Wallace State Among Nation's Fastest Growing Community Colleges

Wallace State Community College has earned a place among Community College Week's ranking of the nation's fastest growing community colleges with enrollments of 5,000 or more, the only community college in Alabama to do so. Wallace State placed 39th on the list of U.S. public community colleges with enrollments from 5,000 to 9,999, which Community College Week compiled by analyzing data provided by the U.S. Department of Education.

Wallace State rose last year from fourth to third largest community college in Alabama. The college's diverse offerings for degrees, certificates and transfer - more than 100 majors - its student success rates, which are among the best in the country, and its outstanding instruction, personalized student services and welcoming atmosphere have long made it a popular choice for students, and its popularity continues to grow. In fact, Wallace State was recently recognized as the first choice community college among Alabama high school seniors taking the ACT.

The college is also experiencing a growth with its Dual Enrollment and Fast Track programs, which offer early college enrollment to area high school students, including Fast Track for Industry for career-technical students.

Students in these programs simultaneously earn college and high school credit, with many earning two-year degrees before they graduate high school and/or transferring to four-year colleges as sophomores or juniors, often with scholarships.

Wallace State has also received numerous accolades as a national leader in initiatives to promote student success, and has recently been appointed to the American Association of Community Colleges Pathways Project, the American Association of Colleges and Universities Roadmap Project, twice selected as an Aspen Prize nominee, ranked among the top three community colleges in the South for Workforce Development, and included as a member of the prestigious Achieving the Dream network of colleges.

PUBLIC NOTICE

There are dealers in the market selling "used/reconditioned" mattresses and may not be disclosing they are **not new beds**. Be careful when buying new bedding that you are in fact getting a new product and a manufacturer's warranty. As an **authorized dealer** of all brands we carry, Bedzz Express will never represent a bed is new unless it is new and still in the original packaging. Thanks for your continued support! We look forward to a great 2016 serving the Cullman market with the world's best beds and the guaranteed best pricing and service!

Vitamin D deficiency can leave individuals less able to fight infections like HIV-1. Now a study in Proceedings of the National Academy of Science has found that high-dose vitamin D supplementation can reverse the deficiency and also improve immune response, reducing HIV-1 risk and disease progression.

Certain commonly prescribed anti-nausea medications given to patients during or after an operation could increase their risk of developing an irregular heartbeat, new research has found. Two studies published in BMC Medicine suggest granisetron (an anti-nausea medication) used in combination with a steroid, dexamethasone, is effective in preventing nausea or vomiting (or both) in patients following surgery. But this combination could also increase patients' arrhythmia risk, the research revealed.

Twenty-five percent of men currently taking Finasteride or Dutasteride, popularly known as Proscar and Avodart, for the treatment of benign prostate enlargement (BPH), appear not to benefit from taking these medication. Those prescribed Propecia or Avodart for male pattern hair loss (known as alopecia) are also at risk for adverse events elicited by these drugs. A report in the journal Endocrine Reviews and Metabolic Disorders summarizes current available data and the impact of these drugs on sexual function as well as insulin resistance, depression and cognitive dysfunction. The package insert for Finasteride reports a libido loss and/or reduction in 10 percent of patients and erectile dysfunction in 18 percent. In some patients, these effects can remain even after stopping therapy.

No representation is made that the quality of the legal services to be performed is greater than the quality of legal services provided by other attorneys.

Christians are what Christ's disciples were called at Antioch (Acts 11:26)! The disciples had power to raise the dead, gave sight to the blind, hearing to the deaf, heal the sick, cast out devils, love their enemy, to turn the other cheek, did not war, kept The Holy Law, etc! Who claims to be a Christian and not have this Holy power (as the disciples) given unto them by Christ, has been misguided by false ministers (2Cor 11:13-15)! Many Aryans are anti-Semitic, raciest, lovers of Hitler's fascism, KKK facsimiles of Aryans, the LGBT sect, joins others whose doctrines are the commandments of men (Mt 15:9), yet claim to be like Christ (as the disciples)! So be It! Ron 256 590-9067

Saving You MONEY

IS WHAT WE ARE ALL ABOUT

NO GIMMICKS
NO GAMES

*Just Honest To Goodness Savings
Plus The Best Service In Town....Come See!*

WEEKLY ADVERTISED SPECIALS:
Special lower prices on selected items advertised Weekly, to every trade area household, (limit mail delivered), in The Community Shopper's Guide.

BLUE TAG SPECIALS:
We have HUNDREDS of non-advertised items marked down throughout our entire store. More savings passed on to our customers. Just look for blue tags on the shelves.

NO LIMITS:
Our competitors also have advertised specials. The difference is, in most cases, they have a limit on how many of an item you can buy at the sale price...we don't have any limits to family shoppers.
