THE
LAW
AND
YOU

BY NATHAN D. PACE
ATTORNEY AT LAW

BUSINESS LAW: ITS MANY FACETS

Business law (commercial law or mercantile law) is the body of rules, whether by convention or legislation, that govern dealings between parties in commercial matters. Affecting all aspects of trade and commerce, business law encompasses two distinctive areas: “https://www.britannica.com/topic/regulation” regulation of commercial entities by the laws of “https://www.britannica.com/topic/corporation” company, “https://www.britannica.com/topic/partnership” partnership, “https://www.britannica.com/topic/agency-law” agency, and “https://www.britannica.com/topic/bankruptcy” bankruptcy, and the regulation of “https://www.britannica.com/topic/commercial-transaction” commercial transactions by the laws of “https://www.britannica.com/topic/contract-law” contract and related fields. Business entities range from a single proprietor who solely bears the risks and responsibilities of a business, to a registered company with limited liability, to multinational “https://www.britannica.com/topic/corporation” corporations. Regardless of the type of business or business activity, it's imperative to seek the advice and counsel from an experienced business law attorney for guidance through the process.

At the **Law Office of MACK & PACE**, we counsel and advise numerous business clients in their day-to-day operations, and have helped many a business entrepreneur set up and form the business entity best suited to him or her, be it a sole proprietorship, partnership, corporation, or limited liability company. To schedule an appointment, please call. We also emphasize estate planning, family law, and criminal law.

(585) 798-1000
534 Main St., Suite 6
Medina, NY 14103

Hint: Originally created in Europe to govern transactions between merchants, mercantile law, or business law, originated from a long-standing tradition of the practices of traders throughout history.
