CULLMAN COUNTY REVENUE COMMISSION NEWS

Upcoming Change In Hours For Motor Vehicle Title Processing

The Cullman Revenue Commission has announced a change in its hours for processing motor vehicle titles. This change does not affect tag renewals, however, as normal operating hours of 8:00 a.m. to 4:30 p.m. still apply for all motor vehicle tag renewals. Motor vehicles include cars, trucks, motor homes, trailers, and mobile homes.

Effective January 1, 2016, all motor vehicle title transactions must be started prior to 4:00 p.m. to ensure adequate time to complete required steps through the State of Alabama title system, which is available until 4:00 p.m. The Cullman Revenue Commission appreciates your cooperative spirit as this change takes effect. For any questions, the tag department staff is happy to assist in person or via telephone at (256) 775-4902.

Stephen Ministry

A STEPHEN MINISTER is someone in the community that you can count on to be there when you have no one else.

EVERYONE HAS DIFFICULTIES at times when you need someone to talk to. Stephen Ministers are highly

trained and trustworthy, with confidentiality being most important. He/she is someone you can trust with any problem that arises in your life.

Unresolved anger, betrayal by a friend, someone hurt you and it still remains, your job has become impossible, or other problems that may arise in your life ... these are some of the areas a Stephen Minister can help with.

Weekly visits containing honesty and openness with each other can result in friendship.

As a result of care from a Stephen Minister, a person can come to experience peace. Unconditional acceptance leads to trust and trust is closely followed by HOPE.

To contact a Stephen Minister, call St. Andrew's United Methodist Church at 256-734-0340 or e-mail admz2813@gmail.com

Proton-pump inhibitors, or PPIs, are among the world's most widely prescribed drugs, with \$14 billion in annual sales. They are effective at lowering the acidity of the stomach, in turn preventing heartburn, a burning sensation in the chest that occurs when stomach acid rises up into the esophagus. In any given year, more than 20 million Americans-about one in every 14-use PPIs such as omeprazole (trade name Prilosec) for heartburn, also known as acid reflux or gastroesophageal reflux disease. More than 100 million prescriptions are filled every year in the United States for PPIs, a class of drugs long considered benign except for people concurrently taking the blood thinner clopidogrel (Plavix). However, a new study published in PLOS ONE upends this view: it indicates that PPI use was associated with a roughly 20 percent increase in the rate of subsequent heart-attack risk among all adult PPI users, even when excluding those also taking clopidogrel.

According to a new study, women experiencing difficulty with time management, attention, organization, memory, and problem solving-often referred to as executive functions-related to menopause may find improvement with a drug already being used to treat attention deficit hyperactivity disorder (ADHD). The study is the first to show that lisdexamfetamine (LDX) improved subjective and objective measures of cognitive decline commonly experienced in menopausal women. Results of the study were published online recently in the journal Psycharmacology.

Many so called Christian churches teach Christmas is Christ's nativity. They tell children lies of a completely false creature with flying reindeers, then give them candy and gifts, causing kids to love a lie. They keep a pagan tradition of commercialism, etc., and say Christ is the reason for the season. The New Testament writers did not write of such a feast unto Christ, for He did not command it (Matt 28:20) and decorating trees are ways of heathen (Jer 10:2-5)! Lying is an abomination (Pro 6:16-17) and idolatry is not acceptable either (Ex 20:3-5, 1Jn 5:21, Rev 22:15). Christ said do not be deceived by man (Mt 24:4-51). So Be It!

Plus The Best Service In Town... Come See!*

WEEKLY ADVERTISED SPECIALS:
Special lower prices on selected items advertised Weekly, to every track area household, (direct mail delivered), in The Community Shopper's Guide.

BLUE TAG SPECIALS:
We have HUNDREDS of non-advertised items marked down throughout our entire store. More savings passed on to our customers. Just look for blue tags on the shelves.

NO LIMITS:
Our competitors also have advertised specials. The difference is, in most cases, they have a limit on how many of an item you can buy at the sale price...we don't have any limits to family shoppers.
