During this season of giving and fellowship **Genesee Valley
Citizens for Peace** would like to thank all who promote peace
through dialogue, kindness, tolerance and justice.

Might does not make right no matter who uses it.

May we all renounce violence as something that causes more
problems than it solves. This is as important as ever in this
transitional time for the country we all care about.

GVCP wishes everyone everywhere a safe and joyful season.

SPEAK OUT

Dear "Speak Out,"

This week we continue our study of our beautiful Livingston County during its 200th year bicentennial.

The Town of Springwater is in the southeast part of our county. The first settlers arrived around 1807. The town was established in 1816 from the towns of Sparta and Naples.

Today, Naples is a town in Ontario County. In 1866, a serious conflict between landowners and squatters resulted in the wholesale eviction of many people who were not living on their own land. The south town line is the border of Steuben County and the east town line and part of the north town line is the border of Ontario County. The southernmost part of Hemlock Lake, one of the smaller Finger Lakes, is in the northern part of the town.

The Springwater Valley through the center of the town terminates at the lake, and includes many streams that feed into Hemlock Lake, including Springwater Creek and Lime Kiln Creek. Hemlock Lake is part of the Genesee River watershed.

New York State Route 15 and New York State Route 15A join at Springwater village. From 1854 to 1956 Springwater was served by the "New York – Jersey City to Rochester Main Line" of the Erie Railroad.

That portion through Springwater was removed in 1956 by order of the Interstate Commerce Commission in order to promote highway transportation. The headwaters of the Cohocton River, which flows southward from the town and is part of the Susquehanna River watershed, are located in the eastern side of the town.

Notable people: John Samuel Rowell was an agricultural inventor and manufacturing industrialist; Emily Maria Scott was an artist. The New York Watercolor Club and the Pen and Brush Club were formed in her studio.

The Town of York is in the western part of our county. The Abbey of the Genesee is in the town's Hamlet of Piffard and is locally famous due to the production of Monks' Bread.

In 1722, the Tuscarora people moved north to join other Iroquoian natives, the League of the Iroquois, and settled near modern Piffard. The town was first settled by Europeans around 1800. The town was formed in 1819 from parts of the towns of Leicester and Caledonia before the establishment of Livingston County.

More territory was added from the Town of Covington in 1823. Salt was found in 1883 near modern Retsof, leading to the formation of the New York Rock Salt Company. Further discoveries were made subsequently by the Empire Salt Company and American Rock Salt.

The Linwood Estate was added to the National Register of Historic Places in 1997. The west town line borders Genesee and Wyoming counties. New York State Route 36 (north-south) intersects New York State Route 63 (east-west) at Greigsville. U. S. Route 20 passes along the northern town line.

Notable people: Chester A. Arthur was a United States President; Moses Hayden was a Congressman; John Chandler Holloway became a Wisconsin State Assemblyman and State Senator. James Laird was a United States Congressman from Nebraska; Joseph Marron was an optical engineer; Donald Stewart was a Wisconsin State Assemblyman.

We have concluded our study of the original twelve towns of our county and, Lord willing, we will continue our study next week with the other five towns of our Livingston County.

November is National Hospice Month

Hospice is a program that reaches out to anyone with a life limiting illness who desires specialized support at the end of life's journey. Hospice is available as a healthcare choice through Livingston County Hospice, which is the only certified Hospice program in Livingston County. Hospice services are offered in one's home, in skilled nursing facilities, comfort care homes, and local hospitals. Hospice care is focused on providing comfort and quality of life, as well as support to the patient and family. Hospice understands dying as a unique part of life that calls for a blend of compassion and comfort care.

Patients are eligible for Hospice care when the focus of care changes from aggressive treatments to comfort measures and management of symptoms. Talk to your doctor about the benefits of Hospice care. Many families have said "We wish we had called Hospice sooner." Admission to Hospice is based on need, rather than ability to pay. Services are never denied because of inability to pay.

In 2020, Livingston County Hospice served 173 patients and their families, including recognizing 45 veterans in the We Honor Veterans Program. Livingston County Hospice is proud to be the exclusive provider of hospice services in Livingston County.

"I can't think of a better way to have taken care of my mom. The nurses and aides that came took such loving care of her. Thank you for providing this service, it is such a blessing to the patients and families", stated a family member of a Livingston County Hospice patient.

Livingston County Hospice is a program of the Livingston County Department of Health. For more information on Hospice care, please call 585-243-7290 or visit our website at **www.livingstoncounty.us/doh.htm**.

Protect Yourself from Disease While Hunting

If you hunt, you should be aware that it can put you at risk for two common diseases that can be prevented. These two diseases are Lyme Disease, and Rabies. The Livingston County Department of Health offers information about each disease and tips for you below.

Lyme Disease is transmitted to humans by the bite of an infected tick. Typical symptoms include fever, headache, fatigue, and a circular skin rash with a target-like appearance. Tips to keep yourself safe include:

- Wear insect repellent or use odorless permethrin on clothing
- Tuck your pants into socks, and shirt into pants
- Check for ticks daily
- Shower soon after being outdoors

Rabies is transmitted through direct contact such as broken skin or mucous membranes in the eyes, nose, or mouth of an infected animal. Symptoms can include general weakness or discomfort, fever, or headache. Tips to keep yourself safe from rabies include:

- Staying clear of animals that have trouble walking, is drooling, or has an appearance of "drunkenness," aggression or even tameness
- Wear gloves when dressing or butchering game
- Wash hands thoroughly afterward

For more information on how to protect yourselves from, please visit www.livingstoncounty.us/eh or call the Livingston County Department of Health at 243-7299.

2021**

EMS Staff Member Honored

On November 13, 2021, at the New York State Vital Signs EMS Conference 2021 in Saratoga Springs, Robert Sparks from Livingston County Emergency Medical Services (EMS) was honored with the New York State EMS Council's Advanced Life Support Provider of the Year Award. Mr. Sparks has worked as an Advanced Life Support Technician with Livingston County EMS since 2011 and is currently a Shift Supervisor with the agency.

Dr. Aaron Farney, Livingston County EMS Medical Director, nominated Mr. Sparks for the statewide award. He stated, "This is an extremely prestigious award and exemplifies Rob's excellence among his peers across New York State."

Karen Dewar, Director of Livingston County EMS, said, "We are beyond thrilled that Rob has received this award. He is among the best in our field. His dedication to the safety, health and well-being of our residents is truly outstanding."

Earlier this year, Mr. Sparks also received the 2020 Advanced Life Support Provider of the Year Award from the Monroe-Livingston Regional EMS (MLREMS) Council. The annual MLREMS awards showcase the special talents of local EMS providers and their contributions to the improvement of prehospital care.
