Be Alert For Utility Scams

It's the middle of winter, and that means high heating bills. Scammers know this, and the Better Business Bureau warns, they are tempting homeowners with a "free energy audit." **DON'T FALL FOR THIS!**

You get a call or a knock on the door from someone claiming to provide "free energy audits." They may appear to represent your utility company or local government. In either case, they want to come into your home, look around, and identify ways for you to save on your utility bills.

Don't let them in! The "energy audit" is really a set up for another scam; the actual con varies. In one recently reported version, scammers claimed after the audit that homeowners were eligible for government rebates or programs, a common scam where victims are asked to pay upfront for a non-existent grant. Other times, the "energy audit" is part of a high pressure sales technique, which tricks homeowners into purchasing marked up products (such as a \$4,000 solar blanket) or shoddy construction work.

Tips to avoid a utility impersonation scam:

Local gas, water, and electric companies do sometimes contact their customers by phone. It can be difficult to tell a scammer from a real agent. Here are some tips:

- **Never allow anyone into your home** to check electrical wiring, natural gas pipes, or appliances unless you have scheduled an appointment or reported a problem.
- **Ask utility employees for proper identification.** Make sure their ID card matches their story and uniform.
- **Prepaid debit cards are a red flag.** If a caller specifically asks you to pay by prepaid debit card or wire transfer, this is a huge warning sign. Your utility company will accept a check or credit card.
- **Don't cave to pressure to pay immediately.** If you feel pressured for immediate payment or personal information, hang up the phone and call the customer service number on your utility bill. This will ensure you are speaking to a real representative.
- **Remember that electrical meters are the property of the utility company.** It's never your responsibility to replace or repair them.

In Memory Of Dustin Heath Marchman

February 2, 1984 ~ March 6, 2006

It's hard to believe that it's been 10 years since
 God called your name so gently,
 That only you could hear,
 No one heard the footsteps of the Angels drawing near,
 Softly from the shadows, there came a gentle call,
 You closed your eyes and went to sleep,
 You gently left us all without saying a word.
 Not even a Good Bye...
 My mind still talks to you,
 My heart still looks for you,
 My soul knows you are at peace,
 But the moment that you left me,
 My heart was split into.
 One side was filled with memories,
 The other side died with you.
 I often lay awake at night when the world is fast asleep,
 And take a walk down memory lane with tears
 Upon my cheeks... Remembering you is easy.
 I do it everyday, but missing you is a heartache
 That never goes away, I hold you tightly within
 My heart and there you will remain
 You see life has gone on without you,
 But will never be the same.

*Love You and Miss You,
 Your Family*

Paroxetine (Aropax, Paxil, Seroxat) a psychiatric drug for adolescents diagnosed with major depression, claimed to be a safe and effective treatment for depression in adolescents, is actually ineffective and associated with serious side effects according to a study in the medical journal BMJ. In the study, 11 of the patients taking paroxetine engaged in suicidal or self-harming behaviors compared to only one person in the group of patients who took the placebo. The study also revealed that paroxetine was no more effective at relieving the symptoms of depression than a placebo.

Birth control pills cause a small but significant increase in the risk of the most common type of stroke, according to a comprehensive report in the journal MedLink Neurology. For healthy young women without any stroke risk factors, the risk of stroke associated with oral contraceptives is small. But for women who take birth control pills and also smoke, have high blood pressure or have a history of migraine headaches, the stroke risk is significantly higher. Such women should be discouraged from using oral contraceptives, the report said. Oral contraceptives increase the risk of ischemic strokes, which are caused by blood clots and account for about 85 percent of all strokes. In the general population, oral contraceptives do not appear to increase the risk of hemorrhagic strokes, which are caused by bleeding in the brain.

Researchers have found that the anti-epileptic drug ethosuximide has protective effects in certain neurodegenerative disease models. Neurodegeneration involves the progressive loss of nerve structure and function and is a common characteristic of several conditions, including Parkinson's Alzheimer's and Huntington's. Such diseases are currently incurable.

 Roger & Debra Curington Owners

Many so called Christian churches keep days declared by pagan rulers as honoring Christ, which history shows apostasy. The Holy Bible does not support Christmas, valentine day, Easter servitude and the list goes on much further! Most keep days not in The Bible, then deny The Holy Days that are! Worshiping the beast (Dan 7:25, 1Jn 3:8-9), when man's doctrines are taken for truth (Mt 15:9) and The Holy Father's Word (Jn 1:14-Christ) is made as lies (Mt 5:17-19, 7:21-23, Mt 24:4-51, Jn 3:16, 14:6, 15, 24, 15:10, 26, Acts 3:23, Rom 1:25, Heb 10:26-29, 13:8, Rev 22:18-19)! So Be It!
 Ron

ARE YOU TIRED OF SLEEPING WITH THIS?

Sleep apnea is more than noisy. It's horrible for your health. Chronic, loud snoring is a sign you could be suffering from sleep apnea, a condition that causes you to actually stop breathing, come out of restful sleep, gasp for air, often hundreds of times a night. It leads to chronic fatigue, memory issues, high blood pressure, strokes, diabetes, teeth grinding, TMJ disorders and more. We test for and treat sleep apnea with medically reimbursed, custom oral appliances. Many patients report feeling better and more rested after a single night of using a device. Most people know or suspect if they have sleep apnea. Do you?

Call us today at Dr Timothy Smith's office at (256) 287-1250 to stop the noise and start resting.

Saving You MONEY

IS WHAT WE ARE ALL ABOUT

NO GIMMICKS
NO GAMES

Just the

*Just Honest To Goodness Savings
Plus The Best Service In Town... Come See!*

WEEKLY ADVERTISED SPECIALS:
Special lower prices on selected items advertised weekly to every trade area household, (direct mail delivery), in The Community Shopper's Guide.

BLUE TAG SPECIALS:
We have HUNDREDS of non-advertised items marked down throughout our entire store. More savings piled on to our customers. Just look for blue tags on the shelves.

NO LIMITS:
Our competitors also have advertised specials. The difference is, in most cases, they have a limit on how many of an item you can buy at the sale price...we don't have any limits to family shoppers.

AD PRICES EFFECTIVE WEDNESDAY, MARCH 2, 2016 THRU TUESDAY, MARCH 8, 2016
