ADULT EDUCATION

Students can earn a diploma, prepare for GED/High School Equivalency testing, and develop academic skills for employment or post-secondary admission. This program features individualized lessons and self-paced study online and in-seat with flexible schedules.

Must be 18 years and older. Classes are FREE for eligible students who test below a 12th grade reading and/or math level or do not have a diploma. A \$30 non-refundable registration fee is required.

Students participate in online learning programs with an in-seat computer lab available, including support from a certified teacher. Computer labs run Monday through Friday 9:30 am – 12:30 pm for daytime students OR Monday through Thursday 6:00 pm - 9:15 pm for evening students. Specific student schedules will be discussed between teacher and student. Virtual only options are available upon request to the teacher. Virtual only students must maintain appropriate progress.

REGISTRATION: Starting January 10, 2022, you may register either online at troy.ce.eleyo.com or with scheduled registration appointments in the building if you cannot register online. To schedule a registration appointment in the building, please contact our registration coordinator, Mary Jo Gale, via the email mjgale@troy.k12.mi.us.

Featuring a rich history in Royal Oak since 1944, Sands Barber Shop has provided generations of loyal customers with the best haircuts, and friendly conversations.

Specializing in children's hair cuts, our barbers cater to the youngest members of your family. Our first time hair cut customers receive a wonderful family keepsake, a special certificate with a lock of their baby hair. A golf set, suckers and a penny bubble gum machine keep our youngest customers busy while the rest of the family gets their hair cut.

We also love and respect our fabulous senior customers who enrich our lives with their words of wisdom. Sands Barber Shop has had the privilege of donating to the WWII Honor Flight Program allowing our veterans to visit the WWII Memorial in Washington, DC. Many of our customers have participated in this program.

Are you looking for an alternative to Total Knee Replacement?

The Uni-Knee implant may be able to help you preserve more of your natural joint.

Because the Uni-Knee Unicompartamental (Uni) implant only replaces the damaged portion of your knee, it preserves more bone than a total knee replacement, which replaces all three compartments of the knee. It also preserves the anterior cruciate ligament (ACL) and posterior cruciate ligament (PCL) - key to the stability and natural motion in your stride.

Backed by a long history of clinical success, the Uni-Knee can be implanted using minimally invasive techniques, which means a smaller incision and the potential for a quicker recovery.

This treatment is not appropriate for everyone; only your orthopedic surgeon can tell if you are a candidate for unicompartamental knee replacement.
