## Our story:

We are enjoying the ride! We first opened our doors on Rt 12, right next to the parent company Empire Wrecking. In 1999, we moved to our 30,000 sq. ft. flagship store on Route 183 in Leesport, (right next to the Hitching Post and Classic Harley). During the pandemic, we opened our Design Center at 641 Penn Ave in West Reading. West Reading rocks!!! We have so much to offer. Please visit [visitwestreading.com](http://visitwestreading.com) to see all of the events. Our 110,000 sq ft distribution center is located in Robeson PA. Last month we purchased the West Ridge shopping center and are updating to an outdoor shopping area, while adding an outdoor eating area.

Plans for our Collegeville location to be opened early 2023. The footprint will be very similar to our Penn Avenue location.

Growth is great and fabulous, but without our team we are NOTHING. We are family at Empire. We feel that way about our team past and present. We are honored to be an employer.

We all love to hustle! We love to learn and be a resource to our clients every day. At Empire, we design and supply and refer you contractors in the field that you need to install. Working hand in hand with the contractor leads to a great relationship between the homeowner, the contractor and Empire. Everyone does what they do best, without marking up services, resulting in the best price for you.

We love doing what we do! Thank you for being the most gracious customers and shopping at our local family business. We love Berks County.

**Thank you Home Owners,  
 Contractors, Realtors, Remodelers and  
 Investors!**

*Thank you so much for this award! It means so much to us because we try to get better each day to ensure that our customer's experience is the best it can be. We never think good is enough, so we promise to keep getting better. We always want to be your favorite!*

Let's Taco Bout It opened its doors in February 2016. However, our story began in 1991, when our parents, Josefina and Rafael Jimenez Sr., started offering favorite family recipes to our community in a taco truck. Think of that innovative approach? He was using a food truck BEFORE it was all the rage. The business became so popular, we moved operations into a fully functional kitchen with seating available to accommodate

the ever-growing list of faithful customers. 30 years later, we are still operating our parents company offering authentic Mexican food.

We believe in an uncomplicated approach; great food and great service. We hope your tacos are stuffed, your ceviche is fresh, and your horchata is always full. If not, we can Taco Bout It.

In August 1936, Mom Chaffe fulfilled her dreams of a tiny Italian restaurant. She opened it in a quiet residential area of West Reading and named it The Cellarette. After her passing in 1956, the family sold the business in 1962 to Ellie and Leroy Heffner and was renamed Mom Chaffe's Cellarette. When the Heffner's retired in 1978, they sold the business to Bill Remley. Melvin Lehman and his son John came on board as Bill's business partners in December 1979.

After a year, The Lehman's bought Bill's half of the business. After Melvin's passing in 2009, his son and wife continued with the business. Polly Lehman became known as the face of Mom Chaffe's. She died in March of 2019 at age 98. Her son John continues the tradition of hospitality that Mom Chaffe began in 1936.

We're thrilled and humbled to be voted a Reader's Choice Award winner again this year for Best Landscaping Company and Best Lawn Care Company by Reading Eagle voters and members of the Berks County community that we proudly call home. Thank you to those who voted, and to our supportive customers. You allow us to do what we love and you share in the pride we enjoy from performing a job that

Habitat for Humanity of Berks County, Pollinating Penn Street, Berks Career & Technology Center and area volunteer youth coaches, to name a few.

Why choose New Castle? Our focus is on people. We strive to create and to support a work environment that's positive, that encourages growth, and that is a place where our employees look

goes above and beyond. You're invested in your property's appearance, and in your community, and to that end, we share the same vision.

Beyond helping our customers to achieve the beautiful properties of their dreams, at New Castle Lawn and Landscape, we're big supporters of giving back to those in need, right in our very own backyard, right here in the Greater Reading area. We are a locally owned and operated business and we proudly employ a family of more than 60 employees. That family helps New Castle support such organizations as Helping Harvest,

forward to coming to work each and every day. In doing so, that joy is paid forward to our customers through quality of work, and to our community through our efforts to give back. Our culture and our team are what truly sets New Castle Lawn and Landscape apart as a great place to work, and as a great landscaping business.

The New Castle team is led by co-owners Brian Cuccaro, a Penn State alumnus and one of New Castle's founders, and Brad Stephenson, a 1994 Governor Mifflin alumnus, as well as a graduate of Berks Career & Technology Center. Brian gets down to brass tacks meeting with HOA clients and attending community board meetings. Brian is also responsible for spearheading the New Castle inclusivity initiative by promoting a bi-lingual company culture. In addition, Brian is involved with the Seasonal Employment Alliance and regular visits to Capitol Hill to discuss the issues that seasonal businesses face.

Stephenson works hard to complement that initiative by overseeing and developing the tight-knit family culture at New Castle and acts as a mentor to

employees. Additionally, Brad plays an active role in the community and interest groups and brings what he learns from other local leaders to the table at New Castle. Asserts a New Castle team member, "New Castle believes that if you give people the power to make decisions instead of providing them with the answers, your team will grow and take a more vested interest in the company." This award is just one example of how that belief holds true.

New Castle team members go above and beyond to provide the best possible customer service and products. We are a respected landscape management firm providing a full range of high-end landscape design and build services, as well as ongoing care and maintenance programs for lawns and landscapes. **Route 61 Diner**  
**3455 Centre Ave., Reading,**  
**PA 610-685-9406**  
**www.route61diner.com/**

The formerly known mid-Century Bellevue Diner is now named the Rt. 61 Diner.

In 2005, when Nicholas and Sofia Bozak first purchased this Berks County landmark, they envisioned a mid-century retro architectural structure that would serve as the community's assembly point. They wanted to maintain a community-based eatery where community members, as well as travelers, would get a taste of Berks County in addition to Greek hospitality. Furthermore, Nicholas' brother Theodore is an exquisite chef with former experience on the traditional American cuisine. This collaboration brought forth the eagerness to provide homemade comfort food that would respectfully preserve the traditional Berks County menu.

While the preservation of the traditional Berks County cuisine served as a prominent motivator, this did not discourage the Bozakis' from introducing new items to the menu. The Rt. 61 Diner aims to please all appetites and diets. Also, the soup and salad bar has a wide selection of items that will allow customers to get creative.

The Rt. 61 Diner provides breakfast, lunch and dinner with homemade recipes that use many local ingredients. Come by and get a taste of Berks County at Rt. 61 Diner. If traveling is not your plan, use Doordash to bring those great flavors into your home!

**PET CREMATIONS**

In 2016, in an effort to expand Kuhn Funeral Homes' ability to better serve all that call on them, the Kuhn family began the added service of caring for a family's beloved pet.

Pet Cremations by Kuhn is an extension of the care that we have provided to our friends for over 80 years. That is caring, compassionate service to anyone that calls on us when they have experienced a loss. The hallmarks remain the same with our pet cremation service: Empathy, Compassion, Humility, Service and Professionalism.

At Kuhn Funeral Homes, we know that your pet is a beloved family member. The importance of treating your pet with reverence and respect, is a core value that we have practiced for over three

generations serving our community.

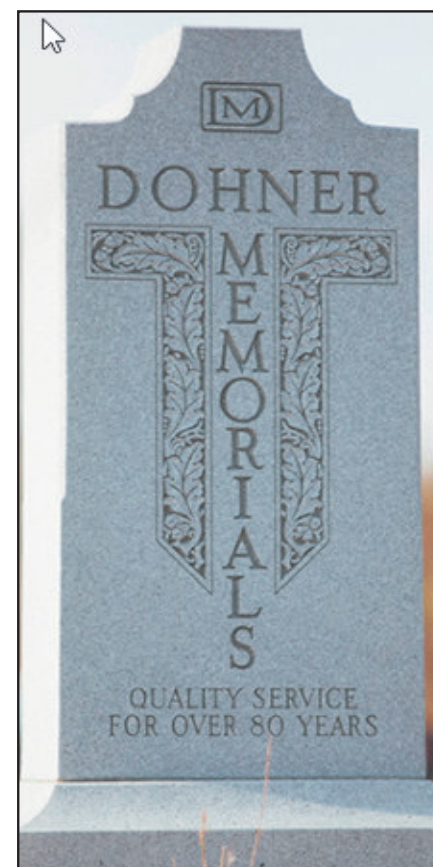

As fellow pet owners, we know what a critical role pets play in making our families whole. The loss of a family pet leaves a hole in the hearts and home of our entire family. The importance of understanding this, allows for genuine empathy to occur in the care that we provide to every pet owner that calls on us.

**DOHNER MEMORIALS**

In fact, ACA prides itself on 1) looking closely at every request 2) following up promptly and, 3) meeting on-site to understand our client's goals and objectives. From there, ACA prepares a free quote based on a personally tailored solution. Finally, once on the job, staff can execute quickly and efficiently. Once again, the customer says it best:

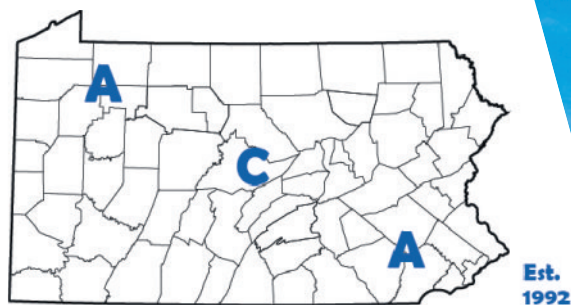

*"(The) phone gets answered asap, calls are returned, work is performed on schedule and on budget every time. (I) send referrals and they are also taken care of." – Matt S.*

In November 2014, the Martin's opened their Wyomissing store located at 350 North Park Road, Wyomissing. The

Martin's attribute their growth to their unwavering commitment to exceed customers' expectations. "We Install Confidence" is not just words to them. My name is Andrew Sonon, owner of HonIsT Solutions. Over the summer, Kaseya - a company who makes software for IT service providers, announced that it was recently hit with a sophisticated cyberattack. The incident, which is currently under investigation by the FBI, has wreaked havoc on thousands of businesses across the country.

Supply chain attacks are the scariest type of attack we have seen. When the software you trust to help you becomes the virus, we are in terrifying times. I have good news for

you - we do not need to sit back and "hope it doesn't happen to us".

This begs the biggest question...Have you been affected and are you protected from this type of attack?

If your IT provider has not had a conversation with you recently about cyber security, you are likely to be vulnerable to the new cyber threats we are seeing in 2021. The tools of the past need to be supplemented to stop these threats in their tracks. At HonIsT Solutions we have revamped how we protect our clients and are actively deploying new solutions and educating companies and their staff on how to protect themselves.

HonIsT Solutions operates as a managed service provider specializing in cyber security, networks, communication systems, and system infrastructure for small and medium sized businesses. We currently serve businesses based out of Berks, Lancaster, Montgomery, and Lehigh County.

Originally opened as a Saturday only market in the 1940s, Berks County has long supported local farmers. In 1980, Boscov's acquired the market and converted it into a three-day-a-week operation. Offering an incredible assortment, including top quality locally sourced produce, meats, poultry, freshly baked goods, beer, wine, mead, seafood and a wide range of prepared culinary dishes.

The pandemic brought about some changes to the market but we were able to remain open with curbside pickup and added outdoor seating options. "It's a testament of the loyalty and passion both our stand holders and customers have towards the market that we were able to stay open and serve our community during these difficult times," said Jim Boscov, Chairman and CEO of Boscov's.

Kelchner Cleaners has been providing dry cleaning elegance since 1945 to the greater Lehigh, Berks and Lancaster County area. We offer a variety of dry cleaning and laundry services along with vintage clothing restoration and wedding gown preservation. Do your laundry in comfort at our Kutztown, Topton, and Fleetwood locations.

Kelchner Cleaners would like to thank everyone who voted for our business in the 2021 Readers Choice Awards! Now in our third generation, owner Rick Kelchner has been working in the business since 1982. Kelchner Cleaners was established in 1945 by Samuel and Helen Kelchner. Originally a route only business, they picked up and dropped off customers clothing at their homes. Sam and Helen used their living room to sort, ticket and assemble orders. Then they drove the clothing to

Annville, PA for cleaning. In the early 1950's they designed and built the dry cleaning plant at 234 North Whiteoak Street, Kutztown in their back yard.

Over the years three Laundromats were added to the business. Richard Sr and Charles Kelchner's strong work ethic and perseverance guided the business through many industry changes. COVID-19 and evolving customer preferences have again had a dramatic influence in the industry. Today, Kelchner Cleaners continues to do our best to meet and exceed customer's expectations in these changing times. Our focus remains on providing the highest quality product that three generations of the Kelchner family have aspired to over their 76 years in the cleaning industry.

## UNCLE JACK'S CORNER

101 West 1st Street  
Birdsboro, PA 19508  
610-750-2877

Jack and Denise Bennicoff are the proprietors of Uncle Jack's Corner located in the old passenger train station at 101 West 1st Street Birdsboro, Pennsylvania.

Since the age of 18, Jack had dreamed of opening a Breakfast and Lunch restaurant. In October of 2017, an opportunity arose and Jack and Denise both quit their jobs and set on the journey together. It took an entire month to scrub, clean, paint and fix the old train station. On November 6th 2017, the Bennicoffs opened the doors to their small Mom & Pop restaurant.

*Uncle Jack's Corner is  
opened Tuesday through  
Sunday from 7am-3pm.*

Each morning, Jack cooks up their Homemade Creamed Chipped Beef (which sells out each day) while Denise starts the daily Homemade Soup. With the help of social media, they post their Soup of the Day as well as any Special they are running for that day.

Now for the Burgers. Uncle Jack's Corner only uses 100% Fresh, never frozen Angus Beef, which they serve on soft Kaiser Rolls.

***This is the THIRD YEAR  
IN A ROW that Uncle Jacks  
has won the Readers Choice  
Award for Best Burgers.***

Their best-sellers are the California Cheeseburger and the Mushroom Swiss Burger.

There are many other Burgers & Sandwiches available, but don't forget to order a side of Fresh-Cut Fries (they are the best) Their Salads are generous and Always Fresh and the breakfast menu is available from open to close.

The Bennicoff's are very involved with their community. They have sponsored several blood drives, paint nights, donations and many fundraisers. The community and patrons have truly embraced Uncle Jack's Corner. Jack and Denise, wholeheartedly believe that they have the best customers and could not be more grateful for each and everyone of them. Together with their staff, they will continue to have a very family-friendly restaurant with great food served with a smile.
