ARIES (March 21 to April 19) This is a good time to let that intrepid Aries temperament take charge. Your strong leadership will help settle those still-unresolved situations. Support comes from a surprising source.

TAURUS (April 20 to May 20) Your problem-solving talents shine as you move to cool down heated emotions. You also inspire trust in all parties when you act with careful consideration of their feelings.

GEMINI (May 21 to June 20) That long-delayed commitment begins to look better to you. But there's still a crucial fact or two you need to know about it. A health problem needs to be taken care of.

CANCER (June 21 to July 22) Don't waste time trying to learn why someone you relied on is wavering in his or her support of your stand on a workplace issue. Move on with the help of more steadfast allies.

LEO (July 23 to August 22) Relationships enter a brighter period, both at home and in the workplace. Prospects also look good for single Leos and Leonas, who can expect a welcome visit from Cupid.

VIRGO (August 23 to September 22) Those mixed signals that were complicating your life are giving way now to clear, definitive guidelines. This makes it easier for you to weigh your options and make decisions.

LIBRA (September 23 to October 22) Ask your partner for an explanation of what seems to be a sign of strain in your relationship. The sooner you understand the problem, the sooner you can both act to resolve it.

SCORPIO (October 23 to November 21) A new challenge in the workplace holds an exciting promise for the future. But be aware of the fact that you haven't been told about all the demands you might have to meet.

SAGITTARIUS (November 22 to December 21) Your financial picture brightens as you get into sorting out realistic goals and those that are not reachable at this time. "Caution" remains your fiscal watchword.

CAPRICORN (December 22 to January 19) You're deep into your new project, and that's just fine. But don't neglect your family and friends. Spending time with people you care for is always a wise investment.

AQUARIUS (January 20 to February 18) Past feelings are suddenly reawakened. This could make you emotionally vulnerable. Be careful about decisions you might be asked to make at this time.

PISCES (February 19 to March 20) You've come to a place where you'll be facing important decisions that can affect your future. Rely on your strong moral compass to guide you toward making the right choices.

BORN THIS WEEK: You're gifted with both natural wisdom and wit -- a good combination for success as a writer or teacher and, most importantly, a parent.

Lung Cancer Screening Exam

A Lung Scan Can Be a Lifesaver

By Robert Kim Grossman, NP, Pulmonology

If you are a smoker or a former smoker, and between the ages of 50 and 80, you may qualify or be eligible for a lung cancer screening exam. And it's an exam that could be a lifesaver.

According to the American Lung Association, lung cancer is the number one cause of cancer death in both men and women in the U.S., accounting for approximately one quarter of cancer deaths. There are several factors that can contribute to the development of lung cancer, including radon, exposure to hazardous chemicals, particle pollution and genetic factors, but smoking is the overwhelming number one cause of lung cancer – about 90 percent of lung cancer cases. Even if you quit smoking years ago, your risk – while reduced – is still present. A lung cancer screening exam is a simple screening that can tell you and a provider if your lungs are healthy or detect lung cancer early, before it spreads, and when treatment can be most effective. Lung cancer symptoms typically do not show up until the disease has advanced, so this early detection is key to catching the cancer early and more effectively treating it. A lung cancer screening exam is a painless screening that usually takes less than a minute to complete, but its benefits can last far longer. Many insurance plans – including Medicare – will cover the cost of the screening if you meet eligibility requirements. If you are a smoker or a former smoker between 50 and 80, you may qualify or be eligible. Talk to your provider about your risks and if a lung cancer screening exam is right for you.

In addition, it's important to know that there are some steps you can take to reduce your risk for lung cancer – most importantly refraining from smoking and other uses of tobacco (pipes, cigars, vaping, etc.), as well as avoiding secondhand smoke as much as possible, getting your home tested for radon, limiting your exposure to carcinogens and eating a healthy diet.

Take our lung cancer risk assessment at SovahHealth.com/our-services/imaging/low-dose-lung-ct-screening. If you'd like to talk with a provider about your risks and a potential lung cancer screening exam, call 844.GO.SOVAH or visit SovahHealth.com. Learn more about lung cancer at lung.org and cdc.gov/lung.

Soft Buttermilk Dinner Rolls

Ingredients

- 1 package (1/4 ounce) active dry yeast
- 1/4 cup warm water (110° to 115°)
- 1 cup plus 2 tablespoons warm buttermilk (110° to 115°), divided
- 1/2 cup plus 1 teaspoon softened butter, divided
- 1 large egg, room temperature
- 1/3 cup sugar
- 1 teaspoon salt
- 4 cups bread flour

Directions

Dissolve yeast in warm water until foamy. In a large bowl, combine 1 cup buttermilk, 1/2 cup butter, egg, sugar, salt and yeast mixture, then add 3 cups flour; beat on medium speed until smooth, 1 minute. Add remaining flour, 1/4 cup at a time, to form a soft dough.

Turn dough onto a lightly floured surface; knead until smooth and elastic, 6-8 minutes. Place in a greased bowl, turning once to grease the top. Cover and let rise in a warm place until doubled, about 1 hour.

Punch down dough. Turn onto a lightly floured surface; divide and shape into 20 balls. Place in a greased 13x9-in. pan. Cover with a kitchen towel; let rise in a warm place until almost doubled, about 45 minutes.

Preheat oven to 350°. Brush rolls lightly with remaining buttermilk and butter. Bake until golden brown, 20-25 minutes. Cool in pan 20 minutes. Remove to a wire rack; serve warm.

* Thanksgiving Tip: "Let one person be responsible for putting prep dishes, pots and pans in the dishwasher while another prepares the bird and side dishes for the table. You will be halfway done with dishes by the time the meal is over." -- M.A. in Washington

* "Bake stuffing in muffin tins for individual servings. Also, if your family is anything like mine, we love the crispy parts, and everyone will get some this way!" -- W.G. in Mississippi

* "If you host a large family holiday gathering and serve a lot of side dishes, try this trick to them hot while waiting for other items to finish in the oven. Simply cover the bottom of a clean ice chest with a few trivets or a couple kitchen towels, and set casseroles and oven-cooked meats inside. Most people use a cooler to keep things cold, but the insulation works just as well to keep hot things hot ... at least for a little while." -- M.E. in West Virginia

* "An oldie but a goodie, and certainly considerate of dear old Mom: In my family, you come to Thanksgiving dinner with your own plastic containers for leftovers. If you don't bring your own, you don't go home with tomorrow's lunch. Mom instituted this rule after the first Thanksgiving when all the kids had moved out. We practically cleaned her out of Tupperware!" -- E.Y. in New Mexico

* Recipe substitution: If you need 1 teaspoon of pumpkin pie spice, use 1/2 teaspoon cinnamon, 1/4 teaspoon ginger, 1/8 teaspoon nutmeg and 1/8 teaspoon ground cloves.
