Who is the god of man built churches (The Holy Elohim
of Abraham did not build them Psalm 127:1)? Many
claim to believe in The Holy Christ, but their doctrines
have nothing to do with Him (Mt 15:9)! Their doctrines
are based upon what was given unto the beast to think
times and laws was changed (Dan 7:25, Jn 14:30) and
given to be Christian ways (deceiving many unless The
Holy Word is trusted)! Some say: to keep the Holy
commandments is trying to buy salvation, then will
quote (2 Cor 9:7) to get 10% or more, of your money to
support their church! Some say: they keep every day
Holy, not just one, which makes mockery of Ex 20:8-
11, revealing they do not have any understanding of
The Holy Day!

Entries sought for Arts in April Celebration at Wallace State

This Spring, thoughts will turn to "Piet, Pixels & Polygons" at Wallace State Community College, as preparations begin for the 2015 Arts in April Celebration. The annual exhibition will be held Monday, March 30 through Saturday, April 11.

"We want to encourage all of the artists in and around Cullman County to send in entries for our annual Arts in April Showcase Exhibition," said Adrian Scott, head of the Visual Arts program at Wallace State. "This year, we are taking our inspiration from Dutch abstract artist Piet Mondrian.

Mondrian pioneered a visual style which famously created abstract, non-objective compositions composed of basic visual elements such as squares, rectangles, lines and the primary colors red, yellow and blue."

Artists can also draw inspiration from popular cultural examples such as vintage 8 and 16 bit video game characters, the games Minecraft and Tetris, and the toy puzzle Rubik's Cube.

"Any imagery and subject matter which participants feel creatively relate to this theme is welcome for the exhibition," Scott said. "Artwork which does not relate to the theme of 'Piet, Pixels and Polygons' is also welcome for exhibition in this community showcase."

The media categories for the exhibition include: drawing, painting, photography, ceramics/sculpture, digital art and multimedia crafts. Age divisions are open for kindergarten through second grade, third through fifth grade, sixth through eighth grade, ninth through 12th grade and adults.

Current Wallace State students, employees, public and home school-aged children and adults in the Wallace State service area are eligible to submit entries. Each artist may individually submit a total of two artworks from any of the five media categories. A visual arts entry must be an original drawing, painting, photograph, sculpture, collage or computer-generated image. Each entry must be the work of only one individual. Deadline for submission is Friday, March 20. For more information, or to obtain an exhibition entry form, call Scott at 256.352.8145 or email adrian.scott@wallacestate.edu

So, what's the catch?

There truly isn't one. This unique, three-step approach to better hearing lets you experience the difference hearing aids can make for you before you buy them. Curious how it works? It's simple. Call to schedule your free hearing screening. If you're a candidate for the Flex:trial program, you'll leave your appointment with trial hearing aids tailored to your exact hearing needs.* Try them while working, playing or just relaxing at home. If at the end of the trial you decide you love them, you can make the decision to purchase. If not, walk away and owe absolutely nothing. No commitment, no risk: what's not to love?

AWESOME DEALS, TRADES WELCOME, BLASTING THE COMPETITION!

'Disney Through the Decades' Will Entertain Several Generations

"Most people in our culture have a long-standing relationship with Mickey Mouse," says Tiffany Richter, director of the Wallace State Singers. "I can look back over my childhood and connect memories with the Disney movies and cartoons I watched. It never fails to bring a sense of comfort and fondness". And that is one reason why the Wallace State Singers will be presenting "Disney Through The Decades" Feb. 25-28.

"We have a three-fold mission this year with this show," Richter said. "To bring families together, reaching each generation with hits from Disney films; to highlight an evening of fun, family entertainment at a minimal cost; and to bring a sense of childhood magic to those who might have forgotten that all you need to fly is a little pixie dust, and when you wish upon a star, your dreams come true."

Songs from "Snow White and the Seven Dwarfs", Disney's first feature-length animated film, all the way through "Frozen" will be featured during the concert. You'll hear a medley of songs from "Cinderella," "Beauty and the Beast," "Mary Poppins," "The Lion King," "The Little Mermaid" and many more.

Private showings for school groups in kindergarten, third and fifth grades will be held the Feb. 25-27, with public showings at 7 p.m., Feb. 27-28.

The Friday, Feb. 27 showing will be Daddy-Daughter Date Night, when fathers, grandfathers, brothers and uncles are encouraged to bring their daughters, granddaughters, sisters or nieces to the show. Their admission will gift them one photo of each girl with their favorite Disney princess from the show. Additional photos can be purchased for a small fee. Disney Dress-Up is the theme of the Saturday, Feb. 28 showing, where audience members young and old are encouraged to dress up as their favorite Disney character. "Of course, everyone is welcome to every performance," Richter said, "but Disney is all about fun, so we're having a little fun with the show."

Regular admission will be \$7 for adults and \$5 for students and children 6 and up. Children 5 and under will be admitted free. Those who dress up for Saturday's Disney Dress Up night will earn a \$2 discount on their admission.

For more information about the show, call 256.352.8277. Learn more about Wallace State's Fine and Performing Arts program at www.wallacestate.edu.

People who take medication for anxiety, depression or insomnia may be at greater risk of having a car accident than drivers not taking psychotropic drugs, according to a new study published in British Journal of Clinical Pharmacology. Previous research has shown a link between certain drugs used to treat anxiety and insomnia, known as benzodiazepines, and car crashes. In this study, the researchers also examined the effects of antidepressants, antipsychotics and newer medications used to treat insomnia, known as Z-drugs.

While the whooping cough vaccine, offers the best chance of protection against this potentially deadly disease, immunity provided by the vaccine appears to wane significantly every year after vaccination. A new study published in the New England Journal of Medicine found that protection against whooping cough (also known as pertussis) dropped by 40 percent a year after the fifth and final dose of vaccine.

Proscar (finasteride), a drug used to treat an enlarged prostate, does not reduce the quality of life of men who use it for a prolonged period of time, found a new study funded by the U.S. National Cancer Institute. Published in the Journal of the National Cancer Institute, the research involved men aged 55 and older enrolled in a seven-year randomized clinical trial looking at the drug's possible use for prostate cancer prevention. Proscar did not significantly affect the men's physical functioning, mental health or vitality.

BLUE TAG SPECIALS:
We have HUNDREDS of non-advertised items marked down throughout our entire store. More savings passed on to our customers. Just look for blue tags on the shelves.
