# SERVICE NEWS

## BRENT LUPER ROTC CADET

Brent Luper, an Army Reserve Officers' Training Corps (ROTC) cadet at University of Alabama - Birmingham, Ala., has graduated from the Cadet Leader Course (CLC) at Fort Knox, Ky. CLC is a 30-day summer training event focused on training cadets to solve complex leadership issues and problems at the company level. Cadets arrive at CLC with a baseline of military skill sets; the cadets also have developed critical thinking and problem solving abilities during the academic years. CLC builds upon the work accomplished on campus and develops the cadet's small unit leadership ability in a tactical environment. The leadership experience supports continued cadet development during the senior year of the program. Cadets usually attend CLC between their junior and senior years of college, and they must complete the course to qualify for commissioning. Upon successful completion of the course, the ROTC program, and graduation from college, cadets are commissioned as second lieutenants in the U.S. Army, Army National Guard, or Army Reserve. Luper is the son of Cynthia Nail of Huntsville, Ala. He is a 2012 graduate of Virgil I. Grissom High School, Huntsville, Ala

# Revenue Commissioner to Visit Area Senior Centers, Explain Discounts on Property Taxes

Any property owner who is age 65 or older may qualify for additional discounts on his or her homestead (primary residence). Owners must request this additional discount through the local Revenue Commission office. The exact amount of the discount is based on the household taxable income as indicated on annual income tax forms.

Beginning September 1, Cullman Revenue Commissioner Barry Willingham will visit all area senior centers to share helpful information on submitting requests for over age-65 exemptions. Following his brief presentation, attendees may ask questions as needed to prepare themselves for applying for the exemptions.

For questions on this or any topic related to property tax, residents may contact the Cullman County Revenue Commission office at (256) 775-4776 or visit the website at [www.cullmanrevenuecommissioner.com](http://www.cullmanrevenuecommissioner.com).

### Schedule of senior center visits

- Wednesday, September 2 at 10:00 am: Hanceville Senior Center
- Wednesday, September 2 at 10:30 am: Center Hill Senior Center

## Fun Events at Morningside Assisted Living

Morningside residents enjoyed outing trips last week. On Tuesday evening August 25th some of the residents enjoyed going to hear the "Fire House Few" band practice. The group had set up refreshment for our residents and others there. On Thursday August 27th residents went to Sportsman's Lake for a picnic, fishing, horseshoes and other games. All had a great time getting out enjoying the nice weather we had this week. Thank you "Fire House Few" for a wonderful evening of entertainment.

Fax: 256-737-8199 • dcleghorn@5sqc.com • www.fivestarqualitycare.com • A Five Star ★ Quality Care Community

**WE HAVE MOVED**

After 20 years in the Cullman Shopping Center, low traffic and construction made it necessary for us to move our events for them to survive. Our NEW LOCATION is next to the East Side of Wal-Mart's parking and in front of Carmike Cinemas (Marketplatz Center). Mr. Roy Drinkard graciously invited us to use this space.

We are very thankful for each of you who have faithfully supported us and we ask for your support in our new location so we can continue to offer scholarships, support the annual steer and heifer show, & several other things we help with when we have earnings exceeding our cost.

Drugs aimed at quelling the behavior problems of dementia patients may also hasten their deaths more than previously realized, a new study in the journal JAMA Psychiatry finds. The research adds more troubling evidence to the case against antipsychotic drugs as a treatment for the delusions, hallucinations, agitation and aggression that many people with Alzheimer's disease and other dementias experience. Those taking drugs called antipsychotics had outsize risks of death. Among those taking the newer, more commonly used antipsychotics, the risk climbed along with the dose. The study also examined other psychiatric medications. The risk of death seen with the mood stabilizer valproic acid was similar to the antipsychotics. Antidepressants had less risk compared with antipsychotics and valproic acid, but it was still higher than that of those not taking any psychiatric medications to treat behavior issues in dementia.

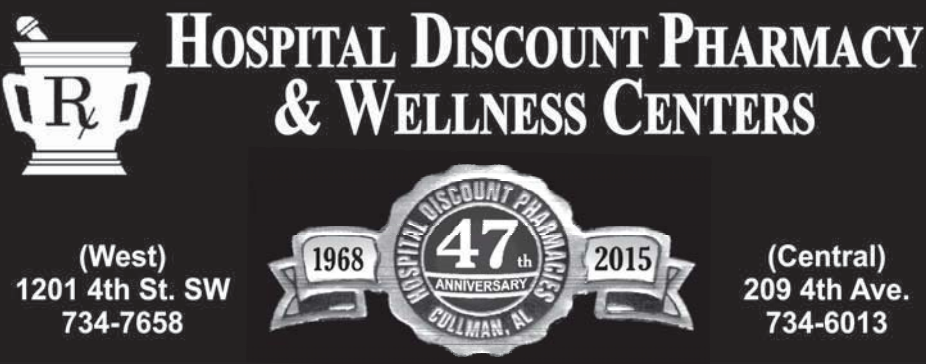

\*\*\*

The U.S. Food and Drug Administration has approved the first generic version of Copaxone (glatiramer acetate injection), used to treat patients with relapsing forms of multiple sclerosis (MS). MS is a chronic, inflammatory, autoimmune disease of the central nervous system that disrupts communication between the brain and other parts of the body. It is among the most common causes of neurological disability in young adults and occurs more frequently in women than men. For most people with MS, episodes of worsening function (relapses) are initially followed by recovery periods (remissions over time, recovery periods may be incomplete, leading to progressive decline in function and increased disability. MS patients often experience muscle weakness and difficulty with coordination and balance. Most people experience their first symptoms of MS between the ages of 20 and 40.

A man has to be born again to see or enter the kingdom of The Holy Elohim (Jn 3:3-7, 2Cor 5:17-21) and Christ said sin no more (Jn 5:14, 8:11)! Some churches teach once saved always saved, a backsliding Christian will still go to heaven, some pray to Jesus and He will forgive even willful sin (Heb 6:4-6,10:26-39). Scripture stands against false teachers (2Cor 11:13-15) for they do not love The Holy Father Elohim (Jn 5:37-47). He who sins is of the devil (1Jn 3:1-24) and all shall give account (Mt 12:34-37)! So Be It!  
Ron Westmoreland 256 590-9067
