# Revenue Commissioner to Visit Area Senior Centers, Explain Discounts on Property Taxes

Any property owner who is age 65 or older may qualify for additional discounts on his or her homestead (primary residence). Owners must request this additional discount through the local Revenue Commission office. The exact amount of the discount is based on the household taxable income as indicated on annual income tax forms.

Beginning September 1, Cullman Revenue Commissioner Barry Willingham will visit all area senior centers to share helpful information on submitting requests for over age-65 exemptions. Following his brief presentation, attendees may ask questions as needed to prepare themselves for applying for the exemptions.

For questions on this or any topic related to property tax, residents may contact the Cullman County Revenue Commission office at (256) 775-4776 or visit the website at www.cullmanrevenuecommissioner.com.

.Valacyclovir (brand name, Valtrex), a common herpes drug, reduces HIV-1 levels- even when patients do not have herpes, according to a report published online in Clinical Infectious Diseases.

The U.S. Food and Drug Administration has approved the first generic version of Nexium (esomeprazole magnesium delayed-release capsules) to treat gastroesophageal reflux disease (GERD) in adults and children ages 1 and older. Esomeprazole is a proton pump inhibitor that reduces the amount of acid in the stomach.

Phenytoin, a drug commonly taken to prevent seizures in epilepsy, may surprisingly protect the eyesight of people with multiple sclerosis (MS), according to a study presented at the American Academy of Neurology's 67th Annual Meeting. About half of people with MS experience at some point in their life a condition called acute optic neuritis, in which the nerve carrying vision from the eye to the brain gets inflamed. The condition can cause sudden total or partial blindness, foggy or blackened vision and pain. Even though eyesight can recover eventually, each attack still damages the nerve and the eye. The study found on average that the group who took phenytoin had 30 per cent less damage to the nerve fiber layer compared to those who received the placebo. The volume of the macula, the most light-sensitive part of the retina, was actually 34 percent higher in those who took phenytoin than those who received the placebo.

A special thank you to all who testify of being shunned for loving Christ's Biblical Words, it reveals His disciples are hated for loving The Holy Truth (Jn 14:6,15, 24). Christ said he that heareth you heareth Me; and he that despiseth you despiseth Me; and he that despiseth Me despiseth Him that sent Me (Lk 10:16)! Pray for them (Mt 5:44, Lk 6:28). Christ said you will be hated of all men for His Name's sake (Lk 21:17), but he that shall endure unto the end, the same shall be saved (Mt 10:22, Mk13:13). If the world hate you, ye know that it hated me (Him) before it hated you (Jn 15:18-19). This is The Holy Truth's prophesy being fulfilled to those who love Him and reveals those who hate Him (Jn 15:24)! So be it!

**"How Did A Doctor Save The World Series?"**

Dear Friend,

for over sixteen years. (Larry Luttrell)

well write one for a lesser amount for chiropractic. When you bring in this article by October 15, 2015, you will receive my entire initial visit, the whole ball of wax for \$37 out of pocket. And, further care is very affordable. You see, I'm not trying to seduce you to come see me with this low start up fee, then to only make it up with higher fees after that. Further care is very important to consider when making your choice of doctors. High costs can add up very quickly.

Back in the mid-90's the Atlanta Braves were struggling through a highly contested World Series. You see the Braves were a franchise who had never won a World Series. In fact, no Atlanta franchise had won a title in football, baseball, hockey or basketball. It was rumored that a lady placed a hex on Atlanta because of where they had built their stadium, therefore cursing them to endless years of futility.

"Thanks Dr. Mike for helping my wife, my staff and myself." (Dr. Pete Sparks) (Board of Directors, Marshall Medical Center).

Being a chiropractor can be tough, because there's a host of so-called experts out there. They tell people a lot of things that are just plain ridiculous about my profession. But the studies speak for themselves, like the Virginia study that showed that over 90% of

John Smoltz, who was one of Atlanta's Ace pitchers (in fact he's had more success in the post-season than any of the Braves great pitchers) was having problems with his lower back. In game five, during the pregame show, one of the TV commentators said, "If the Braves win the World Series give a lot of the credit to the team Chiropractor" The team doctor adjusted Smoltz's back enabling him to pitch. The Braves were able to win their first World Series.

My daughter Emma, who is the little girl in the photo, was plagued by asthma when she was younger. Each day as I changed her diaper, I would give her an adjustment. The asthma started to improve immediately, and now she is virtually symptom free.

patients who saw a chiropractor were satisfied with their results. That's just incredible!

Forty-eight million Americans no longer have health insurance, and those who do have found that their benefits are reduced. That's where chiropractic comes in. Many people find that they actually save money on their health care expenses by seeing a chiropractor. Another way so save...studies show that chiropractic may double your immune capacity, naturally and without drugs. The immune system fights colds, the flu, and other sicknesses. So you may not be running off to the doctor as much. This is especially important if you are self-employed. And an entire week of care in my office may cost what you could pay for one visit elsewhere.

My son Nicholas, has recently been having some headaches. He'll come up to me and say, "Daddy, adjust my neck." And even before he gets up he'll say, "man that feels a lot better, it's all gone."

It's strange how life is, because now people come to see me with their carpal tunnel syndrome problems. Also they come to me with their headaches, migraines, chronic pain, neck pain, shoulder/arm pain, whiplash from car accidents, backaches, ear infections, asthma, allergies, numbness in limbs, athletic injuries, just to name a few.

You benefit from an Amazing Offer - Look, it shouldn't cost you an arm and a leg to correct your health. You are going to write a check to someone for your health care expenses, you may as

Here's what some of my patients had to say. "Dr. Mike has been helping me with my low back pain and headaches

**Great care at a great fee...**Please, hope that there's no misunderstanding about quality of care just because I have a lower exam fee. You'll get great care at a great fee. My qualifications...I'm a 1991 graduate of Life University. I'm certified by the National Boards as well as the states of Alabama and Tennessee. I've practiced in Alabama for 22 years after a one year associateship in Huntsville. I just have the low exam fee to help more people who need care. Results may vary in individual cases.

My assistant is Sandy and she is a really great person. Our office is both friendly and warm and we try our best to make you feel at home. We have a wonderful service, at an exceptional fee. Our office is called **ELLIS CHIROPRACTIC CENTER** and it is at 916 Main Street, Hanceville. Our number is **1-256-352-1252**. Call Sandy or me today for an appointment. We can help you. Thank you.  
Michael Ellis, D.C.

Please do not call between 12:00 and 2:00 p.m.

P.S. When accompanied by the first, I am also offering the second family member this same examination for only \$20.

P.P.S. Can you imagine not having to wait at a doctor's office? Well, your time is as valuable as mine. That's why we have a no-wait policy. Your will be seen within minutes of your appointment.

*Just Honest To Goodness Savings  
Plus The Best Service In Town.... Come See!*

**WEEKLY ADVERTISED SPECIALS:**  
Special lower prices on selected items advertised Weekly, to every trade area household, (direct mail delivered), in The Community Shopper's Guide.

**BLUE TAG SPECIALS:**  
We have HUNDREDS of non-advertised items marked down throughout our entire store. More savings passed on to our customers. Just look for blue tags on the shelves.

**NO LIMITS:**  
Our competitors also have advertised specials. The difference is, in most cases, they have a limit on how many of an item you can buy at the sale price...we don't have any limits to family shoppers.
