Manage Pain With Massage Therapy

Addiction to opiates is a growing problem in the United States and Canada. Pain relief therapies, such as massage therapy, can be viable alternatives to the prescription pain medicines that often serve as a gateway to illegal drugs such as heroin. Addiction to prescription painkillers is common. The National Institute on Drug Abuse estimates that 4.7 million people in the United States are dependent on painkillers, the sale of which has increased by more than 300 percent since 1999. Retail pharmacies across Canada dispensed 19 million prescriptions for opioids in 2016, which was up slightly from 18.9 million in 2015, according to the health data company QuintilesIMS. When prescriptions to oxycodone, hydromorphone and fentanyl run out, many people turn to heroin as a less expensive and more readily available means of pain relief. NIDA says that up to 7 percent of people who are prescribed opiate or analgesic pain killers will become addicted. To help reduce the over-prescribing epidemic and keep peo-

ple from becoming addicted to pain meds, people can look for other ways to alleviate pain. Massage therapy is a viable option that can work wonders to improve flexibility and offer relief from pain in different parts of the body. In addition to alleviating pain, massage therapy can promote relaxation, reduce anxiety and improve quality of life. Research indicates that massage therapy can reduce the incidence and frequency of back pain, headache and leg pain and can even reduce stress and tension. Massage therapy can be an asset to those with myalgia, carpal tunnel syndrome and other conditions. Researchers at McMaster University in Canada found that massage therapy affects the activity of certain genes, which directly reduces inflammation in muscles, the same results that would occur if a person took pain medication. Researchers tested people who exercised and received massages afterward against a control group, discovering that "massage dampened the activi-

ty of proteins known as inflammatory cytokines, which cause inflammation and pain. It also increased levels of proteins that signal the muscles to produce more mitochondria, the cell structures that produce energy and help muscles recover from activity." A review published in the journal *Clinical Complementary Therapies* in Clinical Practice noted that moderate pressure massage can lead to decreased cortisol levels, helping to reduce stress and anxiety. Massage may help stimulate serotonin products, improving mood and feelings of well-being. Also, according to AMTA, deeper massage stimulates blood circulation to improve the supply of oxygen and nutrients to body tissues while helping the lymphatic system to flush away waste products. It also eases tense and knotted muscles and stiff joints, improving mobility and flexibility. Massage therapy can be a viable alternative for pain sufferers who are reluctant to take potentially addictive prescription pain medications.

COMMUNITY CALENDAR
East Penn Valley & Northern Berks Merchandisers

Any nonprofit organization may send us notification of your upcoming events. We will publish this information in the Merchandisers of your choice for a \$5 flat charge per paper per week.

Community Calendar listings are limited to 35 words or less for the nonprofit cost of \$5 and must be submitted in writing. In addition, we are able to run the event information at No Charge for 1 week in both Merchandisers if a Display Ad is also run. This information must be received no later than the Thursday prior to publication date. Mail information and payment as needed to The Windsor Press Inc. Community Calendar, PO Box 465, Hamburg PA 19526-0465, or email to: classifieds@windsorpress.com, FAX: 610.562.2770, or bring the information into our office at 6 N. Third St., Hamburg, PA. Questions can be directed to the office at 610.562.2267.

AUCTION LISTINGS

READER'S
Recipe

BUTTERNUT BISQUE

3 Tbsp. butter
2 cups diced onion
1 pinch plus 1 tsp. kosher salt
1 (2-lb.) butternut squash
2 Tbsp. tomato paste
1 (32-oz.) carton low-sodium
chicken broth
Pinch cayenne pepper
1/2 cup whipped cream or crème
fraiche, plus more for garnish
2 Tbsp. pure maple syrup
Chopped fresh chives and
pomegranate seeds,
for garnish

Melt butter in a large pot over medium-low heat. Add onion and a pinch
of salt; cook, stirring, until onion is softened, 10 to 15 minutes.
Cut off ends of squash. Carefully halve squash lengthwise and remove
seeds. Peel squash and cut into chunks.
Increase heat to medium-high. Stir in tomato paste; cook, stirring, until
mixture begins to brown and caramelize, about 2 minutes. Stir in
squash, broth, cayenne, and remaining 1 tsp. salt until simmering.
Reduce heat to medium-low; simmer until squash is very tender, 15 to
25 minutes. Reduce heat to low. Blend soup with an immersion blender
until very smooth. Stir in cream and maple syrup.
Garnish servings with a swirl of cream and sprinkle with chives and
pomegranate seeds. (Ungarnished soup keeps in an airtight container
up to 3 days chilled or up to 3 months frozen.
To reheat, thaw overnight in fridge and heat through over medium heat.
