# HERSHBERGER'S

HARDWARE / LUMBER / BUILDING MATERIALS

A photograph of a large, modern two-story house at dusk. The house features a combination of grey horizontal siding and natural stone veneer on the lower level and around the windows. It has a dark grey or black roof with multiple gables and a prominent chimney. The front entrance is covered by a small porch with a dark roof. To the right is a large two-car garage with white doors. The house is well-lit from within, and the surrounding landscape includes a green lawn, small trees, and shrubs.

## Are You Hard of Hearing?

A major name brand hearing aid provider wishes to field test a remarkable new digital hearing instrument in the area. This offer is free of charge and you are under no obligation.

These revolutionary 100% Digital instruments use the latest technology to comfortably and almost invisibly help you hear more clearly. This technology solves the “stopped up ears” and “head in a barrel” sensation some people experience.

If you wish to participate, you will be required to have your hearing tested in our office **FREE OF CHARGE\*** to determine candidacy and review

your results with the hearing instruments with our hearing care specialist. At the end of this evaluation, you may keep your instrument, if you so desire, at a tremendous savings for participating in this field test. Special testing will be done to determine the increased benefits of this technology. Benefits of hearing aids vary by type and degree of hearing loss, noise environment, accuracy of hearing test, and proper fit. **This is a wonderful opportunity to determine if hearing help is available for your hearing loss and get help at a very affordable price.**

**SOME FEDERAL WORKERS AND RETIREES MAY BE ELIGIBLE FOR HEARING AIDS AT NO COST!**

**That’s Right... No Co Pay! No Exam Fee! No Adjustment Fee!**

**MOST INSURANCE PLANS ARE ACCEPTED INCLUDING BLUE CROSS BLUE SHIELD**

## **Services Offered:**

General Neurosurgical Care: Complex Spinal Surgery, Malformations, Tumors, Dislocations, Fractures, Degenerative Conditions, etc.

A comprehensive approach to surgical treatment - from minimally to maximally invasive.

Regenerative Medicine

*The guiding philosophy is to always reserve invasive procedures as a last resort, but when they become necessary, to apply the procedure that is most suited for that patient's specific problem in order to enhance outcome.*
