Hashi

Each puzzle is based on a rectangular arrangement of islands where the number in each island tells how many bridges are connected to it. The object is to connect all islands according to the number of bridges so there are no more than two bridges in the same direction. Bridges can only be vertical or horizontal and are not allowed to cross islands or other bridges. When completed, all bridges are interconnected, enabling passage from any island to another.

SOLUTION

Guess Who?

I am an actor born in California on November 11, 1974. I started my career on the small screen but rose to prominence in the 1990s in various successful films. It wasn't until a titanic success at the box office that I became a household name.

Answer: Leonardo DiCaprio

WORD SCRAMBLE

Rearrange the letters to spell something pertaining to breathing.

T M O H U
