Brusha, Brusha, Brusha
FOR A WHITE & BRIGHT SMILE

FEBRUARY IS NATIONAL CHILDREN'S DENTAL HEALTH MONTH. To celebrate, we're offering you tips on how to keep your child's teeth healthy, white and bright. Remember brushing, flossing, a healthy diet and regular dental visits are necessary for healthy smiles.

Cut out these instructions AND tape THEM to your bathroom mirror, so your child can practice brushing and flossing correctly.

How to Brush

- Put a small amount of toothpaste on your toothbrush.
- Brush every tooth in a circular motion using an up and down motion.
- Make sure you reach all of your top and bottom teeth.
- Remember to brush where you chew: along the top and bottom back teeth.
- Clean your teeth this way two times every day.

How to Floss

- Pull out enough floss, about 18 inches.
- Wrap the floss around your middle fingers.
- Gently guide the floss between two teeth using thumbs and index fingers.
- Wrap the floss against the side of the tooth to prevent hurting your gums.
- Slide the floss under the gum-line and then move it up and down, rubbing the side of the tooth.

National FFA WEEK

JOIN US AS WE CELEBRATE ALL THINGS FFA AND AGRICULTURAL EDUCATION

**FEBRUARY
19 - 26**

MOC-FV

THE LETTERS "FFA" stand for Future Farmers of America. These letters are a part of our history and our heritage that will never change. But FFA is not just for students who want to be production farmers; FFA also welcomes members who aspire to careers as teachers, doctors, scientists, business owners and more. For this reason, the name of the organization was updated in 1988 after a vote of national convention delegates to reflect the growing diversity and new opportunities in the industry of agriculture.

Today, the National FFA Organization remains committed to the individual student, providing a path to achievement in premier leadership, personal growth and career success through agricultural education.

FFA continues to help the next generation rise up to meet those challenges by helping its members to develop their own unique talents and explore their interests in a broad range of agricultural career pathways. So today, we are still the Future Farmers of America. But, we are the Future Biologists, Future Chemists, Future Veterinarians, Future Engineers and Future Entrepreneurs of America, too.
