**ARIES** (March 21 to April 19) Your curiosity might not be appreciated by everyone. Expect some resistance in getting answers to your questions. But stay with it. You need facts in order to make important decisions.

**TAURUS** (April 20 to May 20) Some of the mystery surrounding your recent fiscal situation soon will be dispelled with a clear explanation. Use this new knowledge to help you chart a fresh financial course.

**GEMINI** (May 21 to June 20) Start your holiday gift-buying now. This will help avoid problems caused by possible mid-December delays. A family member has important information.

**CANCER** (June 21 to July 22) Use a little more sense in how you plan to spend your end-of-the-year holiday dollars. Meanwhile, you continue to gain support for your stand on a workplace issue.

**LEO** (July 23 to August 22) Wearing that big, loving Lion's heart of yours on your sleeve leaves it unprotected. Let things develop a little more before you allow your emotions to spill over.

**VIRGO** (Aug. 23 to September 22) You might feel you're not ready to patch up an unraveled relationship. But the longer you wait, the more difficult it will be for all parties to take the first healing step.

**LIBRA** (September 23 to October 22) Your end-of-the-year holiday plans could be disrupted by something out of your control, but stay the course. Ultimately, things will settle back into a normal pace.

**SCORPIO** (October 23 to November 21) Your honest approach to a workplace project earns you both respect and credit from those in charge. Meanwhile, that personal problem still needs to be dealt with.

**SAGITTARIUS** (November 22 to December 21) Money could be a little tight this month. This means the usually bargain-oblivious Sagittarian should look for ways to save on end-of-the-year holidays.

**CAPRICORN** (December 22 to January 19) Examine the facts, and you might find that it's a wiser move to shift gears and redirect some of your goals before the end of the year. Someone close to you offers good advice.

**AQUARIUS** (January 20 to February 18) Be careful that your generosity is not abused. Find out more, both about the special favors you might be asked to grant and who is asking for them.

**PISCES** (February 19 to March 20) You've come through a recent rough time in great shape. Congratulations. Now go out and enjoy your well-earned rewards. More good news comes in mid-December.

**BORN THIS WEEK:** You aim for truth, and you usually find it. Your honesty earns you the friendship and respect of others.

### Lunch On The Bank

A pastor and two of his deacons are out on the river fishing in their rowboat. Twelve o'clock rolls around, and one of the deacons notices a nice spot on the bank to have lunch. He turns to the others and says, "That looks like a nice spot for lunch. What do you say we have lunch over there?"

The other deacon agrees, and so does the pastor. The deacon stands up in the boat, steps out onto the river and walks over to the bank. The pastor looks on with amazement, and thinks to himself, if his deacon is holy enough to walk on water, surely he can.

The other deacon stands up, picks up the picnic basket, steps out of the boat, and walks over to the bank and sits with the first deacon. Again, to his amazement, the pastor thinks again, if his second deacon is holy enough to walk on water, surely he can.

The pastor stands up, steps out of the boat, and sinks into the water. The first deacon turns to the second and says, "Think we should have told him where the rocks are?"

**Toy Tourist Bus**

Buses were used for transportation as early as the 1820s, long before the modern motor was invented. They had horse-power — live horses pulled the bus. By the 1830s, buses were powered by steam, and in 1882, the first electric bus was introduced.

*This toy tourist bus was made about 1910 by the Kenton Hardware Co. in Ohio. Not all of the passengers are original, but suitable replacements had been found. It is a rare toy, so rare it auctioned for just over \$1,000.*

But the toy bus made after 1895 often resembled tourist buses used in a few large cities. It had a motor. The tourist bus had seats inside and out; if the weather was nice, riders could climb the stairs to go up to the top seats where tall buildings could be admired. There was no cover for the top.

The Kenton Hardware Co in Kenton, Ohio, made many small cast iron household items such as bookends, doorstops, small figures, ashtrays, cooking utensils and toys. A double-decker tourist bus was made in about 1900, followed by a second version in 1910. An orange one sold for \$1,020 at a Bertoia auction despite seven replacement figures with old paint. Many old iron toys have been copied; original toys should have a smooth, not bumpy, bottom. The seams between the molded parts must be tight and jointed with slotted screws. And most old toys have the maker's name impressed in the mold.

**Q:** Is there any way to test to see if an item is made of resin, bone or plastic?

**A:** Bone and resin are natural products. Bone has small black or brown pock marks called "marrow flecks." It's heavier than resin or plastic. Resin is an organic material made from plants and trees. It may have some tiny bubbles in it. Plastic is a synthetic material and is harder than resin. Although a resin figurine is heavier than the same figurine in plastic, it is not as durable and is more likely to chip or crack if dropped.

**Piedmont Pets**

December 2, 2021 By Paulette Dean

Bringing a new pet into a home is life changing and usually comes with a degree of stress and anxiety for the animals as well as the humans. During the busy holiday season, the level of stress can skyrocket.

In the past, most animal welfare organizations discouraged holiday pet adoptions. Some shelters now encourage adoptions if a family or individual wants a new pet. The general exception is that animals should not be given as surprise gifts. A gift certificate accompanied by wrapped presents of toys, treats, collars, cages, etc. would be a much better option.

When thinking about bringing a new animal into a home, it is urged that people consider the following questions, as well as others that may pertain:

1. Do I have the time for a pet? It may sound fun to have a cute little dog waiting for you at the door each evening, but busy schedules may not be in the best interest of that dog. There is no such thing as a no-maintenance pet. Even fish in tanks require daily feeding and care to meet their physical needs.

2. Can I afford this pet? Beyond the initial cost of adopting or purchasing a pet, it is wise to consider the monthly cost of food, routine and/or emergency veterinary care, and other supplies. All pets come with a financial obligation.

3. What kind of pet would be the best match for me? If you lead a more sedentary lifestyle, it would not be wise to adopt a young, large, active puppy that needs long walks and romps in a fenced area. If someone in your

household is allergic to cats, do not think that the cat will be happy living in a small room away from people for its entire life. Large birds are beautiful; they are also very social and messy. Even small companion animals like hamsters, guinea pigs, and rabbits have very specific physical and emotional needs.

4. Does everyone in the household want this new pet? Children may want a pet and may make promises about how they will take care of them; however, the care of the pet will ultimately rest on the shoulder of the parents. Are all of the adults in the household in agreement with adding an animal to the family?

If all of the questions are answered positively, then maybe it is a good time to think of adding an animal member to your family!

The column next week will explore how to best introduce a new pet into your family.

John Brotherton

**Q.** I saw an ad in a magazine for a Hallmark holiday movie with Candace Cameron Bure and John Brotherton. I didn't recognize his name, but he looks like a soap actor from "One Life to Live," a soap I watched for decades before it was canceled. Was he on that soap? —S.W.

**A.** John Brotherton might not be a household name, but he's been accumulating credits since his first major role on, you guessed it, "One Life to Live." He played Jared Banks, a swindler and Buchanan heir imposter, on the ABC daytime drama for three years. He then did the usual round of prime-time guest-starring roles before being cast as Matt Harmon on "Fuller House," the Netflix reboot of "Full House," in which he had a romance with Bure's character, DJ.

Now, Brotherton and Bure are reunited in a new Hallmark original movie, "The Christmas Contest," in which they play exes who compete to win money for their chosen charities. Be sure to visit [HallmarkChannel.com/Christmas](http://HallmarkChannel.com/Christmas) and click on "schedule" to watch previews of the many heartfelt films that Hallmark has to offer this season.

**Q.** Who are the new "Monday Night Football" hosts? It seems like every year they change. I miss the days of Howard Cosell. —P.S.

**A.** "Monday Night Football" premiered on ABC on Sept. 21, 1970, with the New York Jets versus the Cleveland Browns. The first trio of hosts were Howard Cosell, Keith Jackson and Don Meredith. A year later, Frank Gifford replaced Jackson. From 1987 to 1997, Gifford, Al Michaels and Dan Dierdorf were a ratings success, but ever since then various combinations of personalities haven't been as memorable. The big Monday night game moved to ESPN in 2006.

The current hosts of "MNF" are in their second year together. Steve Levy is the play-by-play announcer and has a long career as a sports commentator, including for NHL games. Brian Griese and Louis Riddick round out the "MNF" booth and are both former NFL players themselves. Griese was a back-up quarterback for the Denver

Broncos when they won the Super Bowl in 1998. Riddick was safety and was drafted by the San Francisco 49ers in 1991.

**Q.** Whatever happened to Jussie Smollett after he was accused of lying about the attack against him? Did he go to prison? —Y.G.

**A.** Jussie Smollett had a very successful career in Hollywood, starring in the hit show "Empire," when he told police that he was the victim of a hate crime in Chicago. The tables quickly turned on him when Smollett himself was charged with 16 felony counts for allegedly falsifying a police report. The charges were eventually dropped by Cook County prosecutors only to be indicted again later by a special prosecutor. His trial is slated to begin in late November.

Even though his acting career appears to be over, Smollett is determined to move forward. He recently attended the screening of a film he directed called "B-Boy Blues."

Each numbered row contains two clues and two 6-letter answers. The two answers differ from each other by only one letter, which has already been inserted. For example, if you exchange the A from MASTER for an I, you get MISTER. Do not change the order of the letters.

## Remembering Pearl Harbor

December 7, 2021, marks the 80th anniversary of the attack on Pearl Harbor. This was a pivotal day in world history, ultimately leading the United States to enter the Second World War.

Prior to the attack on Pearl Harbor, Japan participated in a series of invasions into China, believing the only way to solve its economic and demographic problems was to expand into China and take over its import market. This attitude helped create rising tension with the United States, and American officials ultimately responded with economic sanctions and trade embargoes. Although it seemed war was inevitable, the Japanese preempted the American military with a surprise attack targeting Pearl Harbor, which is 2,000 miles from the U.S. mainland and 4,000 miles from Japan.

Pearl Harbor is a U.S. naval base located near Honolulu, HI. On a Sunday morning on December 7, 1941, just before 8:00 a.m. local time, Japanese fighter planes descended on the base in a surprise attack. Five additional attacks followed throughout the day. The Japanese managed to destroy nearly 20 American naval vessels, which included eight battleships, and more than 300 airplanes. While the military equipment could ultimately be replaced, the more than 2,400 military personnel and civilians who died paid the ultimate price.

It is believed the United States was especially surprised by the attack, as American military leaders felt, if an attack were to take place, it would come from the sea rather than the air. In addition, American intelligence officials were confident that any Japanese attack would take place in one of the European colonies in the South Pacific, such as Singapore or Indochina, which are closer to Japan than Hawaii.

Despite devastating Pearl Harbor, all hopes were not lost that day, and the Japanese could not cripple America's Pacific Fleet. Aircraft carriers were not docked at the base, and the key onshore oil storage, shipyards, repair shops, and docks were left largely intact. From a functional standpoint, the U.S. Navy was able to quickly rebound. However, even 80 years later, the residual emotional effects of the attack continue, particularly among WWII veterans, as well as the family members of those who perished.

\* Got plastic packaging that's a pain to get open? Use your can opener. Run it around the sides to break into your packages. It works!

\* For every side dish that requires extra preparation time, plan for one or two that don't. For instance, if you are preparing a casserole with many ingredients and complicated instructions, serve a package of vegetables that require nothing more than steaming.

\* Wine buyers tip: Experts say to multiply the number of adult guests by a half bottle to determine how many bottles of wine to buy for your holiday gathering. Add an additional glass of wine per guest for every hour after dinner you expect guests to linger.

\* How to peel potatoes: Boil whole potatoes with skin on for 20-30 minutes (depending on the size of your potatoes). You should be able to stick a knife all the way through without resistance. Then remove them to an ice bath for 10 seconds each. The skin will slip right off.

\* "Have kids make their own whipped cream with a jam jar! Fill a screw-top jar (glass, chilled, works really well) halfway with heavy cream, a little sugar and any flavoring extracts you like, then seal and shake. Kids also can make butter with cream in a jar. You may add a pinch of salt instead of sugar, and shake longer." -- A.A. in Florida

VA Expands Assistance to Homeless Veterans

With prices soaring all around us, imagine how bad it must be in places that already had high costs when it came to rental housing. In an effort to help homeless veterans, the Department of Veterans Affairs has updated its grant program to raise assistance caps in housing and subsidies. Specifically, in certain areas, the Supportive Services for Veteran Families (SSVF) rent grant will increase from 35% to 50% of reasonable rent, without a need for recertification for two years. That has to be a huge aid to eligible veterans with families who are seeking stability. Additionally, the length of time a veteran and the family can stay in emergency housing has increased 15 days to a maximum of 60 days. This will be especially helpful in places with few rental vacancies. The SSVF program is a series of grants to private non-profit organizations that provide support services to very-low-income veterans and their families. The role of these non-profits is to get them into permanent housing that includes a lease, either annual or month to month, or even home ownership. They determine eligibility for assistance in part by considering whether the veteran is at risk of becoming homeless without the grant, doesn't have a fixed place to sleep at night and will likely continue in that condition without the grant, or is at risk of becoming homeless within 90 days. If you're a homeless vet with a family or are in danger of becoming homeless, hook up with Supportive Services for Veterans Families as soon as possible. There are several eligibility conditions, and you might qualify for Rapid Rehousing. Call them 24/7 at 1-877-424-3838. You also can call the nearest VA medical center and ask for the Homeless Coordinator. The VA is behind this change so much that it finalized the rule without even waiting for the typical public comment period after publication in the Federal Register.

**Strange BUT TRUE**

By Lucie Winborne

\* During the first Gulf War in 1991, every U.S. soldier was sent a frozen Snickers bar as a Thanksgiving treat.

\* Mario Puzo, author of "The Godfather" books who also helped adapt them to film, had no formal training and had never written a screenplay before. After winning two Oscars for the first two movies, he bought a book to help himself learn how to be a screenwriter.

\* Delaware and Colorado allow a marriage to be annulled if it was performed as a dare.

\* At the center of every snowflake is a pollen or dust particle on which an extremely cold water droplet has frozen to form an ice crystal.

\* "Passion purpura" is the medical term for a hickey.

\* Saccharin, the first artificial sweetener, was discovered by accident when chemist Dr. Constantine Fahlberg forgot to wash his hands after work and tasted something "unspeakably sweet" during dinner. He interrupted the meal to sample every beaker in his lab, which fortunately contained nothing poisonous.

\* The distress signal SOS does not actually stand for anything.

\* "Buffalo buffalo Buffalo buffalo buffalo buffalo Buffalo buffalo" is a grammatically correct sentence using buffalo as a proper noun, verb and noun. To put it more simply: "Buffalo bison that other Buffalo bison bully also bully Buffalo bison."

\* Donald Trump was the first president in 168 years not to have a pet in the White House.

\* It took Frank Lloyd Wright 15 years, 700 sketches and six sets of working drawings to create the Guggenheim Museum in New York.

Thought for the Day: "The more clearly we can focus our attention on the wonders and realities of the universe, the less taste we shall have for destruction." -- Rachel Carson
