3D mammography now available.

For breast cancer screening, we are proud to offer advanced imaging technology called digital breast tomosynthesis, or 3D mammography, which gives radiologists a clearer picture of breast health—even for those with dense breast tissue. With clearer images, doctors can detect breast cancer early, which can result in less-aggressive treatment options and better outcomes.

Schedule your annual exam and ask your doctor about 3D mammography. To schedule an appointment, please call **931-461-4800**.

The last job you'll ever love!

No experience preferred.

We are looking to fill a full-time position on our sales team. You'll receive the training you need to be successful in this role. And you'll have the ability to earn more income every month!

“ - Sandra Thomas

I was apprehensive before applying for the position. I only had experience working in gift sales. I knew nothing about advertising. EMG put me through paid training and let me watch other sales reps. That was 10 years ago! When a business tells me “working with you is a blessing,” I can't help but smile every time.

“ - Faith Cashion

Working at Exchange Media Group has been such a blessing. I get to do what I love everyday by helping businesses grow!

“ - Sissy Smith

When I first started working with Exchange Media Group, the extensive training was the most impressive part. It allows everyone on the team, no matter where we came from, to be the best we can be. As an employee, I love that our customers become our family. We're local, so we can really make a connection with them.
