Equal Housing Opportunity

Thank You...

I just want to tell everyone how thankful I am that we have a funeral home here like Cullman Funeral Home.

And I want to thank Steve and Hilda and John Rogers for always being so nice when people need them. They have been so good to me, and they have been good for Cullman County and the people here. They are always willing to go the extra mile for people, and I have seen that time after time.

I am so thankful for Cullman Funeral Home and the Rogers family. They are the best in Cullman County.

Thank You,
Richard Todd

Some try to have The Holy Bible approve Easter (Acts 12:4), yet man gives the day and way. History does reveal pagans have a feast day unto Ishtar their mother goddess of fertility and brought her and rabbit eggs into the church (apostasy), changed her name to Easter, for the resurrection of Christ on a pagans feast day. The Bible does reveal the beast to think to change times and laws (Dan 7:25). Those that change the truth into a lie, a reprobate mind (Romans 1:21-32), the wise is made foolish (1Cor 1:25-27). Blasphemy is not taught (Mt 12:31), or accepting the beast's changed times and laws (Rev 19:20-21)! The Holy Father's Word (Jn 1:14) did not destroy the law or prophets (Mt 5:17-19)! So Be It! Ron

Gliomas are aggressive brain tumors arising from the brain's supporting glial cells. They account for about a third of all brain tumors, and hold the highest incidence and mortality rate among primary brain cancer patients, creating an urgent need for effective treatments. Scientists at a Swiss university have discovered that tricyclic antidepressants combined with anticoagulant drugs can actually slow down gliomas by causing the cancer cells to eat themselves. The study is published in Cancer Cell.

 New research published in Diabetologia (the journal of the European Association for the Study of Diabetes) shows that taking blood pressure medications at bedtime, rather than in the morning, reduces blood pressure while asleep and also halves the risk of developing type 2 diabetes.

More than half of older adults with clinical depression don't get better when treated with an antidepressant. But results from a clinical trial indicate that adding a second drug-an antipsychotic medication-to the treatment regimen helps many of those patients. The findings, from a study of 468 people over age 60 diagnosed with depression, are published in The Lancet. This is the first study of its kind ever undertaken in older people with depression. Previous research in younger patients with depression showed that adding a low dose of the antipsychotic drug aripiprazole (brand name Abilify) helped relieve symptoms of depression when an antidepressant alone wasn't effective. But the new study is the first to show that the same strategy also works in older adults. The two-drug combination relieved depression in a significant number of patients and also reduced the likelihood that they would have suicidal thoughts.

Saving You MONEY

IS WHAT WE ARE ALL ABOUT

NO GIMMICKS
NO GAMES

Just the

*Just Honest To Goodness Savings
Plus The Best Service In Town.... Come See!*

WEEKLY ADVERTISED SPECIALS:
Special lower prices on selected items advertised weekly, to every trade area household (direct mail delivered), in The Community Shopper's Guide.

BLUE TAG SPECIALS:
We have HUNDREDS of non-advertised items marked down throughout our entire store. More savings passed on to our customers. Just look for blue tags on the shelves.

NO LIMITS:
Our competitors also have advertised specials. The difference is, in most cases, they have a limit on how many of an item you can buy at the sale price...we don't have any limits to family shoppers.
