3D mammography now available.

For breast cancer screening, we are proud to offer advanced imaging technology called digital breast tomosynthesis, or 3D mammography, which gives radiologists a clearer picture of breast health—even for those with dense breast tissue. With clearer images, doctors can detect breast cancer early, which can result in less-aggressive treatment options and better outcomes.

Schedule your annual exam and ask your doctor about 3D mammography. To schedule an appointment, please call **931-461-4800**.
