Courts of Civil And Criminal Appeals To Hear Cases At Wallace State

The Alabama Courts of Criminal and Civil Appeals will visit Wallace State Community College in March to hear cases, providing opportunities for students and the public to view the judicial process first hand. The appellate courts will hear cases on Thursday, March 5, starting at 9:30 a.m., with the Court of Civil Appeals and at 11 a.m., with the Court of Criminal Appeals. The oral arguments will be heard in the Betty Leeth Haynes Theatre, located in the Student Center on the Hanceville campus.

"This is something we do every year at Samford University, and I thought it would be a great educational opportunity for the students here in Cullman County and surrounding areas," said Judge Terri Willingham Thomas, who sits on the Court of Civil Appeals. Thomas is a Cullman native and formerly served as a district and juvenile court judge for Cullman County. She earned undergraduate degrees at Wallace State Community College and Athens State University; she earned a juris doctorate at Cumberland School of Law.

Seniors from area high schools will be invited to view the proceedings, as well as Wallace State students and the general public.

The Court of Civil Appeals has original appellate jurisdiction in all civil appeals where the amount of controversy does not exceed \$50,000.

The Court of Civil Appeals has jurisdiction of all appeals from administrative agencies, other than the Alabama Public Service Commission, in which a judgment was entered in the circuit court. The court also exercises jurisdiction over appeals in workers' compensation cases and domestic relations cases, including annulment, divorce, alimony, child support, adoption, and child custody cases.

The Court of Criminal Appeals hears all appeals of felony and misdemeanor cases, including violations of city ordinances and all post-conviction writs in criminal cases.

Prayer to the Blessed Virgin

(Never known to fail.) Oh, most beautiful flower of Mount Carmel, fruitful vine, splendor of Heaven, Blessed Mother of the Son of God. Immaculate Virgin, assist me in my necessity. Oh, Star of the Sea help me and show me, herein you are my Mother. Oh Holy Mary, Mother of God, Queen of Heaven and earth! I humbly beseech you from the bottom of my heart to succor me in my necessity. There are none that can withstand your power. Oh, show me herein you are my Mother. Oh, Mary conceived without sin, pray for us who have recourse to thee (3 times). Holy Spirit, you who solve all problems, light all roads so that I can attain my goal. You who gave me the divine gift to forgive and forget all evil against me and that in all instances in my life you are with me. I want in this short prayer to thank you for all things as you confirm once again that I never want to be separated from you in eternal glory. Thank you for your mercy toward me and mine. (The person must say this prayer for 3 consecutive days. After 3 days, the request will be granted. This prayer must be published after the favor is granted.)

Some 43,000 so called Christian denominations (churches) that call Christ Master (Lord), but do not love Him. They do not love The Truth (Jn 14:6) which is proven by their disobedience unto Him (Jn 14:15). They call The Holy Elohim, Father, but also do not love Him (Jn 14:24, Mt 22:37). They take the commandments of men for their doctrines and attempt to make their religion Biblical, by picking some of the scripture and contorting it (Mt 15:9). This religion is easily proven false, for they have no love for The Truth (2Thess 2:10-12). A brother and sister calls it the pray and pay religion. Thanks for sharing.

A study published by PLOS ONE reports that muscle problems reported by patients taking statins were related to the potency of the given cholesterol-lowering drugs. Rosuvastatin, the strongest statin, had the highest rates of reported problems. This was followed by atorvastatin, simvastatin, pravastatin, and lovastatin.

According to a study published in the American Journal of Epidemiology, women who took ibuprofen (Advil, Motrin) or acetaminophen (Tylenol) two or more days per week had an increased risk of hearing loss. The more often a woman took either of these medications, the higher her risk for hearing loss. Also, the link between these medicines and hearing loss tended to be greater in women younger than 50 years old, especially for those who took ibuprofen six or more days per week.

WEEKLY ADVERTISED SPECIALS:
Special lower prices on selected items advertised Weekly, to every trike area household, (direct mail delivered), in The Community Shopper's Guide.

BLUE TAG SPECIALS:
We have HUNDREDS of non-advertised items marked down throughout our entire store. More savings passed on to our customers. Just look for blue tags on the shelves.

NO LIMITS:
Our competitors also have advertised specials. The difference is, in most cases, they have a limit on how many of an item you can buy at the sale price...we don't have any limits to family shoppers.
