Free Screenings* Offered At Elk River Medical To See If You Qualify For This Proven And Effective Treatment. *Spots Are Limited Due To High Demand

Tenn - What would it be worth to you if... in just 60 minutes... you could finally discover a way to get relief for your knee arthritis pain?

And... How would it feel if you could wake up tomorrow morning and some... or even all your pain was gone?

And... **Wouldn't it be wonderful to start a brand new life and leave all your pain and suffering behind?**

A life where...

...you jump out of bed in the morning, well rested and ready to take on the new day, without pain...

...you don't have to take slow, limping laps around your bedroom just to be able to walk every morning...

...you can go for walks, go up and down stairs and maybe even play sports like tennis and golf again...

...you can finally do all the things and enjoy life (just like everyone else) without constant, nagging pain...

Well... that's exactly what can possibly happen to you if you spend just 60 minutes with us...

...Because that's all it will take for one of our expert doctors to show you what we believe to be the safest, and most effective knee arthritis pain treatment there is...

I know you may find this hard to believe. Just about every one does when we tell them about this... at first. But it doesn't take long for them to turn from skeptic to raving fan as soon as their pain improves so fast.

Do You Have An Open Mind?

So, I'm not asking you to believe me just yet. All I ask is you approach this and read the rest of this information with an open mind. If you give us a chance, we promise, you won't be disappointed...

Because There is Proof Real medical proof.

Get this. A leading Orthopedic Surgeon and knee pain expert was getting excellent results with this non-surgical treatment on

his own patients. In fact, this study involved almost 2000 patients followed over 10 years.

And more specifically, he was getting amazing results the way HE was doing this treatment using high tech imaging for precise technique... just like we do it...

And he wanted to prove... beyond a shadow of a doubt... the results he got... were not only REAL... they could most likely work for others just like you.

So he conducted some research, an 11 year project, and it was published in the "Journal of Knee Surgery"... a Real and REPUTABLE medical journal (A copy of this research is available on our website or by mail).

What were his results and what do they mean for your pain?

In this study, he found that 75% of the severe knee arthritis pain patients he treated... and were facing knee replacement surgery... did not need to have knee replacement surgery... and were still OK 7.3 years later!

This is incredible news for you... and here's why...

The patients in this study were Stage 4 knee arthritis. That's the most advanced and worst stage. These are the cases that are usually sent for knee replacement surgery.

These patients had also gone through the common medical treatments like pain and anti inflammatory pills, physical therapy etc. and all that had failed.

So... these were the WORST cases of which every thing else had failed... YET, after this treatment, 75% still did not need knee replacement even more than 7 years later.

And it gets better. The study only collected data up to that time. It is pretty safe to say that many may never need surgery.

Bottom line: This study clearly showed this treatment is safe and extremely effective even for even the worst cases.

So, even if you aren't one of the worst cases... imagine

what it can do for you.

What Is This Treatment And How Can You Find Out If It Can Help You?

As studied as this treatment is... you may have an "Oh No!" reaction. Why? Because there is a very good chance you have heard of it. You may have even given it a try... and NOT gotten good results.

That's because this treatment is actually pretty common now a days. But... and this is a very big BUT... there is a very specific way to apply this treatment (as done in the study) that makes it so successful. And many are NOT doing it this way.

So... please hear us out. This really might be the answer you are looking for.

Ok... here is the treatment and the full scoop on why it works so well... when done THIS WAY.

The treatment is called "viscosupplementation." It is frequently called, "gel treatment." Or "joint oil".

In this treatment, a gel is painlessly injected directly into your arthritic joint. This lubricates the joint, reduces friction... and allows more movement without all the inflammation and "grinding" caused by arthritis.

This is like putting oil on a rusty hinge. Once the oil is applied, the hinge can move much better.

But here is something you must know: In that research project, all of the procedures were done with highly advanced imaging to guide the injections and make sure the gel got into the joint space area ultra-precisely.

This is EXTREMELY important... because... research also shows that injections done WITHOUT this imaging to guide them... can miss the joint space about one third of the time.

That means, in one third of the injections, the gel wasn't in the joint space and couldn't possibly work!!!

We feel this is why so many people have tried this treatment and DIDN'T

get good results like in the patients in this research.

So, if you have already had this treatment and it didn't work... was it done with this advanced medical imaging?

If not... there is still hope. In fact, there is a very good chance you can still get relief.

Here is why: **Elk River Medical is a medical clinic located at 2310 Thornton Taylor Parkway, Suite C Fayetteville, TN 37334.**

And the clinic's owner, Dr. Walter Bennett... is an expert in this treatment... and uses the advanced imaging to make sure the treatments are extremely precise and get the best results possible.

Dr. Bennett has the best treatments and technology... but also make everything VERY affordable

Just because he offers the best possible treatments and technology... doesn't mean he is so expensive only rich people can get his wonderful treatments.

While treatments may be covered by Medicare and some insurances... he also offer pricing plans for as little as \$13.57 per week so patients can finally relieve their pain and try to avoid surgery.

We don't want lack of insurance or money to be the reason you continue suffering.

Your Special Invitation... If you have knee arthritis pain... and are even just a little interested in finding out what this treatment can do for you... Dr. Bennett is inviting you to come in for a FREE screening appointment.

During this screening, you will get to talk to the doctor... ask questions... and find out if you qualify.

He will go over everything with you... and you will breathe a big sigh of relieve finally having real answers and a specific plan to possibly relieve your pain.

He will leave no stone unturned... and He will help you any way He can.

Please understand this: This treatment can possibly take away your pain...

No matter how long you've

been suffering. It really doesn't matter. It may take a little more time if you've been suffering for years as opposed to a "new" case... but in the end... you can still get tremendous results. . .

No matter how bad or helpless you THINK your case is. Many of our patients thought their case was hopeless, too far gone, for anything to help them. Many of their previous doctors told them that. Well you're NOT. With this treatment... the way our expert doctors do it... there is *always* hope.

Most of Dr. Bennett's patients have told him he was their last resort. Last stop before packing it in and completely giving up and submitting to surgery. They soon found out that his treatments made it really easy to get relief... and, best of all...

You Get To See If You Qualify For FREE

That's right. He want you to see EVERYTHING first hand and to prove to you... without a shadow of a doubt... he has the help for your knee pain that you are desperately wanting. And he wants to do it without you spending a penny or risking anything to find out.

That's why he are offering you this free screening.

So my big question for you is - is the opportunity to wake up tomorrow morning... and every other morning for the rest of your life... with less pain... worth the 60 minutes it will take to be evaluated?

What else could you possibly do with that same 60 minutes that could have such a profound impact on the rest of you and your family's lives?

You know, it's really disappointing to me that so many people just go on living with pain when you don't have to. So many of patients told him how they used to be in pain... just about every day.

They were in so much pain... they were grumpy and miserable all the time. They hated work. Their relationships were strained.

Study shows this treatment was successful in 75% of knee arthritis pain sufferers... saving them from surgery for at least 7.3 years. Will it work for you? Find out for FREE

Life was just one big struggle Now that they've discovered what he will reveal to you at your free screening... all that's changed...

Work and family have become rewarding and fun. Life is so much easier and better... in so many ways... without the pain. Finally, things start falling into place the way you always thought they would.

One of the best things Dr. Bennett hears is "Hey doc since starting this program I've lost 17 pounds because now that I can finally move around pain-free the weight just keeps coming off!"

Which one of those amazing things I just mentioned would you like to happen to you... right now.

Maybe it's none of the things I've mentioned. But, you do have hopes and dreams. We all do. And pain robs you of the opportunity to live out those hopes and dreams. Robs you of the life you really and desperately want... and deserve.

Whatever YOUR personal hopes and dreams are... They are all possible if you take action... right now.

All you have to do is give this a chance and schedule for the screening. But then again...

What's also possible is that your pain starts getting worse. And that happens to so many people from just doing nothing.

Taking action may seem

like a little work... or... it may even be a little scary for you - but not taking actions is almost always worse. The eight most dangerous words to your future, your health, and your hopes and dreams just maybe...

It Will Just Get Better All By Itself!

Fact is... it may only get worse.

Here Is How To Get Your Free Screening...

Just call us at **931-251-3009** and tell the scheduling coordinator you want your free screening. If you are one of the first 25, it is 100% free. No obligation or strings attached.

There is NOTHING to pay for and you will NOT be stressed in any way. We don't ever do that.. You see, Dr. Bennett has been practicing for a very long time... and is extremely busy.

Most are from word of mouth. But he wanted to open up this opportunity to as many arthritis pain sufferers as possible.

But because he gets so many calls... he can only take 25 from what you are reading this month.

You have absolutely zero to lose and possibly everything to gain. But you must call now. **931-251-3009.**

He went to work for Lynchburg Stone for years and then on to Rogers Group. He recently retired from Rogers Group on July 2, 2021. On June 30, 1983, he married the love of his life and together they had their one and only, his little "Peewee". Stanley loved his wife and loved nothing more than to pick and aggravate her. He knew and appreciated her devotion to him every single day. He nicknamed his daughter, Erin, "Peewee" and they were quickly a duo you would rarely see separated. He has two grandchildren that he was just crazy over. Nothing brought him more joy than being a Daddy and Papa. It was not a job he took lightly. He reprimanded when it was necessary but his love for them was so evident in the way they hung on his every word. He could not talk about any of them without the biggest smile on his face. He was so, so proud. Stanley was the life of the party. There was not ever a room he walked in that didn't light up. He loved to tell jokes and was well known for making light of any situation. He never met a stranger, and if he did, he learned them very quickly. He loved to sit and listen to it rain. He loved tending to his cows and outside of being at home with

his family, the hayfield was his favorite place to be. He has spent countless days and years making rows in a hayfield. He knew the value of a dollar and worked hard for everything he had. He made sure his family never wanted for anything. He would have given anyone the shirt off of his back. He loved Jesus. He was strong, honest, loving, a giver, devoted, and always early. He was the kind they just don't make anymore and above all, he was a man's man. He touched so many people who will never forget him. His legacy is one that will live on until the last day. He was the most loving and dedicated husband, daddy, papa, son, brother, uncle and friend. The void he leaves behind is one that will never be filled. He was preceded in death by his father and mother, Glen and Ann Pierce; brothers, Randy and Richie Pierce; and granddaughter, Lois Blake Hill. ROBINSON, WILLIAM LEWIS - 25, Lincoln County, TN. Funeral service, 11 a.m., Saturday, September 18, 2021 at First Baptist Church in Fayetteville followed by a graveside service in Cedar Hills Cemetery. Mr. Robinson passed away September 13, 2021. He was born on March 27, 1996, in Huntsville, AL, to Randy and Melanie Robinson. He grew up with a love for the outdoors, on the family property in Lincoln County, TN, where he enjoyed hunting, hiking and exploring the land with his brothers. Always athletic, he played sports throughout his life. He participated in swim team, soccer and wrestling at Lincoln County High School where he graduated in 2014. He went on to college at the University of Tennessee-Chattanooga where he majored in Biochemistry. While at UTC, he was a lifeguard and loved hiking, bicycling and being outside. Bright, curious and with a scientific mind, he had a passion and a gift for chemistry. He excelled in his studies and upon obtaining his bachelor's degree in 2018, he entered a PhD program in Organic Chemistry at Purdue University. Will had published several papers on his research. Having completed the requirements for his program, he was just finalizing his dissertation. Upon graduation, Will had planned to take a short break to hike and explore this beautiful country we live in. He was considering thru-hiking the Appalachian Trail or going out west. He hoped to contribute to the world by working in the pharmaceutical industry for a while, then dreamed of becoming a professor of chemistry at a university. He had already started down this path of teaching by tutoring others in chemistry at UTC and serving as a graduate teaching assistant at Purdue. His life's work, he always said, was to always keep learning and to share his knowledge with others. He was preceded in death by his maternal grandfather, Valdor Hall; and paternal grandparents, Lam and Jeanette Robinson. Along with his parents, he is survived by his sister, Katey Robinson; brothers, Ben, Jack (fiance, Shelby), Sam, Luke and Nate Robinson; niece, Addie Robinson; maternal grandmother,

The last job you'll ever love!

No experience preferred.

We are looking to fill a full-time position on our sales team. You'll receive the training you need to be successful in this role. And you'll have the ability to earn more income every month!

“ - Sandra Thomas

I was apprehensive before applying for the position. I only had experience working in gift sales. I knew nothing about advertising. EMG put me through paid training and let me watch other sales reps. That was 10 years ago! When a business tells me “working with you is a blessing,” I can't help but smile every time.

“ - Faith Cashion

Working at Exchange Media Group has been such a blessing. I get to do what I love everyday by helping businesses grow!

“ - Sissy Smith

When I first started working with Exchange Media Group, the extensive training was the most impressive part. It allows everyone on the team, no matter where we came from, to be the best we can be. As an employee, I love that our customers become our family. We're local, so we can really make a connection with them.

I Miss You Mom

Willa Jo Dye

I thought of you with LOVE today,
But that is nothing new.
I thought of you Yesterday,
And days before that too.
I think of you in Silence,
I often speak your Name.
All I have are Memories,
And your picture in a frame.
Your Memory is my keepsake,
With which I'll Never part.
God has you in His keeping,
I have you in my Heart!
I can't believe it's been a year...September 23, 2021
I miss you dearly!!!
