The Christian way by more than 100 so called Christian churches of Cullman, Al is questioned. If righteousness comes by going to church, why is chastity until marriage decreasing and living together unmarried increasing? Lesbians, gays, bisexuals and transvestites also have their churches with saved in the Name of Jesus religion. Many preachers teach salvation is free, but they want to be paid for telling you, with an average salary of \$46,000.00 and some mega church ministers receive well over \$200,000.00. Where is it shown Christ told His apostles to be paid for teaching?

PHARMACY TOPICS

by Eddy Hoerig

Hospital Discount WEST

Benzodiazepines=named for their chemical structure-are among the most commonly prescribed medications in developed countries. They include alprazolam (Xanax), diazepam (Valium), and lorazepam (Ativan). The most common uses of benzodiazepines are to treat anxiety and sleep problems. While effective for both conditions, the medications have risks, especially when used over long periods. Long-term use can lead to dependence and withdrawal symptoms when discontinued. In older people, research has shown that benzodiazepines can impair cognition, mobility, and driving skills, and they increase the risk of falls. A new study in JAMA Psychiatry finds that prescription use of benzodiazepines- a widely used class of sedative and anti-anxiety medications-increases steadily with age, despite the known risks for older people.

Hypoparathyroidism is also associated with long-term complications such as kidney damage, kidney stones, development of cataracts and calcification of soft tissues. Natpara, a hormonal injection administered once daily, helps to regulate the body's calcium levels. The FDA granted Natpara orphan drug designation because it is intended to treat a rare disease.

A new analysis suggests that women who use bisphosphonates- medications commonly used to treat osteoporosis and other bone conditions have about half the risk of developing endometrial cancer as women who do not use the drugs. Published early online in CANCER, a peer-reviewed journal of the American Cancer Society, the study supports other research that has shown an anti-cancer effect of this type of medication.

FATHER'S DAY AT MORNINGSIDE OF CULLMAN

Father's Day weekend was filled with lots of fun for the residents, starting off Saturday with a puppet show put on by "OLE TIME WAY Baptist Church." Church members did a wonderful Gospel Puppet Show. On Sunday we had "Bound 4 Heaven 2" Gospel singers Peggy and Christine whose singing is enjoyed by all. Thank You Ole Time Way members and Bound 4 Heaven 2 for a great Father's Day weekend.
