Cullman County Schools District-Wide Registration Required June 25

Attention Parents: If you have a child enrolling in Cullman County Schools (grades K-12) for the very first time, you will need to register your child at the Cullman County Board of Education (402 Arnold Street NE Cullman, AL) on Thursday, June 25th from 11:00-6:00.

All Cullman County students are required to complete registration in Info Snap in order to be enrolled in any Cullman County School for the 2015-16 school year. Parents/legal guardians should present the following documentation to school officials at registration:

- **Birth certificate** (certified birth certificate preferred)
- **Up-to-Date Immunization Card (Blue Slip)**
- **Proof of Residency** (recent utility bill or residential lease, documentation of current physical address, etc.)
- **Other documentation** (information school needs to know such as child custody, special health needs, etc.)
- **Optional:** Social security card (not required but if presented will be used to create a unique ID for your child in the INOW student database)

Elementary age students should accompany parents to registration to complete vision and hearing screenings.

Registration process:

1. Parent/child sign-in/receive registration number. Copies made of documentation.
2. Proof of residency/school district verified.
3. District school nurse reviews student health information with parent.
4. District personnel enter basic student info/assign school (based on proof of residency) in Info Snap. Parent is issued a student "snap code" to access student's information portal.
5. Parent sets up user account in Info Snap, enters child's snap code and begins entry of student information. Note: Students will complete vision/hearing screening while parent is completing steps 4 and 5.

To be eligible to enroll in Kindergarten for the 2015-16 school year, the child must be 5 years old on or before September 1, 2015. (Alabama law: 16-28-4)

THANK YOU!
To Mr. Ashley of East Point Drugs for helping and for all you do. To Chris of Mental Health for helping suffering, broken, defeated people. Mr. Ashley & Chris know Jesus "hung-out" with broken people and wasn't into "pride". These "good people" have given me a better quality of life & a "caring spirit" of love with all they do to be "good servants"! Thank you! Margaret

"Myths, Legends and Crazy Rumors..."

Dear Friend,

I was watching 20/20 one day. John Stossel had an interesting segment on myths that just aren't true at all. Here they are – it's very eye opening.

The first myth is polluted air and chemicals are killing us, but cancer is actually on the decline. We're running out of places for our garbage, but due to recycling we really are not. The most shocking was the myth that the rich don't pay their fair share of taxes. According to the IRS the top 1% of Americans pay 1/3 of all income taxes. I'm not going to cover the boring ones, such as the myth that money buys happiness. I think deep down we all already knew that wasn't true – but it sure doesn't hurt any.

Now I want to cover some myths concerning Chiropractic. The first myth is that if you see a Chiropractor you will likely be paralyzed. My malpractice premiums are \$858 per year and recently were only about \$600. How many MDs can say that? "Popping" your knuckles or neck will cause arthritis. Actually, keeping motion in joints helps to reduce the risk, and this was proven by a study at UCLA. The last myth is MDs do not want their patients to be adjusted. A lot of MDs have started referring patients to Chiropractors, and there is a branch of the medical field called Osteopathy. These are MDs who are trained in spinal manipulation similar to Chiropractic.

My daughter Emma, who is the little girl in the photo, was plagued by asthma when she was younger. Each day as I changed her diaper, I would give her an adjustment. The asthma started to improve immediately, and now she is virtually symptom free.

My son Nicholas, has recently been having some headaches. He'll come up to me and say, "Daddy, adjust my neck." And even before he gets up he'll say, "man that feels a lot better, it's all gone."

It's strange how life is, because now people come to see me with their carpal tunnel syndrome problems. Also they come to me with their headaches,

migraines, chronic pain, neck pain, shoulder/arm pain, whiplash from car accidents, backaches, ear infections, asthma, allergies, numbness in limbs, athletic injuries, just to name a few.

Here's what some of my patients had to say. "Dr. Mike has been helping me with my low back pain and headaches for over sixteen years. (Larry Luttrell)

"Thanks Dr. Mike for helping my wife, my staff and myself." (Dr. Pete Sparks) (Board of Directors, Marshall Medical Center).

Being a chiropractor can be tough, because there's a host of so-called experts out there. They tell people a lot of things that are just plain ridiculous about my profession. But the studies speak for themselves, like the Virginia study that showed that over 90% of patients who saw a chiropractor were satisfied with their results. That's just incredible!

Forty-eight million Americans no longer have health insurance, and those who do have found that their benefits are reduced. That's where chiropractic comes in. Many people find that they actually save money on their health care expenses by seeing a chiropractor. Another way so save...studies show that chiropractic may double your immune capacity, naturally and without drugs. The immune system fights colds, the flu, and other sicknesses. So you may not be running off to the doctor as much. This is especially important if you are self-employed. And an entire week of care in my office may cost what you could pay for one visit elsewhere.

You benefit from an Amazing Offer -- Look, it shouldn't cost you an arm and a leg to correct your health. You are going to write a check to someone for your health care expenses, you may as well write one for a lesser amount for chiropractic. When you bring in this article by July 17, 2015, you will receive my entire initial visit, the whole ball of wax for \$37 out of pocket. And, further care is very affordable. You see, I'm not trying to seduce you to come see me with this low start up fee, then to only make it up with higher fees after that. Further care is very important to consider when making your choice of doctors. High costs can add up very quickly.

Great care at a great fee...Please, hope that there's no misunderstanding about quality of care just because I have a lower exam fee. You'll get great care at a great fee. My qualifications...I'm a 1991 graduate of Life University. I'm certified by the National Boards as well as the states of Alabama and Tennessee. I've practiced in Alabama for 22 years after a one year associateship in Huntsville. I just have the low exam fee to help more people who need care. Results may vary in individual cases.

My assistant is Sandy and she is a really great person. Our office is both friendly and warm and we try our best to make you feel at home. We have a wonderful service, at an exceptional fee. Our office is called **ELLIS CHIROPRACTIC CENTER** and it is at 916 Main Street, Hanceville. Our number is **1-256-352-1252**. Call Sandy or me today for an appointment. We can help you. Thank you.
Michael Ellis, D.C.

Please do not call between 12:00 and 2:00 p.m.

P.S. When accompanied by the first, I am also offering the second family member this same examination for only \$20.

P.P.S. Can you imagine not having to wait at a doctor's office? Well, your time is as valuable as mine. That's why we have a no-wait policy. Your will be seen within minutes of your appointment.

Few classes of drugs have had such a transformative effect on the prevention of cardiovascular disease (CVD) as have statins, prescribed to reduce total cholesterol and low-density lipoprotein cholesterol. However, some clinicians have ongoing concerns regarding the potential for lens opacities (cataracts) as a result of statin use. In a article in the Canadian Journal of Cardiology, researchers report increased risk for cataracts in patients treated with statins. However, because the overall risk is low and because cataract surgery is both effective and well tolerated, this association should be disclosed but not be considered a deterrent to use of statins when warranted for CV risk reduction.

 The U.S. Food and Drug Administration has approved a new use for Jakafi (ruxolitinib) to treat patients with polycythemia vera, a chronic type of bone marrow disease. Jakafi is the first drug approved by the FDA for this condition. Polycythemia vera occurs when too many red blood cells are made in the bone marrow. Patients may also experience an increase in white blood cells and platelets. An overabundance of blood cells can cause the spleen to swell, bleeding problems and blood clots in the veins near the skin surface (phlebitis). In addition, it puts patients at increased risk of stroke or heart attack. Jakafi's new use is intended to treat polycythemia vera patients who have an inadequate response to or cannot tolerate hydroxyurea, another medicine often prescribed to reduce the number of red blood cells and platelets in the blood. Jakafi works by inhibiting enzymes called Janus Associated Kinase (JAK) 1 and 2 that are involved in regulating blood and immunological functioning. The drug's approval to treat polycythemia vera will help decrease the occurrence of an enlarged spleen (splenomegaly) and the need for phlebotomy, a procedure to remove excess blood from the body.

Some preachers make it appear they are qualified to preach one into heaven. They take only some of Christ's Words and contort them to support their religion and deny the rest. Christ said in vain they do worship Him, teaching for doctrines the commandments of men (Mt 15:9). All can worship as they please! But Christ shall judge all (Mt 12:36-37, Rev 21:6-8, 22:14-15)! Christ said be not deceived by man (Mt 24:4,5,11, Mk 13:5-6)! Christ defeated Satan's temptations by Scripture (Mt 4:1-11, Lk 4:1-13)! Study so you can also! So Be It!

The Family Of
Lovie Golden
10-21-26 ~ 3-7-15

Would like to thank everyone for the food, flowers, visits, prayers during the loss of our Mother. A special thank you to Bro. Randy Burtram and Pleasant View Baptist Church and Holly Pond Funeral Home. She was a wonderful Mother and Granny.

May God Bless Each of You

Clenon Shedd
September 29, 1938 ~ March 16, 2015

Words cannot adequately express our gratitude and appreciation for all the many things done for our family since the accident and Clenon's death. However, we would like to thank the individuals & EMT's who responded the accident; to those who have prayed for us, sent flowers, cards, or called us; to Cullman Funeral Home & Brother Trueman Davis, Randy Makemson, Bo Shedd, Steve Rodgers and Lystra Baptist Church choir for a beautiful service, to Lystra Baptist Church, Baileyton Methodist Church, Mt. Hermon & Center Grove Baptist Churches for the wonderful meal for the family, to all who have helped in any way.

We feel so blessed for your many acts of kindness. May the Lord bless each of you.

Just the **LOWEST** Prices IN TOWN

*Just Honest To Goodness Savings
Plus The Best Service In Town... Come See!*

WEEKLY ADVERTISED SPECIALS:
Special lower prices on selected items advertised Weekly, in every trade area household, (limit one per household), in The Community Shopper's Guide.

BLUE TAG SPECIALS:
We have HUNDREDS of non-advertised items marked down throughout our entire store. More savings panned on to our customers. Just look for blue tags on the shelves.

NO LIMITS:
Our competitors also have advertised specials. The difference is, in most cases, they have a limit on how many of an item you can buy at the sale price...we don't have any limits to family shoppers.
