# Prepare Now For Severe Weather

Weatherman James Spann spoke in Cullman recently and made an impassioned plea that all citizens prepare for the upcoming tornado season. A few of the things he said were:

**DON'T THINK THERE HAS TO BE A MASSIVE TORNADO OUTBREAK** to put you and your family in jeopardy. We have single tornadoes in Alabama much more often than we have the huge outbreaks.

**DON'T DEPEND ON A SIREN.** If you are indoors, or if you are asleep, you may not hear the siren.

**HAVE A WEATHER RADIO** in your home, but also

**DOWNLOAD AN APP ON YOUR SMARTPHONE.** Weather Radio by WDT and MyWarn can both be programmed to alert you when you are in an area threatened by a tornado.

**KNOW WHERE YOUR "SAFE PLACE" IS** both at home and at work.

**HAVE A "TO-GO" BAG READY CONTAINING A FIRST-AID KIT, plus the following items for each member of your household:**

- 1) **A HELMET** to protect your head from falling objects or flying debris.
- 2) **A PAIR OF HARD SOLED SHOES** to protect your feet if you have to walk through glass, nails, shards of wood, etc.
- 3) **A SMALL AIR HORN** for your pocket. It can lead rescuers to your location in case you are unable to call out or blow a whistle.

**IF THERE IS A TORNADO WARNING FOR YOUR AREA GO IMMEDIATELY TO YOUR "SAFE PLACE".**

**TORNADOES WILL HAPPEN IN ALABAMA. PLEASE DO ALL YOU CAN NOW TO BE PREPARED.**

**"Bremen Man Gets Help After Passing Out!"**

Dear Friend,

Cullman County man Ellis Garrett did something the other day that changed his life. Here's his story.

Ellis had been limping around the flea market where he works for several days, but it's tough to do when you have a pinched nerve in your low back, and you're in your seventies. The impinged nerve was causing pain to shoot down his leg from his back and hip area. It fact the pain was so severe it once caused him to pass out.

Just an hour or two after he passed out he had his wife drive him to see the newest doctor in Hanceville. After just two or three treatments he was feeling like a new person. This doctor helped him with his arthritic knee pain also. Ellis said, "Dr. Mike you've helped me more with this knee than anyone in the past three years." Oh, did I mention that this doctor is a Chiropractor?

Dr. Mike used a new technique that gets great results with pinched nerves, "Sciatica". Most traditional treatments do not help this type of problem. In face, the U.S. Dept. of Health and Human Services recommend Chiropractic and exercise for acute low back pain. No other treatments are recommended.

My daughter Emma, who is the little girl in the photo, was plagued by asthma when she was younger. Each day as I changed her diaper, I would give her an adjustment. The asthma started to improve immediately, and now she is virtually symptom free.

My son Nicholas, has recently been having some headaches. He'll come up to me and say, "Daddy, adjust my neck." And even before he gets up he'll say, "man that feels a lot better, it's all gone."

It's strange how life is, because now people come to see me with their carpal tunnel syndrome problems. Also they come to me with their headaches, migraines, chronic pain, neck pain, shoulder/arm pain, whiplash from car

accidents, backaches, ear infections, asthma, allergies, numbness in limbs, athletic injuries, just to name a few.

Here's what some of my patients had to say. "Dr. Mike has been helping me with my low back pain and headaches for over nine years.. (Larry Luttrell)

Being a chiropractor can be tough, because there's a host of so-called experts out there. They tell people a lot of things that are just plain ridiculous about my profession. But the studies

chiropractic. When you bring in this article by May 18, 2015, you will receive my entire initial visit, the whole ball of wax for \$37 out of pocket. And, further care is very affordable. You see, I'm not trying to seduce you to come see me with this low start up fee, then to only make it up with higher fees after that. Further care is very important to consider when making your choice of doctors. High costs can add up very quickly.

**Great care at a great fee...**Please, hope that there's no misunderstanding about quality of care just because I have a lower exam fee. You'll get great care at a great fee. My qualifications...I'm a 1991 graduate of Life University. I'm certified by the National Boards as well as the states of Alabama and Tennessee. I've practiced in Alabama for 22 years after a one year associateship in Huntsville. I just have the low exam fee to help more people who need care. Results may vary in individual cases.

My assistant is Sandy and she is a really great person. Our office is both friendly and warm and we try our best to make you feel at home. We have a wonderful service, at an exceptional fee. Our office is called **ELLIS CHIROPRACTIC CENTER** and it is at 916 Main Street, Hanceville. Our number is **1-256-352-1252**. Call Sandy or me today for an appointment. We can help you. Thank you.

Michael Ellis, D.C.

Please do not call between 12:00 and 2:00 p.m.

P.S. When accompanied by the first, I am also offering the second family member this same examination for only \$20.

P.P.S. Can you imagine not having to wait at a doctor's office? Well, your time is as valuable as mine. That's why we have a no-wait policy. Your will be seen within minutes of your appointment.

The U.S. Food and Drug Administration has expanded the approved use of Xarelto (rivaroxaban) to include treating deep vein thrombosis (DVT) or pulmonary embolism (PE), and to reduce the risk of recurrent DVT and PE following initial treatment. Blood clots occur when blood thickens and clumps together. DVT is a blood clot that forms in a vein deep in the body. Most deep-vein blood clots occur in the lower leg or thigh. When a blood clot in a deep vein breaks off and travels to an artery in the lungs and blocks blood flow, it results in a potentially deadly condition called PE. Xarelto is already FDA approved to reduce the risk of DVTs and PEs from occurring after knee or hip replacement surgery (July 2011), and to reduce the risk of stroke in people who have a type of abnormal heart rhythm called non-valvular atrial fibrillation.

Combining cancer medication with a drug for erectile dysfunction and one for heart transplants helped kill cancer cells and protected the heart from damage in a study presented at the American Heart Association's Scientific Sessions 2012. For decades, doxorubicin has been a powerful anti-cancer treatment for various human cancers, including breast, ovarian, colon and prostate. But its use has been limited due to harmful, possibly irreversible effects on the heart. In this study, using cell and animal models, researchers found that sildenafil alone or in combination with rapamycin (an immunosuppressant used to prevent post-transplant organ rejection) significantly improved the anti-cancer effects of doxorubicin while protecting the heart. The combination of all three medications showed the most powerful effect, researchers said.

# Betty Faye Wood Freeman

December 15, 1930-March 9, 2015

Words cannot express nor can our family even begin to convey the appreciation for the love of Christ that was extended to us through the loss of our mom. We want to especially thank Woodland Haus Cullman and its staff, for loving and caring for her during her stay with you. To Hanceville Nursing and Rehab Center, how you cared for her and loved her unconditionally right up to the end. Also, to the staff and nurses at Southern Care Hospice, how much comfort that you provided mom and our family. We knew that mom was in God's care and it was comforting to know that you were there for her and all of us.

Thank you Bro. Kerry Cleghorn and Bro. Scott Harris that helped with mom's celebration of life. We want you to know how pleased mom would have been and how thankful that all of the family is in knowing that Jesus was glorified during her service. Also to Bro. Jeff Gardner, Grandma would have been pleased and proud of your part of the service, especially you sharing Jesus.

For all of the visits, calls, cards, texts, flowers, food, gifts for Gideon Bibles, and especially the prayers that we felt through our time of loss. A special thank you to mom's Sunday School class at Seventh Street Baptist Church for your love and devotion to her.

Again, thanks for all the love and kindness shown. We will close with this verse from Romans chapter 8; "If we are to share Christ's glory, we must also share his suffering. Yet what we suffer now is nothing to compare to the glory that He will reveal to us later."

*The Betty Faye Wood Freeman family*

Faith: belief or trust, religion or religious belief. By faith many church goers believe The Bible is The Inspired Word of The Holy Father, and by faith, that CHRIST is the Son of The Almighty FATHER the living GOD. By faith many do not hear or obey Christ and are led to deny His Word! By faith The Holy Bible is used to support evil, rebuking The Almighty FATHER and His Holy Righteous Son! By faith, willful sinners will walk on streets of gold in heaven by calling on The Name of Jesus. By faith the commandments of the Bible are annulled. Who teaches a faith that rebukes The Holy Father and His Son and claim it as a new covenant that by Jesus Christ one is saved by grace, not law? Christ said do not be deceived by man (Mt 24:4,5,11, 24, Mk13:5,6, Lk 21:8). Paul spoke against deceivers (Rom 16:18, 2Cor 11:13-15)! Is your faith proven by The Holy Father's Word (Jn 1:14, 3:16) or by man's word (Mt 15:9)?
