedding Crashers" (2005) and most recently "Logan Lucky" (2017), with **Channing Tatum, Adam Driver, Seth MacFarlane** and **Sebastian Stan**.

Famed director **Frank Capra** won six Oscars and made his last film at age 64. **Alfred Hitchcock** directed 59 films (and never won an Oscar, though he did receive the Irving Thalberg Award from the Academy), directing his last one at 76. While Capra had two wives and four kids, and Hitchcock had one wife and one kid, Eastwood juggled his career with two wives, two partners and eight children. At least five of his kids have successful acting/directing careers, including **Scott Eastwood**, who can be seen in the recent hit "The Suicide Squad." Clint had many memorable moments as an actor, but as a director, he's in a class of his own.

At long last, **Shari Lewis** (who died in 1998) and **Lambchop** — who made their TV debut in 1956 with "Captain Kangaroo" on CBS, won 13 Emmy Awards and a Peabody — will finally be the subject of an upcoming documentary.

Not so lucky is **Johnny Depp**, whom the San Sebastian Film Festival is giving a Lifetime Achievement Award and getting backlash from women's groups, including Spain's Association of Female

Filmmakers. It follows the decree of an English judge who found the accusation of Depp beating his ex-wife, **Amber Heard**, "was substantially correct" (despite her beating him too?).

More bad news for **Harvey Weinstein**. Pulitzer Prize-winning New York Times writers **Jodi Kantor** and **Megan Twohey's** bestselling book "She Said" is becoming a movie with **Carey Mulligan** playing Twohey and **Zoe Kazan** as Kantor, as well as **Patricia Clarkson** and "Brooklyn Nine Nine's" two-time Emmy-winner **Andre Braugher**, plus **Brad Pitt** as one of the producers. The film is a dramatic retelling of the sexual harassment investigation that took down Weinstein and sparked the #MeToo movement. It will focus on their efforts to uncover and expose decades of allegations against Weinstein, who has already been sentenced to 23 years in prison on charges of sexual assault and third-degree rape, and is now facing more charges in Los Angeles. Tick, tick, boom ... time's up!

Surgery Is Valid Option for Severe Sleep Apnea

DEAR DR. ROACH: My son, who is 30 years old, was recently diagnosed with severe obstructive sleep apnea and currently uses a CPAP machine. He says does not want to use this for the rest of his life, therefore, he has researched surgery to correct his OSA. Recently he consulted with a sleep expert, and now has surgery scheduled with that doctor.

My son will have a septoplasty and a palate expansion before a more radical surgery in a year called MMA. My son feels that these surgeries will give him the longest lasting cure for his OSA. I am very concerned about all of these surgeries. I value your objective opinion and hope you can give me some reassurance that these surgeries are worth the pain. -- G.M.

ANSWER: Although CPAP (continuous positive airway pressure, which works by using air to keep the airway open) is the usual treatment for obstructive sleep apnea, surgery is another effective way to treat OSA. Surgery is most appropriate for those who wish a surgical solution (some people can't stand the CPAP machine), those who have a surgically correctable problem (see below), and those who are good candidates for surgery; younger age makes surgery seem more reasonable to me.

The specific surgery chosen depends on an individual's unique anatomy. Surgery on the uvula (yes, the dangling thing at the back of the throat), soft palate and pharynx is the most common surgery, but maxillomandibular advancement surgery (MMA) has been shown to be successful in several well-known medical centers in the U.S., such as Mayo Clinic and Stanford. Success rates are high, and some studies have shown surgical cure of obstructive sleep apnea in over half of those who undergo the procedure. Not knowing your son and not being a surgeon, I can't give an objective opinion for him in particular, but I can say that in appropriate patients, surgical treatment of OSA is reasonable.

DEAR DR. ROACH: Is there any good way to find the correct blood pressure medicine that doesn't suck the life pep out of you, give you a headache, make you short of breath when walking or grapple with all of those side effects at once? Who should manage that program, your regular doctor or your cardiologist? Is there another specialist with the right insight and expertise? -- E.M.

ANSWER: Choosing the best blood pressure medicine for a person with high blood pressure starts with knowing as much as possible about the person's heart and blood vessels, and their other medical conditions. A person with blockages in the arteries should be on a beta blocker and ACE inhibitor most of the time. A person with diabetes should be on an ACE inhibitor or angiotensin receptor blocker. An older person with isolated high systolic pressure may get most benefit from a diuretic. However, it may still take some trial and error to find the best choice. Most people are able to find a blood pressure regimen that has very few side effects. Most generalists have expertise in blood-pressure medications, and are likely to know all your conditions. Cardiologists have more expertise in cardiovascular disease, and I refer to high blood pressure experts when I have difficulty getting someone's blood pressure under control.

Dr. Roach regrets that he is unable to answer individual questions, but will incorporate them in the column whenever possible. Readers may email questions to ToYourGoodHealth@med.cornell.edu.

Rally the Crowd with a Masterful Game Day Menu

FAMILY FEATURES

Scoring big on game day requires championship-level meals and snacks that keep the crowd full and ready for action. You can take your tailgate to the house with these baked dishes that help simplify homegating so you can focus on the big screen.

From a salsa-based dip and chicken wings to kick off the party to sweet brownies for celebrating victory, each of these recipes call for less than an hour in the kitchen. Clock management is key to tackling a tailgate spread, making these delicious dishes the perfect play calls on game day.

To find more tailgate and homegate recipe inspiration, visit Culinary.net.

Just Wing It

Skip the silverware at your next homegate and dive right in with a fan favorite that requires just your hands and a heap of napkins: wings.

Whether you pick through your pieces or clean each wing to the bone, these Game Day Chicken Wings are perfect for eaters of all types. A simple flour-based coating keeps the recipe easy to make and baking in the oven means you can skip the messy fryer or firing up the grill.

Cook until crispy then corral your party's favorite dipping sauces from ranch and blue cheese to barbecue and more. Once your spread is served, it's time to sit back and enjoy the game.

Visit Culinary.net to find more touchdown-worthy tailgate recipes.

Game Day Chicken Wings

Total time: 50 minutes
Servings: 4

- 1/2 cup butter, cubed
- 1/3 cup flour
- 2 teaspoons paprika
- 1 teaspoon garlic powder
- 1 teaspoon salt
- 1 teaspoon black pepper
- 10 chicken wingettes, thawed
- dipping sauces (optional)
- fresh parsley (optional)

Preheat oven to 425 F.

Line baking sheet with foil. Arrange butter cubes on foil.

In medium bowl, combine flour, paprika, garlic powder, salt and pepper.

Coat both sides of wings in flour mixture then evenly space among butter cubes on baking sheet.

Bake wings 30 minutes.

Turn wings over and bake 15 minutes, or until crispy and fully cooked.

Serve with dipping sauces and sprinkle with fresh parsley, if desired.

Score Big with a Salsa-Based Dip

Whether your game day celebrations call for a full-blown parking lot party or homegating with your closest friends, the nibbles and noshes you serve set the stage. Building your menu with crowd-pleasing classics – including one tried-and-true favorite that offers a fresh, veggie-forward taste: chilled salsa – makes your guests cheer for more than just the home team.

Healthy game day snacks are important to almost half (48%) of tailgaters and 18% said they'd consider leaving a party if salsa wasn't served, according to the "Game Day Eats Report" survey from refrigerated salsa brand Fresh Cravings. With its low calorie count packed with high flavor, salsa supports health-conscious goals. Made with ingredients like fresh tomatoes, crisp vegetables, zesty peppers and more, the authentic taste of chilled salsa is a universal favorite among fans.

With a belief that plant-based foods should contain wholesome ingredients and bold flavors worth celebrating, Fresh Cravings refrigerated salsas are available in the produce section, next to dressings and dips, in restaurant-style or chunky mild, medium and hot varieties. Chilled salsa is an affordable and vibrant-tasting alternative to jarred salsa, making it a key ingredient in this Mexican Pizza Dip from celebrity chef George Duran. It's a simple crowd-pleaser you can make in less than an hour, leaving more time for pregame festivities.

Mexican Pizza Dip

Recipe courtesy of chef George Duran
Servings: 6-8

- Nonstick cooking spray
- 1 tablespoon vegetable oil
- 1 pound ground beef
- 1 package taco seasoning mix
- 8 ounces cream cheese, at room temperature
- 1/2 cup sour cream
- 1 cup Fresh Cravings Chunky Salsa, plus additional for topping
- 1 cup grated mozzarella
- 1/2 cup blended Mexican cheese
- sliced jalapeno (optional)
- sliced black olives (optional)
- green onions (optional)
- tortilla chips

Preheat oven to 350 F.

Spray 8-by-8-inch glass pan or large soufflé dish with nonstick cooking spray; set aside.

In large saute pan, heat oil over medium-high heat and add ground beef, breaking up with flat wooden spatula, until fully cooked. Sprinkle taco seasoning throughout beef and combine.

Place warm beef mixture in large bowl and add cream cheese, sour cream, 1 cup salsa and mozzarella. Mix well until combined and pour into prepared pan. Top with blended cheese and sliced jalapeno, black olives and green onions, if desired.

Bake until fully warmed and cheese is melted, 30-35 minutes.

Top with small spoonfuls of salsa. Serve with tortilla chips.

Cap Off Game Day with an All-Star Combo

Pregame festivities call for salty snacks and meaty morsels, but halftime eating and postgame celebrations are perfect for sweet treats.

You can sweeten up your tailgate or homegate with a shareable option like Marbled Peanut Butter Chocolate Brownies made with Domino Golden Sugar, which is made from pure cane sugar and dissolves and measures cup for cup just like white granulated sugar without compromising performance or taste. Featuring an undefeated combination of peanut butter and chocolate, this dessert is ideal for baking a day ahead so you can manage the clock on game day.

20th Anniversary

SEPTEMBER 11, 2001

A timeline of the morning of September 11, 2001

The following timeline, courtesy of the National September 11 Memorial & Museum, can help people fully understand how events unfolded on that late-summer morning two decades ago.

On the morning of September 11, 2001, 19 terrorists hijacked four commercial airplanes bound for California. The planes departed from airports in Boston; Newark, NJ; and Washington, D.C. September 11 would become an infamous date in American and world history, and the events of that day would forever change the world. As the world commemorates the 20th anniversary of 9/11, the following timeline, courtesy of the National September 11 Memorial & Museum, can help people fully understand how events unfolded on that late-summer morning two decades ago.

- 5:45 a.m.: Two of the hijackers pass through security at Portland International Airport in Maine. The men will take a short flight to Boston Logan International Airport, where they will join three other hijackers and board American Airlines Flight 11.
- 6:00 a.m.: Two of the hijacked planes, American Airlines Flight 11 and United Airlines Flight 175, will eventually crash into the North and South Towers of the World Trade Center complex in New York City. The day was a significant one on the New York City political calendar, as polling stations opened at 6 a.m. for primary elections.
- 7:59 a.m.: American Airlines Flight 11 takes off from Boston with 11 crew members, 76 passengers and five hijackers on board. The plane, which will eventually crash into the North tower at the World Trade Center, is filled with more than 76,000 pounds of fuel.
- 8:15 a.m.: United Airlines Flight 175 takes off from Boston with nine crew members, 51 passengers, and five hijackers on board. This flight also is loaded with 76,000 pounds of fuel.
- 8:19 a.m.: American Airlines ground personnel are alerted by flight attendant Betty Ann Ong that Flight 11 is being hijacked. This call lasts roughly 25 minutes and Ong reports that the cockpit is unreachable. In the moments before Ong's call, one of the hijackers stabbed Daniel M. Lewin, who was sitting in front of him in first class. Lewin is likely the first person killed in the 9/11 attacks.
- 8:20 a.m.: American Airlines Flight 77 takes off from Washington Dulles International Airport. The flight has 49,900 pounds of fuel and is carrying six crew members, 53 passengers and five hijackers.
- 8:21 a.m.: The transponder on Flight 11 is turned off. This device is meant to allow air traffic controllers to identify and monitor the flight path of a plane.
- 8:24 a.m.: One of the hijackers of Flight 11 unwittingly broadcasts a message to air traffic controllers alerting them to the attacks. The hijacker was attempting to communicate with passengers and crew within the cabin.
- 8:30 a.m.: Around this time, roughly 80 people have already begun gathering on the 106th floor of the North Tower of the World Trade Center for a financial technology conference. The conference is one of many events on the Trade Center schedule that day.
- 8:37 a.m.: The Boston Air Traffic Control Center alerts the military that a hijacking is under way.
- 8:42 a.m.: United Airlines Flight 93 takes off from Newark International Airport. The flight was due to take off at roughly the same time as the other hijacked planes, but was delayed due to routine traffic. Seven crew members, 33 passengers and four hijackers are on board. The flight is filled with 48,700 pounds of fuel.
- 8:46 a.m.: Five hijackers crash Flight 11 into floors 93 through 99 of the North Tower of the World Trade Center. Hundreds, including everyone on board the flight, are killed instantly. The crash severs all three emergency stairwells, trapping hundreds of people above the 91st floor.
- 8:46 a.m.: Police, paramedics and firefighters are sent to the North Tower.
- 8:50 a.m.: While visiting an elementary school in Florida, U.S. President George W. Bush is notified that a small plane has hit the North Tower.
- 8:52 a.m.: A flight attendant aboard Flight 175 reaches a United Airlines operator in San Francisco and reports the flight is being hijacked. By 9 a.m., various passengers on Flight 175 have called family members.
- 8:55 a.m.: The Port Authority informs people inside the South Tower via a public address system that the building is secure and there is no need to evacuate.
- 8:59 a.m.: The Port Authority Police Department orders both towers evacuated. One minute later Captain Anthony Whitaker expands the order to include all civilians in the entire World Trade Center complex.
- 9:02 a.m.: An evacuation order is broadcast in the South Tower.
- 9:03 a.m.: Five hijackers crash Flight 175 into floors 77 through 85 of the South Tower. All onboard the flight are killed, as are an unknown number of people inside the building. Two of the three emergency stairwells are impassable and most elevator cables are severed, trapping many people above the impact zone and inside elevator cars.
- 9:03 a.m.: A second call for mobilization brings the total number of New York City Police Department officers responding to the scene to roughly 2,000. In addition, the FDNY issues a fifth alarm and deploys several hundred additional firefighters to the scene.
- 9:05 a.m.: President Bush is informed that a second plane has crashed into the World Trade Center.
- 9:12 a.m.: Flight attendant Renée A. May calls her mother and tells her that hijackers have seized control of Flight 77. When May's call is disconnected, she calls American Airlines.
- 9:30 a.m.: Amidst reports of additional hijacked planes, the Mayor's Office of Emergency Management at 7 World Trade Center is evacuated.
- 9:37 a.m.: Hijackers crash Flight 77 into the Pentagon. All 53 passengers and six crew members perish, and 125 military and civilian personnel on the ground are killed in the fire caused by the crash.
- 9:42 a.m.: The Federal Aviation Administration grounds all flights, ordering all civilian planes in United States airspace to land. Departures also are prohibited.
- 9:45 a.m.: Evacuations at the White House and the U.S. Capitol begin. Both the House of Representatives and Senate are in session at the time the evacuation begins.
- 9:58 a.m.: Flight 93 is flying so low to the ground that passenger Edward P. Felt is able to reach an emergency 911 operator in Westmoreland County, Pennsylvania.
- 9:59 a.m.: The South Tower collapses after burning for 56 minutes. The tower collapses in just 10 seconds.
- 9:59 a.m.: Continuity-of-government procedures are implemented for the first known time in American history.
- 10:03 a.m.: Four hijackers crash Flight 93 into a field near the town of Shanksville, Pennsylvania. All 33 passengers and seven crew members on board perish. Passengers and crew had stormed the cockpit, and the plane ultimately crashes just 20 minutes' flying time from Washington, D.C.
- 10:15 a.m.: The E Ring of the Pentagon collapses.
- 10:28 a.m.: The North Tower collapses after burning for 102 minutes. More than 1,600 people are killed as a result of the attack on the North Tower.
- 11:02 a.m.: New York City Mayor Rudolph Giuliani urges the evacuation of lower Manhattan.
- 12:16 p.m.: The last flight still in the air above the continental United States lands. Within two and a half hours, U.S. airspace has been cleared of roughly 4,500 commercial and general aviation planes.

- * For a little extra visibility in the basement, try applying glow-in-the-dark or reflective tape on the edges of the stairs.
- * This tip will change your life when peeling eggs: After you have hard-boiled your eggs, drain and submerge in ice water. Put them back in the pot, put the lid on and shake. Shake in all directions for up to a minute. The eggs practically slip right out of their shells. Just rinse and prep. -- JoAnn
- * "To distinguish your keys, especially house keys that have similar stamps, simply paint the key head with different colors of nail polish. You could even add a very subtle dot of the matching polish on the key lock. Reapply as needed." -- S.L. in Oregon
- * If you keep birds, here's a reminder: Never preheat pans on high heat -- especially nonstick pans. They can let off a chemical that you or I cannot detect but can be a health hazard if your bird friend is in the kitchen area. Don't keep birds in the kitchen when cooking.
- * "To mark the end on a roll of tape, save your bread tabs. Stick one on the tape end and it will be ready and easy to start the next time. If it's a thick tape, you can use two clips -- one at either side of the tape. This way, it won't split on you." -- M.E. in Maryland
- * Use a flat iron to iron your collar if it's rumped. This also works to straighten out buttonholes that have crimped.

Punctuality

A company owner was asked a question, "How do you motivate your employees to be so punctual?"

He smiled & replied, "It's simple. I have 30 employees and 29 free parking spaces. One is paid parking."
