PRAYER TO THE BLESSED VIRGIN: (Never known to fail). O most beautiful flower of Mt. Carmel, Fruitful Vine, Splendor of Heaven, Blessed Mother of the Son of God, Immaculate Virgin, Assist me in my necessity. O Star of the Sea, help me and show me herein you are my Mother. O Holy Mary, Mother of God, Queen of Heaven and Earth. I humbly beseech you from the bottom of my heart to succor me in my necessity (make request). There are none that can withstand your power. O Mary conceived without sin, pray for us who have recourse to thee (3 times). Holy Mary, I place this cause in your hands (3 times). Say this prayer for 3 consecutive days. You must publish it and it will be granted to you. *Never Fail Novena to the Holy Spirit. Prayer to the Holy Spirit. Holy Spirit you who make me see everything and show me the way to reach my ideals. You who give me the divine gift to forgive and forget all that is done to me. You who are in all the instincts of my life with me, I, in this short dialog, want to thank you for everything and affirm once more that I never want to be separated from you in spite of all material illusions. (name whatever your request is). Say this prayer for 3 days. After the third day, the request will be granted, no matter how difficult. Promising to publish the entire dialog is a condition for granting your request. *Sacred Heart of Jesus. May the Sacred Heart of Jesus by adored, Glorified, loved and preserved through out the world now and forever. Sacred Heart of Jesus, pray for us. St. Jude, worker of miracles, pray for us. St. Jude, helper of the hopeless, pray for us. Say this prayer 9 times a day for 9 days. By the 8th day, your prayer will be answered. Say it for 9 days. It has never been known to fail. Publication must be promised.

The Miracle Prayer: Dear Heart of Jesus, in the past I have asked for many favors, this time I ask you for this very special favor. (Mention favor), take it within your own broken heart where your Father sees it. In his merciful eyes it will become his favor not mine. Amen. Say this prayer for 3 days, promise publication, favor will be granted no matter how impossible. Never known to fail. FGJB

MANAGE PAIN WITH MASSAGE THERAPY
 Addiction to opiates is a growing problem in the United States and Canada. Pain relief therapies, such as massage therapy, can be viable alternatives to the prescription pain medicines that often serve as a gateway to illegal drugs such as heroin. Addiction to prescription painkillers is common. The National Institute on Drug Abuse estimates that 4.7 million people in the United States are dependent on painkillers, the sale of which has increased by more than 300 percent since 1999. Retail pharmacies across Canada dispensed 19 million prescriptions for opioids in 2016, which was up slightly from 18.9 million in 2015, according to the health data company QuintilesIMS. When prescriptions to oxycodone, hydromorphone and fentanyl run out, many people turn to heroin as a less expensive and more readily available means of pain relief. NIDA says that up to 7 percent of people who are prescribed opiate or analgesic pain killers will become addicted. To help reduce the overprescribing epidemic and keep people from becoming addicted to pain meds, people can look for other ways to alleviate pain. Massage therapy is a viable option that can work wonders to improve flexibility and offer relief from pain in different parts of the body. In addition to alleviating pain, massage therapy can promote relaxation, reduce anxiety and improve quality of life. Research indicates that massage therapy can reduce the incidence and frequency of back pain, headache and leg pain and can even reduce stress and tension. Massage therapy can be an asset to those with myalgia, carpal tunnel syndrome and other conditions. Researchers at McMaster University in Canada found that massage therapy affects the activity of certain genes, which directly reduces inflammation in muscles, the same results that would occur if a person took pain medication. Researchers tested people who exercised and received massages afterward against a control group, discovering that "massage dampened the activity of proteins known as inflammatory cytokines, which cause inflammation and pain. It also increased levels of proteins that signal the muscles to produce more mitochondria, the cell structures that produce energy and help muscles recover from activity." A review published in the journal Complementary Therapies in Clinical Practice noted that moderate pressure massage can lead to decreased cortisol levels, helping to reduce stress and anxiety. Massage may help stimulate serotonin products, improving mood and feelings of well-being. Also, according to AMTA, deeper massage stimulates blood circulation to improve the supply of oxygen and nutrients to body tissues while helping the lymphatic system to flush away waste products. It also eases tense and knotted muscles and stiff joints, improving mobility and flexibility. Massage therapy can be a viable alternative for pain sufferers who are reluctant to take potentially addictive prescription pain medications.

Recipe

ROSEMARY TURKEY BREAST

- 2 Tbsp. olive oil
- 8 to 10 garlic cloves, peeled
- 3 Tbsp. chopped fresh rosemary or 3 tsp. dried rosemary, crushed
- 1 tsp. salt
- 1 tsp. paprika
- 1/2 tsp. coarsely ground pepper
- 1 bone-in turkey breast (5 lbs.)

Preheat the oven to 325°. In a food processor, combine the first 6 ingredients; cover and process until garlic is coarsely chopped. Carefully loosen skin from both sides of turkey breast. Spread half the garlic mixture over the meat under the skin. Smooth skin over meat and secure to underside of breast with toothpicks. Spread remaining garlic mixture over turkey skin. Place turkey breast on a rack in a shallow roasting pan. Bake, uncovered, until a thermometer reads 165°, 1-1/2 to 2 hours. (Cover loosely with foil if turkey browns too quickly.) Let stand for 15 minutes before slicing. Discard toothpicks.
