Add your voice to the Rum River Watershed Plan

A view of the Rum River in autumn.

You are encouraged to attend the Mille Lacs Lake Watershed Group public meeting on Monday, Jan. 10 at 6:30 p.m. to be held at the Mille Lacs County Historic Courthouse or via Zoom. You can also respond to an online survey. When you think about the future of our area's water resources, what comes to mind? Do you have concern about their health and that of the farms, forests, prairies, and aquatic habitats they support? Do you desire they provide clean water for drinking and recreation? Do you want protection from floods and extreme weather events? You can share your hopes and concerns by responding now to a new comprehensive plan for the Rum River Watershed.

The state of Minnesota has moved water planning from the county level to the watershed level. This change acknowledges that water flow doesn't follow county boundaries, and it results in a more effective and cohesive plan. This "One Watershed, One Plan" approach has required the cooperative engagement of numerous counties, soil and water conservation districts, and stakeholder groups all the way from Mille Lacs Lake to the river's confluence with the Mississippi. Groups and individuals have come together to blend local knowledge with established state strategies to draft a prioritized, targeted, and measurable plan for the Rum River Watershed.

Your input now will further expand community

involvement in the planning process. This involvement began with kickoff events throughout the watershed that collected insight from people who live, work, and play here. Further input was gathered from three Implementation Advisory Committee meetings that included foresters, members of lake groups, agricultural producers, and representatives of other groups.

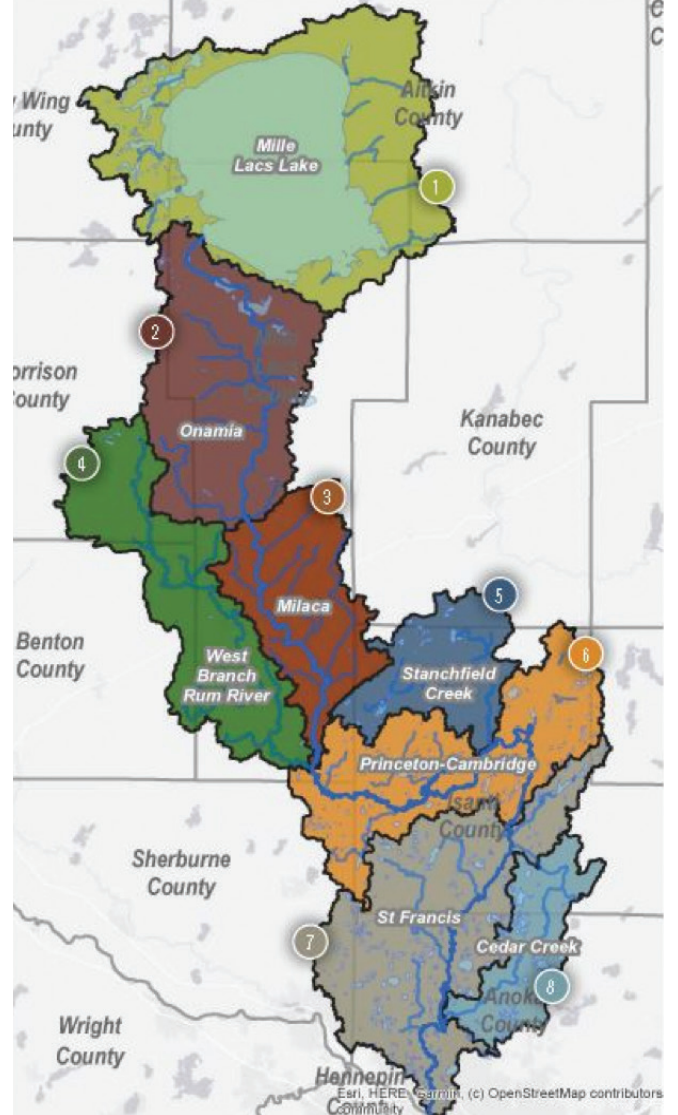

To add your voice to the plan, visit the Rum River One Watershed One plan Website here: www.mille-lacs-wcd.org/rum-river-one-watershed-one-plan

The site provides access to:

1. A plan overview and your own downloadable copy of the plan document;
2. A survey for collecting your written feedback (survey deadline is January 10); and
3. Information about attending the public meeting (virtually via Zoom or in person) to be held at the Mille Lacs County Historic Courthouse 6:30 p.m. January 10.

Your participation will help insure that the plan represents all the interests

Continued on Page 2

The Rum River Watershed includes all the land drained by the Rum River and its tributaries, starting with Mille Lacs Lake in the north and ending at the river's confluence with the Mississippi in Anoka.

Rep. Dale Lueck legislative update

I would like to wish you and yours a Merry Christmas and a successful New Year. As we reflect on this holiday season it's a wonderful time for families and friends to gather to celebrate the many blessings we have received. We had an early Christmas surprise this week. Our oldest son and his wife dropped in for a visit over the holidays. They live in Malaysia, and it appeared we would not be able to gather for Christmas this year.

But to our surprise they are now here in the frosty north enjoying our brisk weather. Quite a change from a climate were anything below 70 degrees is cause for putting a sweater on. This past year has been trying in many ways, as we continue to wrestle COVID to the mat. While it remains perplexing, we are steadily making progress on getting the upper hand with this virus. I remain optimistic that 2022 will be a wonderful year in

which we will see major progress in Minnesota and across our nation in finally putting the pandemic into the rear-view mirror. Again, best wishes to you and your family this Holiday Season. Weekly updates will be back right after the 1st of the year. Enjoy, be safe and please be kind. **Representative Dale Lueck Minnesota House District 10B**

The ballot box

If good and evil are two wolves fighting within us, the one that wins, is the one that's fed. Tim the "Minnesota Mistake" allowed Minneapolis to burn. He failed to act, in fact, he gave his adult daughter access to confidential information that she shared with the public and rioters. 550 million dollars in damages, two lives lost, and it's let's move on, nothing to see here. Walz was not capable of making a decision for four days. If we allow the "Minnesota Mistake" to continue, we feed his evil wolf, and Minnesota is the

meal. It takes our voices, our determination, our strength, to peacefully end his career, again, those in power, those in control, concede nothing without a demand. Walz must concede and We the People must demand his immediate resignation. If you have called, if you have emailed, if you have made your demands on social media, thank you, but the fight is not over. The MN GOP remains silent, Gazelka and Jensen are not the candidates MN needs. A seven-billion-dollar surplus is not a success, it's massive

over taxation and they won't do anything about it. Walz has announced his re-election bid; after the relentless high-pressure sales pitch and threats to get vaccinated, our fully vaccinated Governor has contracted the virus. What was Walz attempting to accomplish the last two years? The Christian thing to do would be to forgive Walz, with separation of church and state, accountability is Walz's only option, without Walz's resignation, our only option is the ballot box. **Kelly Avelsgard, Deerwood**

Usher in health in the New Year

First Day Hikes will take place at six Minnesota state parks on Saturday, Jan. 1, as part of a nationwide effort to connect people with the outdoors. Individuals, families and groups in all 50 states will have an opportunity to enjoy guided hikes that vary in distance and difficulty. The event offers visitors an opportunity to celebrate the New Year amidst

local nature and history. The Minnesota hikes will take place at:
 Mille Lacs Kathio State Park (Onamia), 1-2 p.m.
 Itasca State Park (Park Rapids), 1-3 p.m.
 Lake Bemidji State Park (Bemidji), 1-3 p.m.
 Minneopa State Park (Mankato), 10-11 a.m.
 Whitewater State Park (Altura), 1-3 p.m.
 William O'Brien State Park (Marine on St. Croix), 10-11:30 a.m.
 To learn more about each hike, including whether pre-registration is required and where to meet, visit the First Day event webpage at https://www.dnr.state.mn.us/state_parks/event.html?id=67535.

First Day Hikes are free, but a vehicle permit (\$7 for a one-day permit or \$35 for a year-round permit) is required to enter Minnesota state parks. Visitors should dress for the weather — ideally in layers that can be shed.
 For those who wish to extend their First Day visit into multiple days, check the state park reservation page at <https://reservmn.usedirect.com/MinnesotaWeb/> to see if overnight accommodations are offered.
 For more information, including any event changes or cancellations due to weather, check the visitor alert on the park's web page, email dnr@state.mn.us or call the DNR Information Center at 651-296-6157 or 888-646-6367.
 First Day Hikes started in 1992 in Massachusetts, and became a nationwide event in 2012.

Hollister Family Farm honored

Individual landowners are leading efforts to protect the land and waters in Minnesota; the Hollister Family Farm was recognized recently at the state level.
 On December 14, the Hollister Family Farm was honored as an outstanding conservationist(s) at the Minnesota Association of Soil and Water Conservation Districts (MASWCD). The Crow Wing Soil and Water Conservation District (SWCD) nominated them for the Award.
 Each year, the state's SWCDs recognize individu-

als and organizations for outstanding accomplishments in implementing conservation practices and improving Minnesota's natural resources. The Farmer magazine sponsors this award ceremony.
 The Hollister's have transformed 80-year-old highly intensive soybean and corn farmland into perennial vegetation with 40 paddocks for cattle and sheep to rotate through.
 They raise 60 cows on 120 acres to the direct consumer. The intense rotational management system has in-

creased the farm soil organic matter and improved water percolation.
 The SWCD proudly nominated the Hollister Family Farm for the incredible conservation work they have done on their farm and for supporting other farmers with the implementation of soil health practices. The SWCD Board and staff congratulate the Hollister Family Farm on their conservation effort and the Award.
 For more information, visit cwsxcd.org or call 218-828-6197.

The Hollister Family Farm, owned and operated by Brea (left) and Abe (center) Hollister in rural Brainerd was honored as an outstanding conservationist(s) at the Minnesota Association of Soil and Water Conservation Districts (MASWCD). Seat to the right is Leonard Koering, SWCD Treasurer, District 1.
