THE LAW AND YOU

BY NATHAN D. PACE

ATTORNEY AT LAW

DECIDE YOUR FINAL WISHES BEFORE ITS TOO LATE

Final wishes are commonly contained within a last will and testament. However, wills primarily pertain to disposition of assets and are kept with an attorney, often not read until after death. In addition to a last will and testament, an advanced directive of one's end-of-life wishes should be documented through personal legal counsel, with multiple copies easily accessible and directives made known to immediate family and close friends. Documenting these wishes in an advanced directive ensures one's instructions regarding medical intervention, extreme measures, organ donation, and disposition of remains are adhered to and enforced. An advance directive, drafted by an attorney, clarifies final wishes in the event of incapacitation, relieving the burden of this stressful decision making from others.

It's never too early to start thinking about the importance of wills and estate planning. As odd as that might sound, when you're young and healthy is exactly when you want to be taking care of these essential matters. The sooner you start implementing this advice, the less you'll have to worry down the road in case something does happen. The Law Office of MACK & PACE is fully equipped to handle each distinct phase of the estate planning process. Not only will our legal professionals help you to develop the perfect will, but we make it simple to designate your beneficiaries and establish a durable power of attorney. To schedule a consultation, please call.

Genesee, Orleans Health Departments set clinics for COVID booster shots, vaccines

Press Release, Genesee and Orleans County Health Departments

The Centers for Disease Control and Prevention is recommending that certain populations receive a booster shot of the Pfizer Covid-19 vaccine at least six months after the completion of their Pfizer vaccine primary series (two doses).

In addition, the CDC recommends that individuals that are in high-risk occupational and institutional settings should also receive a booster shot of the Pfizer vaccine.

Based on these recommendations, the following groups should receive a booster shot of the Pfizer vaccine at least 6 months after completing their Pfizer vaccine primary series:

- People 65 years and older
- Residents in long-term care settings
- People aged 50 to 64 with certain underlying medical conditions

The following groups may consider receiving a booster shot of the Pfizer vaccine at least 6 months after completing their Pfizer vaccine primary series, based on their individual benefits and risks:

- People aged 18 to 49 who are at high risk for severe Covid-19 due to certain underlying medical conditions
- People aged 18 to 64 who are at increased risk for Covid-19 exposure and transmission because of occupational or institutional setting

Genesee and Orleans County Health Departments (GO Health) are promoting booster shots to those that are eligible beginning the week of October 4th.

“We are prepared to provide booster shots to eligible residents who received their second dose of the Pfizer vaccine six months ago, stated Paul Pettit, Public Health Director for GO Health. “Covid-19 vaccines are safe and effective and this will help provide these individuals with the extra protection needed against Covid-19.”

Appointments are required for booster shots. Individuals will self-attest that they fall under one of the above categories to receive a booster shot. At this time, boosters are only recommended for those who have received the Pfizer vaccine for their primary series. The CDC is continuing to evaluate the data to make recommendations for those that received Moderna and Johnson & Johnson for their primary vaccine series.

STATE OF NEW YORK
OFFICE OF RENEWABLE ENERGY SITING
NOTICE OF ADJUDICATORY HEARING

Applicant: Heritage Wind, LLC
310 4th Street NE, Suite 300
Charlottesville, VA 22902

Facility Location: Town of Barre, Orleans County, New York

Applicant's Attorney: James A. Muscato II
Young / Sommer LLC
Executive Woods
5 Palisades Drive
Albany, NY 12205
(518) 438-9907

DMM Matter No.: 21-00026

Facility Description: Applicant applied to the New York State
Office of Renewable Energy Siting (Office or ORES) for a permit
pursuant to Executive Law §94-c to construct and operate a 184.8
megawatt (MW) wind energy facility located in the Town of Barre,
Orleans County.

ORES published a Combined Notice of Availability of Draft Permit
Conditions, Public Comment Period and Public Comment Hearing,
and Commencement of Issues Determination Procedure (Notice)
together with the draft permit conditions on March 15, 2021. In
accordance with the Notice, the assigned Administrative Law
Judges (ALJs) presided over a public comment hearing on May 20,
2021. On July 8, 2021, the ALJs issued a Ruling on Issues and
Party Status (Ruling) and, in response to appeals from the
Ruling, the Executive Director issued an Interim Decision
(Interim Decision), dated September 27, 2021.

Adjudicatory Hearing: The Ruling held that an adjudicatory
hearing was necessary to develop the record on the factual basis
for the draft permit condition that requires Applicant to
develop a Net Conservation Benefit Plan (NCBP) for impacts to
wintering habitat of the short-eared owl and northern harrier
within the Facility site. Additionally, the Interim Decision
held that the record should be further developed with regard to
(i) a potential setback from nearby wildlife refuges, and (ii)
the key elements of a post-construction avian and bat monitoring
plan and adaptive management program for the project.

The ALJs will convene an adjudicatory hearing to consider these
issues on **October 27, 2021, commencing at 10:00 am. The hearing
will be conducted electronically through the Webex platform and
will continue, as necessary, on subsequent days.** In accordance
with the Ruling and Interim Decision, only Applicant and ORES
staff are full parties to the adjudicatory hearing.

Document Availability: Copies of all application materials,
including the draft permit conditions, rulings of the ALJs and
the Interim Decision are available for inspection from the
Office's Albany office during normal business hours: Contact the

Sunday Morning Positive Perks

from your Sassy Small Town Missus

TINY SPACES, BIG VIBES

It is the cover track to this Positive Perks Website and now is an ideal time to celebrate it as I wind down Positive Perks. The song is Good Vibes by Chris Janson released the same year as Positive Perks, 2019. It represents what the site was created to promote, Good Vibes. Spaces that promote Good Vibes can be hard to find. If that is your situation, try creating spaces that lean into those Feel Good Vibes. Let's be real, sometimes less than savory Vibes seep in between our skeletal walls. With that being said, I try to fill those cracks with Positive Energy when I see that green goo of anxiety seeping in. We are all human and do have those "what the heck is going on" kind of moments where anger can set in. I appreciate that Chris's first verse is "I ain't watching TV today, Bad news it can just stay away." The number one rule of Tiny Shed, Big Vibes living is **Turn Off The News**. It is not news, it is just commentary. It is the #1 cause of misinformation and anxiety, it is not allowed in Good Vibes spaces. You know what is allowed? Turning your radio on to music that makes your heart waltz with happiness. Go outside and breathe in God's air and soak up all the Good Vibes. Make sure you are looking up when you do this. Good Vibes many times are not found looking down. Smartphones are as smart as those "News" people. Keep your head up in life. Make a conscious effort to focus on and plant yourself in dirt where the narrative is Positive. If you feel empowered, be the one to change the narrative. Often that narrative is the one in your own head. That is the most important conversation that we have. The one with ourselves, so make it a good one or *just shut your mouth if you don't have anything good to say*, to quote Chris. My tiny spaces include decorations and items that promote joyful minds. They also include items that remind me to search out bliss and visuals that bring comfort or transport me to a place that I can escape to. In NY my tiny shed is decorated Western. Too many happy times out West with my Sister to not create a space that transports me there. Full of George Strait, books, coloring, a space for writing and a warm place for relaxing. In TN the SheShed is the WeShed as I share it with my Husband. It is our home here. It is a bit more remote cabin living with a cooking area, unwinding area and a space for rest. In TN we spend the majority of our days outside, but tiny comforts of mountain life create a Positive space to rest, nourish and feed our bodies for all the good life we will soak up the next day. As Chris delivers it so excellently in his lyrics... *fill that cup of goodness up each day and let it spill over, don't waste one breath on all the noise and just waive those worries away*. Here is the link to his song <https://www.youtube.com/watch?v=hNRJjDm2sQE>

What does your Good Vibes space look like? To see the inside of my Spaces, visit My Blog live online at <https://www.positiveperksposts.com> and catch up on Weekly Photo Perks and past Sunday Posts. Like and Share Your Comments.
