New Super One Foods store to include CRMC clinic and more

A groundbreaking and progress celebration for Crosby's new Super One Foods, Super One Liquor, and CRMC Clinic was held on Oct 18. The development is at the intersection of Highway 210 and Country Road 31 east of Crosby and is planned for opening the Spring of 2022.

There will be more than groceries at the new Super One Foods store set to open in Crosby next spring.

Cuyuna Regional Medical Center is expanding to improve access to healthcare by opening a clinic, pharmacy, and wellness education center in the new Super One.

The new CRMC services will be located within and adjacent to the 38,000-square-foot Super One grocery store

being constructed at the intersection of Highway 210 and County Road 31. Plans are for the clinic and pharmacy to be open extended hours Monday through Saturday for easy access to services.

The clinic will serve patients with non-emergency medical needs including ailments such as upper respiratory infection, strep, ear complaints, mild asthma, flu, and urinary tract infection as

well as minor injuries such as cuts, burns and sprains. Immunizations and sports physicals will also be available. Care will be provided by a family physician and other health care providers. Patients will be able to schedule an appointment in advance or simply walk-in for care.

"We are extremely excited to partner with Super One in opening this new clinic,"

said Kelly Chase, CRMC's Executive Director of Primary care. "Our goal is to deliver high quality health care that is a simpler, more accessible experience for both residents and visitors to the area."

CRMC's providers and other clinicians will be located at the 10,000 square foot space. There will be multiple exam rooms, a procedure room, laboratory for outpatient clinic care, and a waiting room. Other services immediately available at the new space will include a dietitian and health education center offering classes, seminars, and support groups.

The pharmacy will offer fast, friendly service, competitive pricing, vaccinations, and drive-through service. A pharmacist will also be available to answer medication questions. The registered dietitian will provide nutritional counseling for a

variety of health conditions.

"Customers can shop for all of their health and wellness needs under roof—whether that includes dietary needs such as fresh produce and gluten-free items, or over the counter products and prescribed medications," said Chase. "And, prescriptions can be filled while customers shop for their groceries."

The new clinic, like all CRMC satellite locations, will be connected to the MyChart electronic health record system, so all patients' vital medical information is available to any CRMC provider, no matter where they are seen, for better coordinated care.

The Super One grocery store with a full deli, bakery and liquor store is slated to open in spring 2022 and at that time the Crosby Super One building which had

Rollover accident in downtown Aitkin

On Tuesday, Oct. 19 at 10:17 a.m., there was a slow speed crash resulting in a vehicle rollover at the stoplights in Aitkin. The drivers were Kylee Gorecki, 18, and Sandra Nagel, 61, both of Aitkin. No injuries were reported. The complete Aitkin Police Department report was not available at press time.
Reader submitted photos

Man found dead from gunshot wound

According to the Crow Wing County Sheriff's Office a man died of an apparent self-inflicted gunshot wound Thursday, Oct. 14, in Oak Lawn Township, east of Brainerd.

At approximately 7:09 p.m, Crow Wing County Sheriff's Deputies responded along with other officers to an address in Oak Lawn Township, to a report of a disturbance taking place involving shots fired.

As law enforcement arrived on scene, contact was made with an adult male subject in possession of a handgun. Law enforcement witnessed the male enter the residence and a single gunshot was heard. After

confirming all other parties involved in the incident were safely outside the residence, an unmanned aerial vehicle (drone) was flown inside the residence and the male subject was located deceased of an apparent self-inflicted gunshot wound.

This incident is currently under active investigation. The de-

ceased's body was transported to the Ramsey County Medical Examiner's office for autopsy.

Assisting the Crow Wing County Sheriff's Office on scene were troopers from the Minnesota State Patrol, Officers from the Brainerd and Baxter Police Departments, MN DNR Enforcement Officer and North Ambulance.

Minnesota DNR \$13.3 million funding proposal

The Minnesota Department of Natural Resources announced \$13.3 million in

funding proposals in response to the significant effects of this summer's drought on two of the state's critical natural resources: water and trees.

The DNR proposes \$3 million in funding for municipal, tribal, and other community water suppliers to implement proactive water conservation measures related to the built infrastructure, including finding and repairing leaks in pipes, meters, hydrants, and treatment plants, and installing water-efficient equipment.

These proven strategies can help individual cities across the state to conserve millions of gallons of water a year. The proposal also includes \$300,000 for an individual and small community well interference fund.

Additionally, the drought has stressed well-established shade trees in communities and caused an extremely high mortality rate for tree seedlings planted in 2021. The DNR proposes \$5.5 million in funding to re-plant public and private forest lands where seedlings were irrevocably damaged by the drought and \$4.5 million in community shade tree grants. Combined, this funding will be essential to support tree health, carbon storage, habitat, water quality and other benefits of forests and shade trees.

"This year's drought was challenging on many natural resources fronts. While the DNR took necessary steps to mitigate the drought's impacts, in accordance with the Statewide Drought Plan, more needs to be done," said DNR Commissioner Sarah Strommen. "This proposal includes high-impact resiliency measures in order to conserve water and preserve our precious tree cover. This funding proposal will help protect the resources we all value and depend on for our quality of life in Minnesota."

The entire state entered the drought warning phase in mid-July of 2021. With this designation, the Minnesota DNR took a number of measures laid out in the Statewide Drought Plan, including convening the State Drought Task Force, a panel of state, federal, regional and local experts with water-related responsibilities.

You can read more about the DNR's drought response proposals on DNR's website at <https://files.dnr.state.mn.us/aboutdnr/legislativeinfo/2021-drought-assistance-proposal.pdf>.

Ann Schwartz photos

Kickin' it at the new Gichi-zibi

By ANN SCHWARTZ
Just for Kix of the Brainerd area held its Halloween Show at the new Gichi Ziibi performing arts center in Brainerd. Families enjoyed the spacious new entrance and stairs, where they could come and go during the admission. One section was reserved for parents of dancing children and there were ample rooms in the wings for dancers to practice and enter and exit the stage. From the very smallest dancers to the third-to-fifth grade hip hoppers, every group successfully took the new stage.

Courtemanche's service recognized

Aitkin County Board Chair Mark Wedel thanked Land Commissioner Rich Courtemanche for his many years of service to Aitkin County.

New Super One Foods store and CRMC clinic | Continued from Page 1

been rented will close. Patrick Miner, an owner of Miner's Inc. and parent Company of Super One Foods, said, "Miner's is committed to invest in the Cuyuna Lakes area and bring a better shopping experience to its residents and seasonal customers. Our new store location will be much larger with expanded offerings throughout each department within the store. In addition, the new store site will provide new spacious and convenient parking along with offering a new liquor store and the services delivered by our new local health care partner, Cuyuna

Regional Medical Center. We're thrilled and excited to provide a brand new, one-stop shopping experience." Miner's Inc. is a family-owned and operated business with stores in Minnesota, Wisconsin and throughout the upper Peninsula of Michigan.

READER RIBBETS

We can't afford luxury of ignorance

We the people of Minnesota are experiencing what is hoped to be a once in a lifetime issue. We are at a loss to who we can trust. Our elected officials ignore our voices, treat us like we're stupid and speak to us in condescending manners. We have been scared, threatened into submission, forced to take an experimental vaccine where there is zero liability on the manufacturer. Hospitals are full, including Cuyuna Range Medical Center. There is a small number of patients with covid, it is unclear if they are being treated or simply observed. If you recall, early in this pandemic, patients with covid were sent home to recover, return if they got worse.

The spike in admissions at CRMC are from patients experiencing stroke and heart issues, it appears the majority of these patients have been vaccinated. CRMC is reluctant to tie this spike to the vaccine, reluctant to question the failed recommendations from the CDC and reluctant to decide for themselves what is right for our community.

The feeling CRMC does not care, that they continue to follow recommendations and protocols that don't work, and which may be killing patients, quickly erodes our confidence in the healthcare system here and elsewhere. If CRMC prefers

to take the luxury of ignorance stance and believes in the CDC recommendations and not treat our community accordingly, that is something none of us can afford.
