BIRTHDAY CELEBRATION AT MORNINGSIDE OF CULLMAN

Thursday November 5th we enjoyed celebrating Lois Ward's 91st Birthday. Her son Neil and Daughter-in-law Jennifer surprised her and arrived to have lunch with her at Morningside, then a surprise Birthday Party with Bingo at 2pm. Lois said, "I had a wonderful Birthday, and was so happy Neil and Jennifer were here on my birthday." Lois loves to play Bingo, so a game of Bingo was called for her special day. Residents enjoyed playing bingo and helping Lois celebrate her birthday.

Childhaven Thanksgiving Appeal

What Are You Thankful For?

Here is what our Childhaven kids are saying:

“The biggest mistake I have made is leaving Childhaven. Please tell the girls not to leave – but to stay and take advantage of opportunities Childhaven provides.”

“Coming from where I came from I praise God that there was a place like Childhaven to go. I didn't always get along with everybody, but I loved everybody. Childhaven gave me the tools I needed to become a better person.”

Demonstrate your thankfulness today by giving to Childhaven for our Thanksgiving Appeal at www.childhaven.com or mail your gift to **P.O. Box 2070, Cullman AL 35056-2070.**

Childhaven serves 125 children and family members every day. Contributions make up most of Childhaven's income. Change a life – make a donation today.

Peinhardt Living History Farm Foundation

Thank You

To: Peinhardt Farm Day Volunteers,

Thanks to all of you, our School Days and Farm Day 2015 were a huge success. Second and Third graders from 22 schools came to the farm and 2300+ attended Farm Day.

We continue to hear words of thanks and appreciation for making the effort to preserve our rural heritage of North Alabama. This WOULD NOT be possible without the hard work and dedication of our VOLUNTEERS and other interested groups.

VOLUNTEERS have always been the backbone of our programs. Many people have commented they had no idea there was so much to see and do at our Farm Day. Without Volunteers, School Days would NOT have been possible.

THANK YOU ALL for your interest, help and support.

Sincerely,
 All the Peinhardts

Taking the medication metformin hydrochloride was associated with reduced risk of developing the sight-threatening disease open-angle glaucoma in people with diabetes, according to a study published online by JAMA Ophthalmology. Medications that mimic caloric restriction such as metformin can reduce the risk of some late age-onset disease. It is unknown whether these caloric mimetic drugs affect the risk of age-associated eye diseases such as macular degeneration, diabetic retinopathy, cataract or glaucoma.

Anastrozole provides a significant benefit compared with tamoxifen in preventing recurrence after a lumpectomy and radiation therapy in postmenopausal women ages 60 years or younger who had DCIS (ductal carcinoma in situ), a common diagnosis of non-invasive breast cancer. In women over age 60, it works as well as tamoxifen. These findings were presented at the 2015 American Society for Clinical Oncology Annual Meeting.

The roughly nine million Americans who rely on prescription sleeping pills to treat chronic insomnia may be able to get relief from as little as half of the drugs, and may even be helped by taking placebos in the treatment plan, according to new research published in the journal Sleep Medicine. The findings, which advocate for a dosing strategy of smaller and fewer doses of sleep drugs and use of placebos, would decrease the amount of medication needed to maintain medication effects over time. The new approach allows the individual to maximize their clinical gains with respect to falling and staying asleep while reducing side effects and cutting prescription drug costs. Chronic insomnia is characterized by difficulty falling asleep or staying asleep at least three nights a week for at least one month.

(Never known to fail). O most beautiful flower of Mount Carmel, fruitful vine, splendor of Heaven. Blessed Mother of The Son of God, Immaculate Virgin, assist me in this, my necessity.
